

**MINUTES OF 24th MEETING OF STATE EXPERT APPRAISAL
COMMITTEE HELD ON 21st April, 2009**

1

1.0 Opening Remarks of the Chairman

The Chairman welcomed all the members of the Committee (**Annexure-1**) and thereafter agenda item taken up for deliberations. The list of participants present during meeting is annexed as **Annexure-2**.

2.0 Consideration of the Projects

Following issues were discussed and decided:-

- A. 15 proposals were invited for TOR / EIA deliberations. Out of these proposals only 13 proposals were presented before the committee. Query replies submitted by the proponents of 11 cases were also placed before the committee for discussion and recommendation.
- B. Committee decided to conduct the next meetings on 27th & 28th May 2009.

EIA Deliberations:

1. 275/2009

**M/s Tricon Projects India (P) Ltd. S-2, IInd Floor Mahatta Towers, Star City Mall
Mayur Vihar, Delhi**
*Construction of 'Tricon City Plotted development Project at datoda Khandwa Road
Indore (M.P) Total Area- 60.78 Ha*

Project Proponent did not appeared for presentation hence Committee decided to consider the case in the next meeting.

2. 34/2008

**Hema Sri Agro-power Projects Ltd., Plot No. 19, Road, No. 2, Chandrapuri Colony, L-B,
Nagar, Hyderabad Andhra Pradesh**

20 MW Biomass Based Power Project at Vill. Magrora, Teh. Dabra, Dist Gwalior (M.P.)
The renewable energy projects <50 MW or >5 MW (Pet coke, diesel and all other fuels) are listed at S.N. 1(d) of schedule under 'B' Category of EIA Notification, 2006 and are to be appraised by SEAC. In compliance to the TOR number 252 dated 11/07/2008 issued to the PP, EIA was submitted.

**MINUTES OF 24th MEETING OF STATE EXPERT APPRAISAL
COMMITTEE HELD ON 21st April, 2009**

2

Applicant, aided by the consultant gave a presentation on the salient features of the EIA study. Documentation in the EIA was also found to be incomplete in various aspects, hence the Committee has asked the proponent to include following information with supportive documents in the EIA and re-submit the same:

- Procurement of the raw material has to be ensured, a concrete planning with supportive document (such as agreement with local farmers) for the same to be submitted with EIA.
- Water requirement is proposed to be fulfilled through boring and rivers; necessary permission from the concerned departments has to be obtained and submitted.
- Documents pertaining to power evacuation have to be submitted.
- Maps with appropriate depictions have to be furnished with the EIA.
- Rain-water harvesting system has to be elaborated with drawing & design along with the calculation for net annual drop-down or re-charge.
- Concrete proposal for disposal of fly-ash with supporting documents such as agreement with brick manufacturers.
- Ash storage plan with in the premises till its disposal has to be submitted.

3. 167/2008

Prop. Sh. A. K. Saraswar, M/s. Rana Hanuman Singh Minerals, Village-Dulhapur, PO-Tirodi, Tehsil-Katangi, District-Balaghat. 481449

Dolomite & Quartz Mine, Village-Dulhapur, Tehsil-katangi, Bistrict-Balaghat. Mining Lease area 11.60 ha. Prod.15000 TPA

This being a mining project with lease area between 50 ha to 5 ha is listed at S.N. 1(a) of schedule under 'B' Category of EIA Notification, 2006 and is to be appraised by SEAC. SEAC issued the TOR to the proponent for carrying out the EIA studies vide letter Dated 02/09/08. It is reported that the mine commenced its production in year 1993; presently the mine is stopped for seeking prior environmental clearance.

The applicant, assigned by his consultant presented the salient features of the EIA study along with the public hearing issues.

After detailed deliberations, the SEAC has asked for clarification on the following

Queries:

- The proposed site is located near dense forest area and water bodies, also good

amount of rich soil is proposed to be removed - in view of this proponent has to submit appropriate plan so as to prevent the expected adverse impacts on these components.

- Appropriate utilization of soil has to be committed as it is a valuable resource.
- Iron contents in the ore have to be estimated and reported.
- Proposed plantation area has to be enhanced to at least 4 Acres.
- Year-wise plantation scheme with fund allocation to be submitted.

