No. 177/EPCO-SEIAA/11
Date: 10-6-11

To
M/s Lucky Enterprises
Plot no 33/4, Kumerdi Narwal Kanked,
Sector- F, Industrial Area,
Sanwer Road,
Indore, MP

Sub: Case no. 88/2008. Regarding Prior Environmental Clearance to M/s Lucky Enterprises
Plot no 33/4, Kumerdi Narwal Kanked, Sector- F, Industrial Area, Sanwer Road, Indore,
MP

Ref: Your letter no nil dtd 12.05.08

This has reference to your above mentioned application regarding Prior Environmental Clearance for reclaiming of Lead Ingots through Lead Acid Battery Recycling Production: Lead Ingot 1000 MT/Year from Lead Acid Batteries.

In the 56th SEIAA meeting dtd 07-04-11, the Authority while scrutinizing the documents has observed from information provided by the proponent in form-1 that indicated the project site is located at industrial area Sanwer Road, Indore which is Critically Polluted area. The notification of MoEF, GoI dtd 14th September 2006 mentions General conditions that any project or activity specified in Category 'B' will be treated as Category 'A' if located in whole or in part within 10 km from the boundary of critically polluted areas as notified by CPCB from time to time. Hence, the project would be treated as Category 'A' and a decision for Prior Environmental Clearance will be taken by MoEF, GoI.

The Authority decided to return the application along with all the documents to the Project Proponent.

In the light of above we are returning all the documents along with your application.

Encl: As above

(Praveen Garg)
