

## MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

The 153<sup>rd</sup> meeting of the State Expert Appraisal Committee (SEAC) was held on 21<sup>st</sup> October, 2014 under the Chairmanship of Dr. R. B. Lal. The following members attended the meeting-

1. Shri K.P. Nyati, Member
2. Shri A.P. Srivastava, Member
3. Shri M.P. Singh, Member
4. Shri Manohar K. Joshi, Member
5. Shri Rameshwar Maheshwari, Member
6. Shri A.A. Mishra, Secretary

The Chairman welcomed all the members of the Committee and thereafter agenda items were taken up for deliberations.

### **Discussion and decision taken on miscellaneous issues:**

It was observed by the committee that in some of the mining projects the sites are not being visited by the consultants under such circumstances factual site details are at times not clear. Hence it was decided by the committee that every consultant presenting the case before the SEAC shall ensure that all the factual information of the proposed mining sites are available with them while presenting their case before the committee. The consultants are required to submit an undertaking along with a brief site-visit report in this regard.

- 1. Case No. – 1225/2013- Shri Manish Bagga, 15, Nai Basti, Scheme No. – 2, Near Daspur Kunj, Mandsaur, Distt. – Mandsaur (M.P.) – 458001 Stone Quarry Lease Area – 0.500 Ha., at Mundrib No.- 750, Village– Palevana, Tehsil- Malhargarh, Distt. – Mandsaur (M.P.) Capacity – 1,000 Cu.M. Per Annum. Lease Period – 02 Year.**

This is a case of mining of stone. The application was forwarded by SEIAA to SEAC for appraisal. The proposed site is located at *at Mundrib No.- 750, Village– Palevana, Tehsil- Malhargarh, Distt. – Mandsaur (M.P.)* in 0.5 Ha. The project requires prior EC before commencement of any activity at site.

PP has submitted a copy of approved Mining Plan, letter from Mining Officer certifying the leases within 500 meters radius around the site and requisite information in the prescribed format duly verified by the Tehsildar and DFO. It was reported by the concerned Mining Officer, no mines are operating/proposed within 500 meters around the proposed project site. PP has reported that the pit formed after mining shall be developed into a water body. The EMS and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions:

1. The amount towards reclamation of the pit and land in MLA shall be carried out through the mining department the appropriate amount as estimated for the activity by mining department has to be deposited with the Collector to take up the activity after the mine is exhausted.

## MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

2. The mined out pits shall be developed into water body being appropriately fenced and with safe stairway.
3. PP shall be responsible for discrepancy (if any) in the submissions made by the PP to SEAC & SEIAA.
4. Air pollution control measures for crusher have to be installed as per the recommendation of MPPCB.
5. Transportation of material shall be done in covered vehicles.
6. Curtaining of site shall be done using appropriate media.
7. Production of stone boulder shall be as per the mining plan not exceeding  $1000 m^3/Year$ .
8. The proposed plantation should be carried out along with the mining and PP should take care that these plants attain full growth.
9. Transportation shall not be carried out through forest area.
10. PP shall take CSR activities in the region through the Gram Panchayat.
11. Validity of the EC shall be for 05 years only.

**2. Case No. 1261/2013 Shri Meharban Singh, Vill.- Ramakhedi, Teh.-Badod, Distt.- Shajapur (M.P.) Pin – 465550 Qry Reply PP req. Inf. Submission. Environment Clearance for approval of 02.00 Hectare Stone/Boulder Quarry at Vill.-Guradia Badod, Teh.-Barod, Dist.- Shajapur (M.P.)**

This is a case of mining of stone. The application was forwarded by SEIAA to SEAC for appraisal. The proposed site is located at *at Vill.-Guradia Badod, Teh.-Barod, Dist.- Shajapur (M.P.)* in 2.0 Ha. The project requires prior EC before commencement of any activity at site.

PP has submitted a copy of approved Mining Plan, letter from Mining Officer certifying the leases within 500 meters radius around the site and requisite information in the prescribed format duly verified by the Tehsildar and DFO. It was reported by the concerned Mining Officer, vide letter no 321 dated 27/08/2014 that no mine is operating/proposed within 500 meters around the proposed project site. PP has reported that the pit formed after mining shall be developed into a water body. The EMS and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions:

1. The amount towards reclamation of the pit and land in MLA shall be carried out through the mining department the appropriate amount as estimated for the activity by mining department has to be deposited with the Collector to take up the activity after the mine is exhausted.
2. The mined out pits shall be developed into water body being appropriately fenced and with safe stairway.
3. PP shall be responsible for discrepancy (if any) in the submissions made by the PP to SEAC & SEIAA.
4. Air pollution control measures for crusher have to be installed as per the recommendation of MPPCB.
5. Transportation of material shall be done in covered vehicles.
6. Curtaining of site shall be done using appropriate media.

## MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

This is a case for prior EC for River sand mining from a lease area of 10.00 Ha. The application for the prior EC was forwarded by SEIAA to SEAC for appraisal and necessary recommendations. The submissions and the presentations made by the PP and his consultant reveals following-

➤ The site is located on the banks of River Ambari at *Khasra No. – 420 at Village-Guda, Tehsil-Katthiwada, District-Alirajpur (M.P.)*

It was reported by OIC, Khanij Shakha, Alirajpur that no mine is operational within 1 Km from all peripheries of the said project site.

After deliberations it was observed by the committee that several river-bed sand mining projects have been proposed in Alirajpur District. The maps and documents furnished by the PP in individual projects could not reveal the relative locations of different sand quarries and also it is essential to examine various aspects of the river sand mining including:

- Possible impacts from vehicle movement in the existing road net-work.
- Impacts from the enhanced activities around rivers due to deployment of mine-workers at mining sites.
- Impacts from loading / unloading of materials at river banks.
- Miscellaneous other relevant issues pertaining to river sand mining.
- Possibility of cluster (s) of sand mining can not be ruled out in such an area.

In light of above facts, it was decided by the committee to visit the sand mining sites in District Alirajpur including this site, through a sub-committee.

**6. Case No. – 1797/2014 Shri Rajendra Rathore S/o Shri Shobharam Rathore, Alirajpur, Tehsil & District-Alirajpur (MP)-457887 Bhardia River Sand Quarry Lease Area –10.00 ha., Khasra No. – 866 at Village-Bhordiya, Tehsil-Sondwa, District-Alirajpur (MP) Lease Period – 05Year, Capacity – 228000 Cu.mt./Year.**

This is a case for prior EC for River sand mining from a lease area of 10.00 Ha. The application for the prior EC was forwarded by SEIAA to SEAC for appraisal and necessary recommendations. The submissions and the presentations made by the PP and his consultant reveals following-

➤ The site is located at *Khasra No. – 866 at Village-Bhordiya, Tehsil-Sondwa, District-Alirajpur (MP).*

## MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

*Survey No.- 7, Village - Bhojpura, Tehsil – Orchha, Distt. – Tikamgarh (M.P.) Capacity – 70,000 Cu.M/Year, Lease Area – 2.00 ha. Lease Period – 10Years*

PP submitted that the proposed project is located near inter-state boundary and the distance of the project boundary is less than 05 km from the M.P.- U.P. interstate boundary. Thus by virtue of its location the project falls under category 'A' as per the provisions of the EIA Notification. Accordingly PP wishes to withdraw the application from MPSEIAA and submit the same to MoEF, Delhi. Based on the submission of PP committee decided to accept the request of PP and recommends delisting the same.

**14. Case No. – 920/2012 Smt. Sangeeta Sharma, 77, Sawan Nagar, Lalghati, Bhopal , (M.P.) PP req Submission/ inf. Dt. 25/09/14 E.C. for approval of 03.670 Hectares Renewal Stone/Boulder Quarry at Vill.-Barkheda Bondar, Teh.-Huzoor, Dist.-Bhopal Absent in 112<sup>th</sup> 114<sup>th</sup> 117<sup>th</sup> 118<sup>th</sup> and 124<sup>th</sup>.**

This is a case of mining of stone. The application was forwarded by SEIAA to SEAC for appraisal. The proposed site is located at *Vill.-Barkheda Bondar, Teh.-Huzoor, Dist.-Bhopal* in 3.670 Ha. The project requires prior EC before commencement of any activity at site.

