Village - Jyoraha, Tehsil - Lavkushnagar,
Dist. Chhatarpur, (MP) – 471516

Sub: Case No. – 7795/2020 Prior Environment Clearance for Stone Quarry in an area of 1.969 ha. for production capacity of 100000 cum per annum at Khasra No. 4595/7, 4595/8, Village - Gahbara, Tehsil - Gaurihar, Dist. Chhatarpur, (MP) by Shri Aniruddha Singh S/o Shri Vijay Singh, Village - Jyoraha, Tehsil - Lavkushnagar, Dist. Chhatarpur, (MP) – 471516.

The case was discussed in 687th SEIAA meeting dtd 30.09.2021 and it has been recorded that

"The case was recommended in 512th SEAC meeting dated 07.09.2021 and it was recorded that....."

"The case was placed before the committee for discussion. Committee observed that SEAC has submitted its recommendations as per their 463rd meeting dated 04/10/20. It was further observed by the committee that PP has submitted online application (SIA/MP/MIN/173197/2020) as B2 case and same was accepted by authority and forwarded to SEAC for appraisal. SEAC appraised the case on the basis of information provided by the PP/ their RQP and submitted documentary evidences with the application. Thus committee after deliberations recommends that as per the decision of SEIAA communicated by letter no. 1729 dated 24/08/21, if it is a clear cut case of category B1, PP may be asked to reapply for grant of TOR accordingly in prescribed formats and case file may be sent to SEIAA."

After detailed discussion, it is observed that SEAC during its earlier appraisal wrongly interpreted as case of non-homogeneous mineral whereas, the other mine was located within the 500 m periphery of the proposed mine. Now it is observed that, it is a clear cut case of Category-B1 due to homogeneous mineral within the 500m periphery of the proposed mine as observed by SEAC during re-appraisal. In the light of above facts, the case is hereby closed. PP may apply afresh for ToR through parivesh portal. Copy to SEAC and PP.."

As per above decision, you are informed that your case is hereby Closed. PP may apply afresh for ToR through parivesh portal.
