47.	780/2012	202 nd SEIAA meeting dtd. 25.05.2015
48.	1068/2013	202 nd SEIAA meeting dtd. 25.05.2015

B. Following other than mining cases received from SEAC cases were discussed :-

S No	Case No.	No. & date of latest SEAC / SEIAA meeting
49.	1676/2013	183 rd SEAC meeting dtd 27.04.15
50.	2091/2014	188 th SEAC meeting dtd.02.05.15
51.	2459/2015	188 th SEAC meeting dtd.02.05.15

C. Corrigendum for case no. 2067/2014

S No	Case No.	No. & date of latest SEAC / SEIAA meeting
52.	2067/2014	205 th SEIAA meeting dtd 06.06.2015

- Case No. 2436/2015** Prior Environmental Clearance for **Stone Quarry (Opencast Manual/ Semi Mechanized Method)** in an area of 2.030 ha. for production capacity of 19380 cum/year at Khasra no. 185(part) at Vill-Bada Jainabad, Tehsil-Nepanagar, District- Burhanpur (M.P) by Shri Ramanjeet Singh Keer S/o Satindar Singh Keer R/o Labaag Road, Burhanpur, District - Burhanpur (M.P.) - 450331.

(1) After detailed discussion and perusal of the recommendations of 189th SEAC meeting dtd.5.05.2015, it was decided to grant Prior Environmental Clearance with slight modifications in the conditions imposed by SEAC.

- PP shall not start mining activity before execution of lease agreement.
- The average depth of the pit shall not exceed 6.0m at the end of lease period.

Hence, Prior Environmental Clearance is granted for **Stone Quarry (Opencast Manual/ Semi Mechanized Method)** in an area of 2.030 ha. for production capacity of 19380 cum/year at Khasra no. 185(part) at Vill. - Bada Jainabad, Tehsil- Nepanagar, District- Burhanpur (M.P) **for the lease period** to Shri Ramanjeet Singh Keer S/o Satindar Singh Keer R/o Labaag Road, Burhanpur, District - Burhanpur (M.P.) - 450331.

- Case No. 2440/2015** Prior Environmental Clearance for **Stone Quarry (Opencast Manual/ Semi Mechanized Method)** in an area of 2.590 ha. for production capacity of 20,000 cum/year at Khasra no. 68/2,68/3,71/1 at Vill. - Kolmuhi, Tehsil-Kundam, District- Jabalpur (M.P) by Shri Ganesh Yadav S/o Shri Accheal Yadav R/o Pipariya, Khamariya, Tehsil - Panagar, District - Jabalpur (M.P.) - 483220.

After detailed discussion and perusal of the recommendations of 189th SEAC meeting dtd.05.05.2015, PP has not provided all the coordinates of the proposed mining site. This information may be submitted latest by 15.07.2015. Copy to Mining Officer, Jabalpur.