PP has submitted a copy of approved Mining Plan, letter from Mining Officer certifying the leases within 500 meters radius around the site and requisite information in the prescribed format duly verified by the Tehsildar and DFO. It was reported by the concerned Mining Officer, Bhopal vide letter no 2223 dated 18/09/2014 that 01 more mine is operating/proposed within 500 meters around the proposed project site which also belongs to the same PP. The cumulative lease area of all the mines including the proposed mine is 7.87 Ha (less than 25 Ha). PP has reported that the pit formed after mining shall be developed into a water body. The EMS and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions:

1. The amount towards reclamation of the pit and land in MLA shall be carried out through the mining department the appropriate amount as estimated for the activity by mining department has to be deposited with the Collector to take up the activity after the mine is exhausted.
2. The mined out pits shall be developed into water body being appropriately fenced and with safe stairway.
3. PP shall be responsible for discrepancy (if any) in the submissions made by the PP to SEAC & SEIAA.
4. Air pollution control measures for crusher have to be installed as per the recommendation of MPPCB.
5. Transportation of material shall be done in covered vehicles.
6. Curtaining of site shall be done using appropriate media.
7. Production of stone boulder shall be as per the mining plan not exceeding 15000 m<sup>3</sup>/Year.
8. The proposed plantation should be carried out along with the mining and PP should take care that these plants attain full growth.
9. Transportation shall not be carried out through forest area.
10. PP shall take CSR activities in the region through the Gram Panchayat

## MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

- The distance of Air Force installations has been shown to be about 9.0 Km from the site in the application form, whereas the same was reported to be more than 10 Km. The issue needs clarification.

**20. Case No. – 1805/2014** M/s Sterling Globe Builders through Director, Shri Sanjeev Sabherwal, Opp. Hanuman Nagar, Jatkheri Road, Near Hoshangabad Road, Tehsil – Huzur, Distt. - Bhopal, *Sterling Globe Grand M/s Sterling Globe Builders at Khasra No.– 460 Village – Opp. Hanuman Nagar, Jatkheri Road, Near Hoshangabad Road, Tehsil – Huzur, Distt. - Bhopal Total Plot Area- 12600 Sq.mt Total Built up Area – Env. Consultant: M/s In Situ Enviro Care, Bhopal (M.P).*

This is a township development project. The scrutiny of the case reveals certain discrepancies in the total built-up area. It was submitted by the PP that the total built-up area is more than 20000 m<sup>2</sup> and therefore EC is required for the project, but area statement submitted in the documents reveals the built-up of less than 20000 m<sup>2</sup>; hence PP was asked to get the clarification endorsed from SEIAA. The case was deferred till then.

**21. Case No. – 1721/2013** M/s Agrawal Builders & Colonizers Co. through Partner Shri Sudhir Kumar Agrawal, E-4/231, Arera Colony, Bhopal, (M.P.) – 462016 SEIAA letter no. 1142 dt. 24/09/14 Rec. Dt. 25/09/14. *Residential Project Proposed by M/s Agrawal Builders & Colonizers Co. through Mrs. Archana Agrawal W/o Sh. Sudhir Kumar Agrawal at Khasra No. – 14/1/3, 182/14/3, 14/1/2/5, Patwari Halka No.- 20, Village – Hathaikheda, Tehsil – Huzur, Distt. – Bhopal (M.P.) Total Plot Area – 32480 sq. mt., Total Built up Area – 39631.25 Sq.Mt. for Multi Unit ( HIG Flats- 172, MIG Flats- 128, LIG Flats- 84, EWS-32), Duplexes (63), Community Hall & Convenient shops.*

This is a township development project comprising of built up area of 39631.25 m<sup>2</sup> in 32480 m<sup>2</sup> of plot area. The project is covered as item no. 8 (a) in the schedule of EIA Notification. The project requires prior EC from MPSEIAA before commencement of any activity at site. Application was forwarded by the MPSEIAA to SEAC for appraisal and necessary recommendation.

Case was discussed 142<sup>nd</sup> SEAC Meeting dt. 11/09/13. Whereby, PP was asked to submit response to certain queries. Later it was brought to the notice of the committee that construction activity has been initiated at site and about 25% of total construction has been completed hence PP was asked to submit resolution along with an evidence regarding credible action as per the MoEF O.M. no J- 110131/41/2006 ó IA- II (I) dated 12/12/2012 and dated 27/06/2013 through SEIAA. PP has submitted response to the queries along with the requisite documents. The case was discussed in the meeting and the submitted documents were examined by the committee. It was observed that PP is still required to submit clear response to following queries:

- Options for disposal of excess treated waste-water and relevant permission for the same from Municipal Corporation.
- Consent from Municipal Corporation for disposal of MSW.
- Consent from Municipal Corporation for water supply for the project.