4. 166/2008

M/s Suryavansham Mining & Minerals Pvt. Ltd. D-102/5, Shivaji nagar, Bhopal

*Manganese Ore, Village-Manskra, Tehsil –Sihora, Dist-jabalpur. Mining Lease Area 5.0 ha.
Prod. 5000 TPA*

This being a mining project with lease area between 50 ha to 5 ha is listed at S.N. 1(a) of schedule under 'B' Category of EIA Notification, 2006 and is to be appraised by SEAC. SEAC issued the TOR to the proponent for carrying out the EIA studies vide letter Dated 02/09/08. It is reported that mining lease was granted in year 2006 but commercial production is yet to start.

The applicant, assigned by his consultant presented the salient features of the EIA study along with the public hearing issues.

After detailed deliberations, the SEAC has asked for clarification on the following

Queries:

- Plantation scheme (33% of mined out area) for lease period has to be submitted with commitment for completion of the same within the lease period.
- Environment quality monitoring has to be carried out by an approved laboratory.
- The plantation area to be enhanced to 1.67 Ha accordingly scheme to be submitted.
- All proposed social activities to be included in the budget.

5. 153/2008

M/s Sukhdeo Prasad Goenka, prop. Sh. Anand Goyanka, Goyanka Bhawan, Station Road, katni. 483501

Laterite redoxide yellow Ochride, red Ochride manganese and clay, Village-jhinna, Tehsil-dhimarkheda, dist-katni. Mining lease area-48.562

This being a mining project with lease area between 50 ha to 5 ha is listed at S.N. 1(a)

of schedule under 'B' Category of EIA Notification, 2006 and is to be appraised by SEAC. SEAC issued the TOR to the proponent for carrying out the EIA studies vide letter Dated 02/09/08. It is reported that mine is in operation since 1993 but presently closed for seeking prior environmental clearance.

The applicant, assigned by his consultant presented the salient features of the EIA study along with the public hearing issues.

After detailed deliberations, the SEAC has asked for clarification on the following Queries:

- Comments on the public hearing are not addressed properly.
- Environment Quality Monitoring data has to be validated through approved laboratory.
- Source of water is not clear if drawal from boring or lake is proposed permission from the concerned department has to be procured and submitted.
- Documents pertaining to procurement of additional land for greenery to be submitted.
- Details of the plantation completed so far has to be submitted with future plantation scheme.
- Analyses of ore to be furnished.

6. 224/2008

A.V. Mines (P) Ltd. DF- 12-14, Scheme No. 74-C, Opposite Lifecare Hospital, Vijay Nagar Indore (M.P)

Amaliamal Manganese Ore deposit 6.390 Hectare, At village : Amaliamal, Tehsil: Meghnagar, Distt.: Jhabua (M.P)

This being a mining project with lease area between 50 ha to 5 ha is listed at S.N. 1(a) of schedule under 'B' Category of EIA Notification, 2006 and is to be appraised by SEAC. SEAC issued the TOR to the proponent for carrying out the EIA studies vide letter Dated 02/12/08. It is reported that this is an old mine but renewed to the proponent in the year 2008.

The applicant, assigned by his consultant presented the salient features of the EIA study along with the public hearing issues.

After detailed deliberations, the SEAC has asked for clarification on the following Queries:

- In view of proposed boring at mining site permission from concerned department has to be furnished.
- Environment Quality Monitoring data has to be authenticated from approved laboratory.
- Sufficient budget has to be allocated for environmental monitoring.

7. 04/2008

M/s. Seoni renewable energy (P) Ltd. Vill: Raagaadyee Teh: Seoni Distt. Seoni (M.P)

10 MW Bio-mass based power generating station at Vill: Raagaadyee Teh: Seoni Distt. Seoni (M.P)

The renewable energy projects <50 MW or >5 MW (Pet coke, diesel and all other fuels) are listed at S.N. 1(d) of schedule under 'B' Category of EIA Notification, 2006 and are to be appraised by SEAC. In compliance to the TOR dated 04/06/2008 issued to the PP, EIA was submitted.

Applicant, aided by the consultant gave a presentation on the salient features of the EIA study. Committee has asked the proponent to reply to the following queries:

- All analyses to be carried out by approved laboratory.
- Documents pertaining to power evacuation have to be submitted.
- Rain-water harvesting system has to be elaborated with drawing & design along with the calculation for net annual drop-down or re-charge.
- Concrete proposal for disposal of fly-ash with supporting documents such as agreement with brick manufacturers.
- Ash storage plan with in the premises till its disposal has to be submitted.
- Fund allocation towards CSR to be submitted. Also explore the possibility of distributing solar energy lamps in surrounding region.