3. **Case No. 2447 /2015** Prior Environmental Clearance for **Basalt Stone Quarry (Opencast Semi Mechanized Mining Method)** in an area of 2.00 ha. for production capacity of 8,000 cum/year at Khasra no. 78 /Min -2 at Village- Tharod, Tehsil.-Malhargarh, Dist-Mandsaur (MP) by Smt. Angurbala W/o Shri Rajendra Das, Abhinandan Colony, Main Mandsaur, District- Mandsaur (M.P.)-458339.
- After detailed discussion and perusal of the recommendations of 189th SEAC meeting dtd.05.05.2015, from the coordinates provided by the PP the proposed mining site is in close proximity of a built structure. Hence, the case is hereby rejected. PP and all concerned should be informed accordingly.
4. **Case No. 2462/2015** Prior Environmental Clearance for **Basalt Stone Quarry (Opencast Semi -Mechanized Method)** in an area of 2.00 ha. for production capacity of 10,000 cum/year (**As per SEAC Recommendation**) at Khasra no. 780 at Village- Katlaar, Tehsil.-Daloda, Distt-Mandsaur (MP) by Shri Jaspal Singh S/o Shri Bherulal Anjana, Gram-Karju, Teh- Daloda, Distt.-Mandsaur (MP)-458339.
- After detailed discussion and perusal of the recommendations of 189th SEAC meeting dtd.05.05.2015, from the coordinates provided by the PP the proposed mining site is about 2.8 km from the Rajasthan State Boundary. Collector Mandsore should review the lease sanction in the light of MoEF Gazette Notification dtd. 25 June 2014 wherein it is directed that the General Condition will be attracted, if the state boundaries are less than 5 km.
5. **Case No. 2485/2015** - Prior Environmental Clearance for **Basalt Stone & Murrum Quarry** (Opencast Manual/ Semi Mechanized Method) in an area of 2.00 ha. for production capacity of Stone - 18,773 cum/year & Murrum - 4,332 cum/year at Khasra Nos. Part of 155 at Vill. - Sali, Tehsil- Gandhwani, District- Dhar (M.P) by Shri Lal Singh S/o Shri Dagdiya Mandloi R/o Village - Khedi Bujurg, Tehsil - Gandhwani, District - Dhar (M.P.) - 454446.
- After detailed discussion and perusal of the recommendations of 189th SEAC meeting dtd.05.05.2015, the report of the Tehsildar indicates that the distance of the nearby village is about 50m from the proposed mining site. Mining Officer Dhar should verify the distance and submit the information latest by 15.07.2015. PP should also be informed.
6. **Case No. 2498/2015** Prior Environmental Clearance for **Sand Quarry (Opencast Manual Method)** in an area of 4.00 ha. for production capacity of 17527 cum/year at Khasra no. 264 at Vill. Garwara, Tehsil Petlawad, Distt Jhabua (MP) by Shri Ranjeet Singh Rathore, Village Sarangi, Tehsil Petlawad, Distt Jhabua- 458226.
- (1) After detailed discussion and perusal of the recommendations of 189th SEAC meeting dtd.05.05.2015, it was decided to grant Prior Environmental Clearance with slight modifications in the conditions imposed by SEAC.
- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The average depth of the pit shall not exceed 3.0m or water level whichever is less at the end of lease period.
- Hence, Prior Environmental Clearance is granted for **Sand Quarry (Opencast Manual Method)** in an area of 4.00 ha. for production capacity of 17527 cum/year at Khasra no. 264 at Vill. - Garwara, Tehsil- Petlawad, District- Jhabua (M.P) for

Hence, Prior Environmental Clearance is granted for **Stone Quarry (Opencast manual/Semi Mechanized method)** in an area 1.214 ha. for production capacity 5,000 cum/year at Khasra No 40/4 at Village-Bhanni, Teh-Beohari, Dist- Shahdol (MP) for the lease period to Shri Mrigendra Singh S/o Shri Surendra Singh R/o Village Bhanni, Tehsil Beohari, District Shahdol (M.P.)-484774.

18. **Case No. 2567/2015** - Prior Environmental Clearance for **Crusher Stone Quarry (Opencast Manual/Semi Mechanized Method)** in an area of 1.00 ha. for production capacity of 10000 cum/ at Khasra no 350 at Vill. Sihada, Teh-Khandwa, Distt- Khandwa, M.P. by Smt Sadhna Dixit W/o Shri Shantnu Dixit, R/o 8, Anand Nagar, Distt- Khandwa(M.P.).

(1) After detailed discussion and perusal of the recommendations of 190th SEAC meeting dtd.06.05.2015, it was decided to grant Prior Environmental Clearance with slight modifications in the conditions imposed by SEAC.

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The average depth of the pit shall not exceed 6.0m at the end of lease period.

Hence, Prior Environmental Clearance is granted for **Stone Quarry (Opencast Manual/Semi Mechanized Method)** in an area of 1.00 ha. for production capacity of 10000 cum/ at Khasra no 350 at Vill. Sihada, Teh-Khandwa, Distt- Khandwa, (M.P) for the lease period to Smt Sadhna Dixit W/o Shri Shantnu Dixit, R/o 8, Anand Nagar, Distt- Khandwa(M.P.).

19. **Case No. 2573/2015:** Prior Environmental Clearance for **Stone Quarry (Opencast Semi – Mechanized Method)** in an area of 1.705 ha. for production capacity of 1500 cum/year at Khasra nos. 6/2,7/1 at Village- Rasooliya Pathar, Tehsil- Huzur, Distt.-Bhopal (MP) by Shri Shailesh Shrivastav S/o Late Shri Vishnu Narayan Shrivastav, B-196, Shakti Niwas, Green Park Colony, Berasia Road, Bhopal (M.P.)- 463106.