**22. Case No. – 1806/2014** M/s Balaji Pvt. Ltd. Through Director Shri Mohit Airen, 305, Utsave Avenue, 12/5, Ushaganj (Jaora Compound) Indore- 452001 SEIAA letter no. 1166

## MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

dt. 27/09/14 Rec. Dt. 01/10/14. *Expansion of SSP/GSSP fertilizer at Plant at Plot No. 24 A, 23 B, Industrial Area Phase-I, A.B. Road, Dewas (M.P.)* 1. SSP/GSSP: 1,20,000 MTA(Existing Capa. – 45,000 MTA + Proposed Capacity 75,000 MTA)2. ZnSo4 / MnSo4: 3,000 MTA (Existing Capacity MTA + Proposed Capacity- Nil )**Env. Consultant: M/s Kadam Environmental Con. Vadodara (Guj.). For – ToR.**

This is project pertaining to expansion in the existing SSP/ GSSP plant from existing production capacity of 45000 MTPA to 120000 MTPA and existing capacity of 3000 MTPA of ZnSO<sub>4</sub> / MnSO<sub>4</sub>. Production of Sulphuric Acid is not proposed in the project. The project is covered under EIA Notification as item 5 (a) of the Schedule of the said notification. Application has been forwarded by SEIAA to SEAC for scoping so as to determine TOR to carry out EIA and prepare EMP for the project. After deliberations committee has approved the TOR with inclusion of the following additional TOR to carry out EIA / EMP for the project:

1. Base-line data already collected by the PP can be used in the EIA with 15 days post-monsoon monitoring so as to validate the collected data.
2. All sources of the raw material existing / proposed to be used in the manufacturing have to be mentioned with details of origin of the Rock Phosphate.
3. Test report of the Rock Phosphate being used and/or proposed to be used especially w.r.t. uranium has to be furnished and discussed in the EIA report along with EMP if required.
4. Ground / Surface waters and soil samples shall be analyzed for relevant parameters including PH and Fluoride in particular. The results shall be explained and discussed in the EIOA report and if required appropriate EMP has to be planned for the same.
5. Compliance of the consent conditions to be submitted after due validation from the MPPCB.
6. Ensured water supply has to be mentioned with supporting documents for the same.
7. Public Hearing has to be conducted as per the provisions of EIA notification.

**23. Case No. – 1807/2014 M/s Venus Alloys Pvt. Ltd., Director Shri S.M. Jain, 67, Industrial Area, Mandsaur, Distt. - Mandsaur - 458001.** SEIAA letter no. 1168 dt. 27/09/14 Rec. Dt. 01/10/14. *M/s Venus Alloys Pvt. Ltd. (Unit-2), at Patwari Halka No. – 12, Khasra No. 612/1/1, Village- Fatehgarh, Tehsil Dalauda, Distt. – Mandsaur (M.P.), Product & Capacity – M.S. Ingots/Billets – 84000 TPA and TMT Bar- 77700 TPA. Env. Consultant: Not mentioned. For – ToR*

This is project pertaining to production of M.S. Ingots / Billets to the tune of 84000 TPA and bars with production capacity of 77700 TPA. The project is covered under EIA Notification as item 3(a) of the Schedule of the said notification. Application has been forwarded by SEIAA to SEAC for scoping so as to determine TOR to carry out EIA and prepare EMP for the project. After deliberations committee has approved the TOR with inclusion of the following additional TOR to carry out EIA / EMP for the project:

1. Base-line data already collected by the PP can be used in the EIA with 15 days post-monsoon monitoring so as to validate the collected data.
2. All sources of the raw material existing / proposed to be used in the manufacturing have to be mentioned with analysis report of raw material.

**MINUTES OF STATE EXPERT APPRAISAL COMMITTEE**  
**153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014**

3. Ensured water supply has to be mentioned with supporting documents for the same.
4. Two stage collection for emissions to be planned and submitted with EIA/EMP.
5. Water balance with justification for quantum of water proposed to be used at every stage has to be provided.
6. Public Hearing has to be conducted as per the provisions of EIA notification.

**Discussion on the query reply and other matters submitted by PP / referred by SEIAA**

- 1. Case No. - 477/2008** Shri Nimish Arora, Director M/s Aarone Developers Pvt Ltd 6th Floor, Office Tower, Select City Walk A-3, District Centre Saket, New Delhi- 110 017 - "County Walk " Area Development Project at Village- Zalariya, Plot Area 80.811 ha. Distt- Indore. (M.P). SEIAA- letter. 155<sup>th</sup> SEIAA Meeting dt. 08/08/14.

The project has been recommended by the SEAC for grant of EC in earlier meeting. The matter has been referred back to SEAC for comments on the issue of violation of the provisions of EIA Notification by the PP. It is observed by committee that the matter pertaining to the violation of EIA Notification has been dealt by the visiting sub-committee and the same has been endorsed by the committee. Accordingly committee recommends that the case may be considered for grant of EC only after credible legal is ensured against the PP as per the provisions of MoEF O.M. dated 12/12/2012.

