- (3) The case was discussed in SEAC meetings 98<sup>th</sup> dtd. 23.07.12, 122<sup>nd</sup> dtd. 11.03.13 & 125<sup>th</sup> dtd. 09.04.13 recommended for grant of prior EC subject to 04 special conditions and amendment in condition vide SEAC letter dtd 12.06.2013 and also in 132<sup>nd</sup> dtd. 14.05.13, 143<sup>rd</sup> dtd. 29.10.13 148<sup>th</sup> dtd. 25.08.14, and 170<sup>th</sup> dtd. 28.01.15.
- (4) The case was discussed in SEIAA meetings 138<sup>th</sup> dtd. 20.06.13 and 155<sup>th</sup> dtd. 08.08.14 and returned to SEAC for appraisal of compliances of EC /Consent conditions in view of MoEF & CC, Gol O.M. dated 30.05.12 and public hearing as per MoEF & CC, Gol O. M. dtd 16.05.14.
- (5) The case was considered in 170<sup>th</sup> SEAC meeting dtd 28.01.15 and it is recorded that "The case was appraised in various meetings of SEAC and forwarded to SEIAA recommending grant of prior EC to the project. SEIAA returned the case through its 155<sup>th</sup> meeting (SEIAA Letter No. 776 dt. 22/08/14) for reconsideration on following points:

1. Consideration of project as expansion of the project.
2. Applicability of Public Hearing for the project in view of MoEF OM dated 16/05/2014.

The response submitted by the PP in context to the above queries was placed before the committee. Scrutiny of the response reveals following:

- The proposal pertains to change in product-mix with any enhancement in production capacity. It is reported that the project cost has increased mainly because of price escalation from 2009 onwards. The latest technologies in manufacturing (more automation, advanced controls etc.) and other investment including up-gradation of ETP in phased manner were already proposed in the earlier proposal. Further it is also stated that the project cost has escalated due to procurement of extra DG sets to ensure uninterrupted supply for the processes.
- Regarding Public Hearing it is stated that the same may be exempted in view of OM No. J-11013/36/2014-IA-I dated 10/12/2014, as the Industry is operating in a Old Industrial which was notified prior to 2006.

After scrutiny of the matter committee concluded that the case has been appraised technically in earlier meetings especially with respect to the change in pollution load before and after the proposed change in product-mix considering the worst scenarios in both the conditions. The project has not been taken up as expansion when no addition of plant & machinery or land procurement is proposed in the project hence the case was recommended for grant of revalidated EC after ensuring all the environmental safe guard. From above discussion it is recommended that the project may be granted revalidated EC as recommended earlier. Public hearing may be exempted in view of OM No. J-11013/36/2014-IA-I dated 10/12/2014, as the Industry is operating in an old Industrial which was notified prior to 2006."

- (6) The case was discussed in depth and it is noted that :-
  - (i). The Industry is operating in an old Industrial area which was notified prior to 2006 hence public hearing is exempted as per MoEF & CC, Gol OM dtd 10.12.14.
  - (ii). Member Secretary, MPPCB vide letter no. 1564 dtd 19.03.15 has informed that no legal notice has been issued to the Industry during 2001 to 31.08.2013 under EPA 1986 section 5, Water (Pollution Prevention & Control) Act 1974, Air (Pollution Prevention & Control) Act 1981.
  - (iii). PP has submitted acknowledged copy of Compliance report submitted to Regional office, MoEF, Bhopal, however these are not certified. **It is decided that since the industry is in operation PP**