After detailed discussion and perusal of the recommendations of 190th SEAC meeting dtd.06.05.2015, Joint Director Town & Country Planning Bhopal may be asked whether Rasuliya Pathar falls under the development plan of Bhopal. Copy to PP and Mining Officer, Bhopal.

20. **Case No 2580/2015** - Prior Environmental Clearance for **Basalt Stone Quarry (Opencast Manual/Semi Mechanized Method)** in an area of 1.750 ha. for production capacity of 14250 cum/year at Khasra no 549 at Vill. - Gangerua, Tehsil- Seoni, District- Seoni (M.P) by Shri Paras Kothari S/o Shri Paras Kothari, Katangi, Tehsil Katangi, District Balaghat (M.P.)-481445.

(1) After detailed discussion and perusal of the recommendations of 190th SEAC meeting dtd.06.05.2015, it was decided to grant Prior Environmental Clearance with slight modifications in the conditions imposed by SEAC.

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The average depth of the pit shall not exceed 6.0m at the end of lease period.

Hence, Prior Environmental Clearance is granted for **Basalt Stone Quarry (Opencast Manual/Semi Mechanized Method)** in an area of 1.750 ha. for production capacity of 14250 cum/year at Khasra no 549 at Vill. - Gangerua,

40. **Case No 2423/2015** - Prior Environmental Clearance for **Brick Earth Quarry** in an area of 2.60 ha. for production capacity of 2000 cum/year at Khasra no. 173 & 174 at Village Mangeli, Tehsil Jabalpur, District Jabalpur (M.P) by Shri Vishal Kumar, R/o 99, APR Colony, Bilhari, Dist-Jabalpur (M.P).

After detailed discussion and perusal of the recommendations of 189th SEAC meeting dtd. 05.05.2015, the proposed site is close to River Narmada and near to Gwari ghat, Collector Jabalpur may review this case in the light of bank erosion of river Narmada.

41. **Case No 2511/2015** - Prior Environmental Clearance for **Chikhali Metal Stone Quarry** in an area of 2.0 ha. for production capacity of 21522 cum/year (**As per Approved Mining Plan**) at Khasra no. 27 at Village Chikhli, Tehsil Kundam, District Jabalpur (M.P) by Smt. Chunni Bai W/o Ramnath Kaul, Vill & Post Khudawal, Teh-Majholi, Dist-Jabalpur (M.P).

After detailed discussion and perusal of the recommendations of 189th SEAC meeting dtd. 05.05.2015, DFO, Jabalpur has reported that this proposed site falls under Bio-diversity compartment of PF 280. Hence, the case is hereby rejected. PP and all concerned to should be informed accordingly.

42. **Case No. 2514/2015** - Prior Environmental Clearance for **Basalt Stone & Murrum Quarry (Opencast Manual/ Semi Mechanized Method)** in an area of 4.00 ha. for production capacity of Stone - 31,373 cum/year & Murrum - 7,843 cum/year at Khasra Nos. Part of 753 & 1048 at Vill. - Kheda, Tehsil- Dhar, District- Dhar (M.P) by Shri Sandeep Patidar S/o Shri Rameshawar Patidar R/o Village - Bhawaria, Tehsil - Kukshi, District - Dhar (M.P.) - 454335.

After detailed discussion and perusal of the recommendations of 189th SEAC meeting dtd.05.05.2015, there is a extensive mining activity in close proximity of Vill-Kheda. SEAC may process this case under B-1 category and issue ToR.

