Ref: Your application dated 20.06.2013

With reference to above the case was discussed in 145th SEIAA meeting dtd 31.08.2013 and it has been recorded that

.....it was noted that the PP has submitted a letter vide no. nil dtd. 20.06.2013 received in SEIAA office on 03.07.2013 and requested for amendment in the prior EC letter by changing the mining method, because the subjected quarry is being operated by opencast and mechanized method.

It was noted that in support of his request the PP has submitted that the mining method is mentioned as Open cast and mechanized at various places in the respective records submitted for prior EC, which is given here under -

Form 1	S.No. 1.1
PFR	pg-8
EIA Report	Ch- 2.8, 2.11
Presentation before SEAC	pg-5

In context of above it was found that there are enough documentary facts to consider the request of PP, hence, request is justified.

It was decided to substitute the sentence mentioned at Para 2 of the EC letter vide L no. 80 dtd. 11.06.2009..... "Method of mining will be open cast manual involving drilling and blasting" namely **"Method of mining will be open cast and mechanized"** and inform with the amendment to PP and all concerned accordingly.

In context of above, you are hereby informed that after amendment the mining method mentioned at Para-2 of the Prior EC letter issued by SEIAA vide No. 80 dated 11.06.2009 shall now be read namely, **"Method of mining will be open cast and mechanized"** in place of "Method of mining will be open cast manual involving drilling and blasting".