- 2. Case no. - 720/2012** Smt. Manisha Nayak, M/s Sohini Agency Pvt. Ltd., Nayak House, 114 Manbhawan Nagar, Madaorao Sindhiya Chauraha, Indore (M.P.) - Bijaiyan Laterite & Quartz Deposit Mine at Khasra No. - 59 Part, 88 Part, 90 Part, 91 Part, and 92 Village ó Bijaiyan, Tehsil ó Sihora, Distt. ó Jabalpur (M.P.) **Area- 16.87 ha**, Capacity & Minerals: Laterite & Quartz mine ó 10,000 MTPA.- Qry Reply SEAC 140<sup>th</sup> meeting dated 30/08/2014.

The case was discussed in the 140<sup>th</sup> Meeting dated 30/08/2014 whereby the PP was asked to submit the following information along with the supporting documents:

- Plan for storage and transportation of Quartz.
- Revenue map showing the position of Reservoir.

Query response submitted by the PP was placed before the committee. It was found that the revenue map was not clear the PP may therefore be asked to furnish a clear revenue map for further necessary action in the matter.

- 3. Case No. 818/2012-** Mr. Mahesh Manwani, Director, " Alpine Greenage" of M/sHimanshu Infrastructure Pvt. Ltd." A 2, IInd Floor, Above Metro Shoes, Ravishankar Market, Bhopal (M.P.) - " Alpine Greenage" of M/s Himanshu Infrastructure Pvt. Ltd." Khasra No. 529 (Old No.- 47/1/2/1), 530 ( Old No. 47/1/1) Village -Gehukheda, Tehsil - Huzur, Distt. - Bhopal (M.P.) **Total Land Area - 34,400.00 Sq.m. ( 3.44 Ha.), Total Built-up Area - 27334.22 Sq.m.** SEAC 104<sup>th</sup> meeting dated 28/09/2014

Project was placed in the 104<sup>th</sup> SEAC Meeting whereby it was observed that the land proposed for the project has not yet been transferred to the proponent. Hence committee decided to defer the case till submission of the land ownership documents. The requisite information has been submitted by the PP hence may called upon for presentation in the next meeting.

## MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

- 4. Case No. – 693/2012** Shri M.G. Chobey, Engineer- in Chief Department of Water Resources, Tulsi Nagar, Bhopal (M.P.) *Mohgaon Medium Irrigation Tank Project Catchment Area- 234.00 Sq.km., Net Catchment Area - 180 Sq.km., Gross Storage Capacity – 34.465 MCM, Live Storage Capacity – 30.1855, Gross Command Area – 2725.00 ha.Cultivable Command Area 2485 ha., at Village – Bhumma, Tehsil – Sausar, Distt. –Chindwara ( M.P.) - Query regarding Case was discussed 147 SEAC meeting dated 02/08/2014.*

PP wish to withdraw the project in view of the amended EIA notification dated 25/06/ 2014. According to which River Valley Projects with CCA less than 2000 Ha shall not require EC. Accepting the request of PP Committee decided to recommend the case for delisting.

- 5. Case No. – 698/2012** Shri S.L Jain, Chief Engineer, Dhasan Ken Basin, Department of Water Resources, Sagar Distt. Sagar (M.P.) *Panchamnagar Medium Irrigation Project Proposed 9900 ha, .area for irrigation, GCA 14260 ha. Catchment Area-589.24 Sq.km., at Village – Near village Pagara, Tehsil –Banda Taluka, Distt. – Sagar (M.P.)*

The case was dealt in the 147<sup>th</sup> SEAC meeting dated 02/08/2014, where by PP was asked to submit response to the following queries:

1. Details of financial break up for each of the activities to be taken up for implementation of EMP are to be submitted.
2. It was reported by the proponents that a part of the land under acquisition for the project in submergence area is subjudice in High Court. PP is required to submit a detailed note on the status of the same.
3. Analyses of water and soil samples to be reviewed / re-checked w.r.t TDS / conductivity and submitted along with the justification for the analytical results.
4. Drinking water supply is also proposed from the project; detailed plan for the same to be furnished.
5. Point-wise public hearing issues vis-à-vis response from the project proponent & the details thereby has to be furnished. The EIA/EMP has to be revised incorporating the conclusions of the Public Hearing.

PP has submitted response to the queries and the same was placed before the committee in this meeting.