8. 32/2008

N. Parvathy Reddy, Director, S.R. Renewal Energy Ltd., Plot No. 172, Road No. 08, Dhanlaxmi Colony, East Marredpally, Mahedra Hill, Secundrabad – 26

10 MW Biomass based power plant in Dhamnood, Distt. Ratlam (M.P)

The renewable energy projects <50 MW or >5 MW (Pet coke, diesel and all other fuels) are listed at S.N. 1(d) of schedule under 'B' Category of EIA Notification, 2006 and are to be appraised by SEAC. In compliance to the TOR dated 11/07/2008 issued to the PP, EIA was submitted.

Applicant, aided by the consultant gave a presentation on the salient features of the EIA study. Committee has asked the proponent to reply to the following queries:

TOR Deliberations:

1. 274/2009

M/s Kunjilal Iswari Prasad Agarwal PO Jaitwara, Satna (M.P)

Bauxite, Ochre, white earth and laterite mine 75000 MT/Y, Area- 45.892 Ha, at Village-Koldiha No.2, tehsil- New Ramnagar, Satna (M.P)

This being a mining project with lease area between 50 ha to 5 ha is listed at S.N. 1(a) of schedule under 'B' Category of EIA Notification, 2006 and is to be appraised by SEAC.

The applicant, assigned by his consultant presented the salient features of the project and the draft Terms of Reference for undertaking detailed EIA study.

After detailed deliberations, the SEAC has recommended the inclusion of following TORS in the preparation of EIA/EMP:-

- Duly attested & certified Mining Plan approved by IBM has to be submitted along with the copy of current lease deed and lease letter issued by the State Mining Corporation.
- Monitoring has to taken up as per the norms using appropriate air/water quality modeling, based on meteorological data (wind-rose) of the region.
- Plantation in at least 33% of the total area has to be ensured; accordingly plan has to be submitted with EIA. [Plantation Scheme].

- Total area for which afforestation has been proposed – plan stating how much plantation shall be taken up yearly, has to be submitted. Plantation of local species along with Sheesham, Neem, Amaltas, Tendu, Kachnar & various fire-wood trees should be taken up suitable to area.
- PFR should include cost benefit analyses considering- social cost, environment cost and pre-occupational cost.
- For welfare of the mine-workers various activities such as regular health checkups, first-aid, shelter for rest and meals, drinking water etc. has to be taken up. Nearby mine owners may form a society and funds for welfare of mine-workers may be created from various govt. schemes and other sources. This aspect has to be covered in the EMP.
- Management of OB solid waste generated during mining has to be addressed through incorporation of a concrete plan for the same.
- Water-shed management plan to be submitted, in view of the damages caused in the catchment-area of rivers falling in the prescribed study area of mining region & to support the ground-water recharging.
- In land use map, details regarding the agricultural crops pattern around the mining area should also be added.
- Map depictions: coloured maps depicting land use of the region showing sensitive / fragile features and detailed lay-out of the site clearly showing green-belt (existing & planned)
- Species proposed in the green belt development should be notified.
- Satellite Image of the location of mine should be submitted with demarcation of other proposed/in operation mines in nearby area.
- Location is also to be shown in Tehsil map procured from revenue department.
- The EIA should be prepared based on model TOR for appraisal of mining projects issued by MoEF, Delhi
- NOC / Recommendation from the concerned DFO to be submitted.

(M.P)

The case being Secondary metallurgical processing industry has been covered under 3(a)(c) of the Schedule of EIA Notification 2006 and has to be appraised by the SEAC. The unit is proposed at Bandhka Industrial Area Tehsil Ghatia District Ujjain hence no public hearing is required. Proponent presented the salient features of project and proposed TOR. After deliberation committee has decided to issue standard TOR to carry out EIA.

3. 277/2009

Shri S.K. Pradhan, GM(SPU) Steel Authority of India Ltd. Room No. 503 5th Floor ISPAT Bhawan Bhilai Steel Plant, Bhilai (CG)

Steel Processing Unit Dolaria , Hoshangabad (M.P)

The case being Secondary metallurgical processing industry has been covered under 3(a)(c) of the Schedule of EIA Notification 2006 and has to be appraised by the SEAC. The unit is proposed at *Dolaria , Hoshangabad (M.P.)* which is not an Industrial Area. Proponent presented the salient features of project and proposed TOR. Proponent also requested for exemption of public hearing as this is a rolling mill for shaping of steel products using steel billets as raw material. After examining the case and detailed discussion committee decided that the case may be exempted from public hearing and to issue standard TOR to carry out EIA.

Case No. 277/2009:- Unit is proposed in non-notified industrial area. Therefore exemption from Public Hearing should not be given till clear cut guidelines are received with regard to B1-B2 from MoEF.