43. **Case No. 2139/2015** - Prior Environmental Clearance for **Stone Quarry** in an area of 3.00 ha. for production capacity of 14694 cum/year at Khasra Nos. 1022/2 at Vill. - Kheda, Tehsil- Dhar, District- Dhar (M.P) by Shri Sanjay Jain S/o Shri Uttam Chandra Jain R/o Mhow, Teh-Mhow, Dist-Indore (M.P).
- After detailed discussion and perusal of the recommendations of 188th SEAC meeting dtd.02.05.2015, there is a extensive mining activity in close proximity of Vill-Kheda. SEAC may process this case under B-1 category and issue ToR.
44. **Case No. 2045/2015** - Prior Environmental Clearance for **Metal Stone Quarry** in an area of 3.00 ha. for production capacity of 20580 cum/year at Khasra No. 753 at Vill. - Kheda, Tehsil- Dhar, District- Dhar (M.P) by Shri Ramnarayan Mukati S/o Shri Bhawar Singh Mukati, Vill-Kheda, Teh-Dhar, Dist-Dhar (M.P)-454001.
- After detailed discussion and perusal of the recommendations of 172nd SEAC meeting dtd. 22.02.2015 and query response of 192nd SEIAA meeting dtd. 13.04.2015, there is a extensive mining activity in close proximity of Vill-Kheda. SEAC may process this case under B-1 category and issue ToR.
45. **Case No. 2314/2015** - Prior Environmental Clearance for **Basalt Stone & Murram Quarry (Opencast Manual / Semi Mechanized Method)** in an area of 2.0 ha. for production capacity of Stone 10537 cum/year and Murram 3952 cum/year at Khasra No. 1020/1 at Vill. - Kheda, Tehsil- Dhar, District- Dhar (M.P) by Shri Madan Singh Raghuvanshi S/o Shri Ratan Raghuvanshi, R/o Vill-Kheda, Teh-Dhar, Dist-Dhar (M.P)-454001.
- After detailed discussion and perusal of the recommendations of 178th SEAC meeting dtd. 24.03.2015 and query response of 197nd SEIAA meeting dtd. 07.05.2015, there is a extensive mining activity in close proximity of Vill-Kheda. SEAC may process this case under B-1 category and issue ToR.
46. **Case No. 2174/2015** Prior Environmental Clearance for **Stone Quarry (Opencast Semi Mechanized Method)** in an area of 1.639 ha. for production capacity of 5700 cum/year at Khasra No. 3/1 at Vill. - Bamhangaon, Tehsil- Khirkiya, District- Harda (MP) by Shri Naval Singh Baghel, Vill-Bamhangaon, Teh-Khirkiya, Dist-Harda (MP).
- After detailed discussion and perusal of the recommendations of 171st SEAC meeting dtd. 29.01.2015 and query response of 190th SEIAA meeting dtd. 24.03.2015, from the coordinates provided by PP, this site is in close proximity to the Human Settlement. Hence, the case is hereby rejected. PP and all concerned should be informed accordingly.
47. **Case No. 780/2012**, Prior Environmental Clearance for Granite Deposit mine in an area of 2.922 ha for production capacity 18,000 MTPA at khasra no 1480 at Village Labraha, Tehsil Chandla, District Chhatarpur, M. P. by M/s Jatashanker Marbles Ltd, Shri B.K.Pandey, Reg Off. Ganesh Villa, House No. 153, Sector 46 NIT, Faridabad (Haryana) – 483501.121001 e –mail bkpandey114@gmail.com, Mobile - 09424662698.
- (1) After detailed discussions, perusal of the recommendations of **183rd SEAC meeting dtd 27.04.2015** and scrutinizing of the documents, in 202nd SEIAA meeting dtd. 25.05.2015 it was decided to call PP for presentation.

Minutes of the 206th Meeting of SEIAA dated 08.06.2015

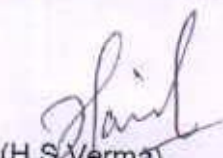

- (2) The PP was called for presentation on dtd. 08.06.2015. The PP made detailed presentation of the proposed mining project.
- (3) After presentation and detailed discussion, it was decided to ask the PP :-
 - i. The size of settling tank, the de-slugging plan and mode of disposal.
 - ii. Number of trees and species would be planted along the road site.
 - iii. In view of PP's presentation, what would be the location of bus shelter and marriage hall.
- (4) The authority decided that the following special conditions shall be incorporated :-
 - i. After view of google map it is noted that a road is passing nearby the proposed mining site. hence, it is decided that the over burden dumping should be carried out away from the main road with proper fencing.
 - ii. Two rows of at least three years old trees will be planted along the road side.
 - iii. The PP shall ensure that the land of farmers adjacent to mining site will not be damaged by mining activity and if there is any damage that should properly be compensated.
 - iv. The PP shall organize health camp at proper intervals and labour laws should strictly be followed.
 - v. Under Swachh Bharat Mission the PP shall contribute in constructing toilets in the village with the coordination of Panchayat.
 - vi. PP shall create ten women self help groups having 15 numbers in each group and shall contribute Rs. 50000/- for the same.