Presentation and the submissions made by the PP were found to be satisfactory and acceptable; hence committee recommended the project for grant of prior EC subject to the following special conditions:

1. The soil removed during the excavation will be stacked separately and will be used for the green belt development only.
2. Regular check up camps shall be organized by the department to check water borne diseases in the villages in vicinity of the Dam.
3. Efficient irrigation systems should be promoted in the command area as Social Responsibility by the trained staff of the department.
4. All commitments pertaining R&R and public hearing shall be mandatory on part of PP.
5. Periodic soil/water testing shall be carried out in the command area and report to be submitted to Ministry of Agriculture with essential remarks.

- 6. Case no. 709/2012** Shri Sankatha Prasad Dwivedi, P.O. & Village – Goraiya, Tehsil – RampurBaghelan, Distt. – Satna (M.P.) *Janardanpur Limestone and Laterite Mine along with*

## MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

Crusher Khasra No. 485, 486, 487, 489, 490, 491, 492, 496, 499, 500, 501, 505, 506, 507 & 508 at Village- Janardanpur Tehsil – Rampur Baghelan, Distt. – Satna (M.P.) **Proposed Capa. – 0.40 MTPA (0.30 MTPA lime stone & 0.10 MTPA reject stone), Lease area – 25.256 ha. Extension of ToR Validity**

ToR issued vide letter no. 552 dt. 17/09/12. (SEAC 98<sup>th</sup> meeting dated 23/07/2012) (ToR Valid up to 16/09/14).

The validity of the TOR has expired on 16/09/2014. PP has applied for extension of same vide letter dated 17/09/2014. It is reported that the draft EIA report is complete and Public Hearing is pending for want of approved Mining Plan from IBM, which is awaited. Based on the PP's request and in light of MoEF O.M. dated -----, PP's request may be accepted and validity may be extended for one more year from 17/09/2014, with following condition:

1. Data used in the report should not be older than 2 years.
2. All other terms shall be same as in earlier tor letter dated 17/09/2012.

**7. Case No. – 1730/2013** M/s Kesar Multimodel Logistics Ltd., through ShriRameshaNayak, Head Projects Oriental House 7, Jamshedji Tata Road, Churchgate, Mumbai (M.S.)400020 **Proposed Expansion of “ Composite Logistics Hub ” of M/s KesarMultimodelLogistics Ltd., at Village – Byavara&Rasailpur, Tehsil – Hoshangabad, Distt. – Hoshangabad(M.P.) Total Plot Area – 357337 Sq. Mt., Built up Area – 70030 Sq. Mt., ConcessionAgreement: Beetween M.P. State Agricultural Marketing Board ( Mandi Board ) And M/s KesarMultimodel Logistics Ltd., Concession Period: The Licence is for a period of 33 years andextendible for further 15 years QrySEAC 145<sup>th</sup> meeting dated 07/11/2014**

After deliberations PP was asked to submit clarification on the following points along with the supporting documents:

- Point-wise compliance duly validated by MPPCB to be submitted, especially the status of construction, green area developed etc.
- Water budget of the project seems to be on lower side the same needs to be reviewed and submitted.
- Provision of Green Area in at least 20 % of total plot area to be made; accordingly, scheme to be submitted.
- Management of solid / hazardous wastes expected to generate from the vehicle repair /servicing workshops to be detailed out and submitted.

Response submitted by the PP either incomplete or not relevant. PP may therefore be asked to submit point-wise desired information immediately.

**8. Case No. 1021/2012-** Shri Om Prakash Rai, katni Road, District - Satna (M.P.) – 485771 - Pahai ( No. -2 ) Lime Stone Mine at Khasra No. – 1161, 1162, 1163/1,2, 1164, 1165, 1166, 1167, 1168, 1281/1,2 Village- Pahari, Tehsil – Maihar, Distt. – Satna (M.P.) **Lease Area – 8.094 Ha., Lease Period – 10 Year. Proposed Capacity – 30,000 Cubic Meter Per Year. ToR issued vide letter no. 274 dt. 11/03/13. (SEAC 116<sup>th</sup> meeting dated 15/01/2013).**

The project was issued ToR to carry out EIA in the 116<sup>th</sup> SEAC meeting dated 15/01/2013. Proposed project pertains to mining of limestone in 8.094 Ha. PP has submitted that the proposed production capacity in the project as mentioned in the application form is 1 lac TPA of limestone and rejects against which TOR has been issued

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

for production capacity of 30000 m<sup>3</sup> / year only (i.e. 75000 MTPA). PP has requested for an amendment in the issued ToR w.r.t. the production capacity. The matter was examined by the committee and it was decided to issue an amendment incorporating the following change:

-The proposed production capacity of limestone and rejects in the project may be read as 1.0 lac MT / Year instead of 30000 m<sup>3</sup> / year.

