

1.0 Opening Remarks of the Chairman

The Chairman welcomed all the members of the Committee (**Annexure-1**) and thereafter agenda item taken up for deliberations. The list of participants present during meeting is annexed as **Annexure-2**.

2.0 Consideration of the Projects

Following issues were discussed and decided:-

- A. 12 proposals were invited for TOR / EIA deliberations. Out of these proposals only 08 proposals were presented before the committee.
- B. It is decided to hold the 39th meeting on 24th October 2009.
- C. It was observed by the committee that in some of the ECs' issued the commitments and terms laid down by the SEAC have not been imposed as conditions, for instance the conditions for waste management and pertaining to 33% area of project area to be planted. Thus it is requested by the committee that, SEIAA may look into it before issue of the Environmental Clearance order.

TOR Deliberations:

1. 451/2009

M/s Smt.Manju Singh, Legal Heir of Late Shri Gopal Saran Singh P.O.- Satna Distt.-Satna (M.P.) 485001 Latagaon Limestone Mine, - 8.094 Ha., Capa. - 40000 TPA at Village- Latagaon , Tehsil-Maihar Distt.- Satna (M.P.) For - TOR

The PP did not appear for the deliberation continuously for the second time hence committee decided to give a last opportunity to the PP in next meeting.

of schedule under 'B' Category of EIA Notification, 2006 and is to be appraised by SEAC.

The applicant, presented the salient features of the project .Information pertaining to the above project was examined by the committee and the public hearing issues were also discussed in length. After discussion on the project it was revealed that:

This is a case of a proposed mine for mining of Bauxite, Laterite & Clay with a lease area of 5.22 Ha and production capacity of 50,000 MT/Y at Village- Rosara, Teh.- Sihora, Distt.- Jabalpur (M.P.). TOR was issued to the PP vide letter dated 12/09/08. The proposal is for Open-cast, manual mining as per the mining plan. The water requirement for the project is 05 KLD. The mining is not going to intersect the ground water table. PP has submitted the NOC from forest department. Mining plan and mining lease have also been submitted.

After deliberation, committee has asked for following submission from the PP:

- Disclosure of consultant.
- Declaration from consultant
- All chemical analyses report from approved laboratory in original format. The chemical analyses should incorporate method of analyses, instruments used and the details of standards used. The date and time of sampling should also be mentioned in the report.
- Cumulative impact of the mines in the region has to be evaluated and reported.
- Micro-level depictions of the features in 2 Km radius around the lease area have to be furnished on to-the-scale map
- CSR plan needs to be detailed out, highlighting the benefits and the beneficiaries.
- Scheme so as to achieve plantation in at least 33% of the total lease area within the