The above information should be submitted by the PP latest by 15.08.2015.

48. **Case No. 1068/2013**, Prior Environmental Clearance for Limestone mine in an area of 16.288 ha for expansion in production capacity from 50,000 MTPA to 4,00,000 MTPA at khasra nos. 39/2, 39/3, 39/4, 39/5 at Village Bhatura, Tehsil Maihar, District Satna, M. P. by Shri Jitendra Kumar Kushwaha, Adarsh Nagar Colony, P.O. & District Katni (MP) 483501, e-mail jkkushwaha2012@gmail.com, Mobile - 09425153719.

- (1) After detailed discussions, perusal of the recommendations of **183rd SEAC meeting dtd 27.04.2015** and scrutinizing of the documents, in 202nd SEIAA meeting dtd. 25.05.2015 it was decided to call PP for presentation.
- (2) The PP was called for presentation on dtd. 08.06.2015. The PP made detailed presentation of the proposed mining project.
- (3) After presentation and detailed discussion, it was decided :-
 - i. As the budget for plantation is not reflected in the EMP (Table 9.1), PP should submit the same.
 - ii. The overall cost allocated for environmental issues in the EMP is on a lower side, hence, it should be increased and revised accordingly.

(Gulshan Bamra)

Minutes of the 206th Meeting of SEIAA dated 08.06.2015

- iii. As it is an existing mine, hence, PP should submit the compliance report of the conditions stipulated in Air & Water consent given by MPPCB.
- (4) The authority decided that the following special conditions shall be incorporated :-
- i. The over burden dumps should be back-filled in the mined out area in successive manner.
 - ii. As there is a cluster of mines, an air pollution monitoring station on 24x7 basis should be installed jointly by the group of mine owners located in that area under the technical guidance of MPPCB. MS, MPPCB shall direct the concerned RO for monitoring.
 - iii. A monthly health camp should be organized and specialist doctors for women's health should also be part of the team doctors.
 - iv. A buffer of 15 m. should be created towards SNS Minerals mining area jointly by Bhatara limestone mine and SNS Minerals.
 - v. The RO, MPPCB, Satna should monitor the water quality of the water discharged from the mine and if the water quality does not fulfils the prescribed standards then the proper measures should be suggested to the PP.
 - vi. In view of the issue of death of two persons raised during Public Hearing held on 30.12.2013 at Bhatara limestone mine, It is decided that :-
 - (a) No mining operation shall be carried out in the cluster of mines located in Bhatara area until the mined out area is back-filled and properly fenced.
 - (b) The District Collector will depute some officer for the compliance of the above conditions and the concerned Mining Officer shall coordinate the activity.
- (5) It was noted that regarding production capacity the SEAC in its 183rd meeting dtd. 27.04.2015 has recorded***production of Limestone shall be as per the mining plan not exceeding 50000 T /Year*** while in Form-1 and Mining Plan the expansion in production capacity is proposed from 50000 T /Year to 4,00,000 T/year. ***It is decided to ask from SEAC to clarify about the anomaly in production capacity and inform accordingly.***
- (6) It is decided to direct SNS Minerals to start back filing in their mined out area immediately and regarding common buffer zone SNS Minerals shall contribute in creation of common buffer zone with Bhatara Limestone mine.

The above information should be submitted by the PP latest by 15.08.2015.