All terms of reference mentioned in the ToR letter dated 11/03/2013 shall be applicable.

**9. Case No. - 665 /2012 SADA Special Area Development Authority, 12, city centre, Gwalior -474001 Township project 805 ha. at village sojna, Tighra, Kaitha, Kulaith, Teh&Distt. Gwalior-M.P. Case discussed 148<sup>th</sup> SEAC meeting dated 25/08/2014**

PP was asked to submit comments from the forest department and copy of documents pertaining to the plan proposed for R-20 and R-19 compartments of RF falling in the project boundary at the earliest. The information is still awaited. The case shall be forwarded only after receiving the same.

**10. Case no. 104/2008 M/s Anand Mining Corporation, Pathak Ward, P.O.Katni, Distt: Katni, (M.P.) 483501 - Dubiyara & Tikaria Iron Ore Mine Vill: Dubiyara and Tikaria, Tah: Sehora, Distt: Jabalpur, Area: 26.002 Ha, Prod: 1.0 Million T/Y- EIA Presentation TOR issued - dated- 07/08/08. Qry. Reply 46 Meeting dt. 28/01/10.**

Case was presented in SEAC meeting dated 28/01/2010 and PP was asked to submit response to the following queries:

- NOC from 'Gram Sabha'.
- Fresh NOC from forest mentioning the distances from the wild Life sanctuary / RF from the site.
- Air/Water Consent from MPPCB for operation of crusher.
- Full details of the nearby habitation with exact distances from the lease boundary and population etc.
- Detailed dense plantation scheme towards village Tikiyara and Dubiyara has to be provided.
- Written commitment for fulfillment of the public hearing issue regarding strengthening of the road to be submitted.
- Declaration from the PP and the consultant regarding use of authentic data / facts /figures in the EIA /EMP to be furnished.
- Details of air pollution control equipments proposed in crusher to be furnished.
- Use of Solar energy for utilities has to be explored and implemented.
- Plan with commitment for plantation in 33% of project area within lease period to be submitted. Map showing green belt to be submitted.

Meanwhile SEIAA has also forwarded a request of PP for lifting of OB from the lease area. The matter was scrutinized by the committee and it was decided to call the PP in next meeting to explain the above response along with a copy of petition and court's judgment through which decision for lifting of OB from lease area has been issued.

# MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

**11. Case No. – 626/2011M/s Reliable Houses Heritage Hill Near Hotel Noor-Us-Sabha Palace Kohefiza, Bhopal-(M.P.)** Proposed Residential Project Heritage Hill Near Hotel Noor-Us-Sabha Palace Kohefiza, Bhopal-M.P. EC issued vide letter no. 1486 dt. 12/11/12.

Prior EC to the project was issued by MPSEIAA vide letter dated 12/11/2012. A submission was made by the PP to SEIAA for re-validation of the issued EC in view of reduction of plot area and certain components of the project so as to comply with one of the conditions of EC.

The matter was discussed in the 17<sup>th</sup> meeting of SEIAA dated 26/08/2014. As per the decision taken in the said meeting the matter was referred to SEAC vide letter dated 16-09-14 for appraising/examining the environment impacts and prior EC conditions with respect to parking area, green area, road width, change in water requirement, waste water discharge, MSW etc. due to reduction in the plot area.

Matter was placed before the committee in this meeting. After scrutiny of the case it was decided to call the PP for presentation on the environmental issues view of MoEF Circular no. 22-76/20147-IA-III dated 07/10/2014.

**12. Case No. 1509/2013- Smt. Neerja Maraiya, K-8, Gandhi Nagar, Tansen Road, District-Gwalior (M.P.)-474002 - 03.220 Hectare Metal stone quarry at Vill.- Lakhampur Bilaua, Distt.- Gwalior (M.P.) 500 meter periphery around the mine site.**

This is a case of mining of minor mineral (stone) covered in the schedule of EIA Notification as item no. 1(a) mining of stone boulders from an area of 3.220 hectare is proposed along with the crushing operations. A crusher shall be installed within the lease area for sizing of the stone. It was observed that the proposed mining site is located in Bilaua Region where several other mines are operating / proposed hence the present case may fall under any of the clusters. However PP has informed that the mine in question is about 5.0 Km from the major cluster of Bilaua region and no other mine is operating within 500 meter periphery around the mine site. The case was discussed 148th SEAC meeting dated 25/08/2014 whereby the PP was asked to submitted certification of the distance of said mine from the Bilua cluster duly certified from the concerned Mining Officer; the same has been furnished. The EMS and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions:

1. The amount towards reclamation of the pit and land in MLA shall be carried out through the mining department the appropriate amount as estimated for the activity by mining department has to be deposited with the Collector to take up the activity after the mine is exhausted.
2. The mined out pits shall be developed into water body being appropriately fenced and with safe stairway.
3. PP shall be responsible for discrepancy (if any) in the submissions made by the PP to SEAC & SEIAA.
4. Air pollution control measures for crusher have to be installed as per the recommendation of MPPCB.
5. Transportation of material shall be done in covered vehicles.
6. Curtaining of site shall be done using appropriate media.
7. Production of stone boulder shall be as per the mining plan not exceeding 1000 m<sup>3</sup>/Year.
8. The proposed plantation should be carried out along with the mining and PP should take care that these plants attain full growth.
9. Transportation shall not be carried out through forest area.

## MINUTES OF STATE EXPERT APPRAISAL COMMITTEE

153<sup>rd</sup> MEETING 21<sup>st</sup> October 2014

10. PP shall take CSR activities in the region through the Gram Panchayat

- 13. Case no. 723/2012 - Lalpur limestone mine M.L. Area : 17.471 ha Village : Lalpur, Tehsil: Raghuraj Nagar, Distt: Satna (M.P) Proposed Capacity : 0.20 MTPA. Project proponent- ShriKamlendra Singh Village.-Lalpur, Post Siding Distt. - Satna (M.P) Case discussed 100<sup>th</sup> SEAC meeting dated 21/08/2012- ToR issued vide letter no. 723 dt. 05/10/12.**

The project has been issued TOR vide letter dated 05/10/2012 with a validity of two years. PP has submitted a request for extension of the validity for one year. It was reported by the PP that the EIA report for the project is complete and Public hearing is to be conducted. Committee considered the request of PP and decided to extend the validity of the TOR for one year only; accordingly the validity of TOR shall be 04/10/2015. Other terms of reference as per letter dated 05/10/2012 shall be applicable.

- 14. Case No. - 885/2012 - Shri Nivedan Bhardwaj, M.D., M/s Fortune Stones Ltd. 11,Bungalow No. – 2, Lokanathpurm, Sagar Road, Distt. -Chhatarpur (M.P.) – 471001 Expansion of Katahara Granite Quarry at Khasra No. – 901, Village – Katahara, Tehsil – Lovekush Nagar,Distt. – Chhatarpur (M.P.) Lease Area – 6.00 ha. Capacity: 20,000 Cubic meter per year (Existing Capa. – 7000 Cubic meter per year) Qry. Reply 149<sup>th</sup> Meeting dt. 05/09/14.**

The case was discussed in the 149<sup>th</sup> SEAC meeting dated 05/09/2014. After deliberations committee has asked the PP for submission of response to the following queries:

- Point-wise compliance of the FC to be furnished.
- Commitment for converting the haul road into concrete / tar road.
- The hydro-geological study conducted earlier has to be reviewed and commented w.r.t. the water quality & water- table in the region.
- Mine is located on a hillock at about 70-80 meters from the ground level and the habitation is reported in foot of the hillock; in view of the same dust management plan to be furnished.
- Two mines of the same proponent are located adjacent to each other hence cumulative impact in terms of GLC of PM to be submitted.
- Duly verified site inspection report of MoEF in context to the compliance of EC conditions as discussed in the meeting to be furnished.
- It was informed by the PP that Regional Office MoEF Bhopal has inspected the site; the visit report of MoEF has to be placed before the committee.

PP has submitted the satisfactory response to above queries. Based on the submissions and the presentation made by the PP committee decided to recommend the case for grant of prior EC subject to the following conditions:

1. The retaining wall towards village shall be constructed immediately.
2. The use of PPE at site was observed to be weak the same has to be strictly implemented by the PP.
3. Biological stability of the OBSø in terms of plantation has to be taken up at a faster pace before further adding OB to the existing dumps.
4. Peizometric wells should be installed and the ground water to be monitored and reported periodically.
5. Appropriate treatment system has to be installed for treatment of waste water being generated from the work-shop at site.
6. Consent from MPPCB should be obtained for the work-shop also.