49. **Case no. 1676/2013** Prior Environmental Clearance for SSP/GSSP & Allied Blended Fertilizer Products, BRP & LABSA Plants in area of 7.24 ha at plot no.1 (185-188) & Plot no. 2 (59-F, 61-A, 61-B, 61-C) Meghnagar Industrial Estate, Village Meghnagar, Tehsil Meghnagar, District Jhabua, MP; Proposed Production Capacity – SSP / GSSP ; 1,98,000 TPA, Beneficiation of Low Grade Rock Phosphate 92,000 TPA, Allied Blended Fertilizer Products 49,500 TPA, LABSA; 19,800 TPA by Mr. Suraj Chhabria, Executive Director, R C Fertilizers Pvt. Ltd. 181, A2, Maker Tower E, Cuffe Parade, Mumbai – 400005

- (1) The proposed project is manufacturing of Single Super Phosphate (SSP), Granulated Single Super Phosphate (GSSP), Allied Blended fertilizer products, Beneficiation Rock Phosphate (BRP) and Linear Alkyl Benzene Sulphonic Acid (LABSA) at Meghnagar Industrial center, Jhabua, M.P. The project proponent is Mr. Suraj Chhabria, Executive Director, R C Fertilizers Pvt. Ltd. Mumbai.
- (2) The Proposed production capacity are as follows :-

SSP/GSSP	: 1,98,000 TPA
Allied Blended Fertilizer Products	: 49,500 TPA
Beneficiation of Low Grade Rock Phosphate	: 92,000 TPA
LABSA	: 19,800 TPA
- (3) PP has submitted letter dtd 08.03.13 from DFO, Jhabua regarding National park / Sanctuaries, Eco-sensitive areas, and letter dtd 15.04.13 EE, PWD, Jhabua regarding inter-state boundary. There is no National park / Sanctuaries, Eco-sensitive areas, Critically polluted areas and inter-State boundaries within 05 km of the proposed site **hence general conditions are not attracted.**
- (4) The project includes manufacturing of SSP and allied products, Synthetic Organic Chemicals industry, and Mineral beneficiation hence covered under 5(a), 5 (f) & 2(b) category B. of the Schedule of EIA Notification issued by the Ministry of Environment & Forests vice S.O.1533 (E) dtd.14.09.06 & its amendments.
- (5) ToR issued on 22.10.13 and EIA report submitted by PP on 26.07.2014.
- (6) The case was discussed in SEAC meetings 141st dtd. 10.09.13, 148th dtd.25.08.14, 163rd dtd 24.12.14 & 183rd dtd 27.04.15 and is recommended for grant of prior EC subject to 05 special conditions.
- (7) The case was discussed in depth and it is noted that :-
 - (i). The total project land area is 7.24 ha (72400 sqmt). PP has submitted notarized copy of two registered lease deeds (1) plot no. 159-F, 61-A, 61-B & 61-C area 32400 sqmt. dtd 04.10.2013 (2) plot no. 185 to 188; area 40000 sqmt. dtd 21.02.2013 at Village Meghnagar, Tehsil Meghnagar, District Jhabua, MP. between MPAKVN, Indore and M/s R. C. Fertilizers Pvt. Ltd. through General Manager for period of 30 years.
 - (ii). The project is located in notified Meghnagar Industrial Growth Centre District Jhabua approved by MPAKVN (Indore) Ltd. hence **as per GoI, MoEF OM dtd 10.12.14 Public hearing is exempted.**

(Gulshan Bamra)

- (iii). The total water requirement is 410 KLD (Industrial - 375KLD + domestic 25 KLD + gardening-10 KLD). The source of water for the project is MPAKVN through Anaas River. PP has submitted MPAKVN letter (dtd. 03.05.13) for supply of 500 KLD fresh water. **It is decided that the entire demand of fresh water should be met through AKVN, supply and there should be no extraction of ground water.**
- (iv). Wastewater generating streams will be from Ventury Scrubber attached to acidulation chamber, Beneficiation process of rock phosphate, equipment cleaning, floor washing etc. and is proposed to be recycled.
- The wastewater from Ventury Scrubber will be received in settling tank. This, along with waste water generated from equipment cleaning and floor washing, will be recycled in the process for the dilution of Sulphuric Acid.
 - Wastewater from BRP plant will be reused in beneficiation process.
 - Domestic waste water will be treated in STP. Treated water from STP outlet will be utilized for gardening purpose and there will be Zero Liquid Discharge.
- d. It is decided that PP should ensure :-**
- The reclaimed waste water to be reused in process.
 - Waste water from BRP plant will be reused in Beneficiation process.
 - Proper flooring & dyke wall will be provided at storage area.
 - STP will be provided for domestic waste water. Treated waste water should be reused for gardening.
 - Storm water drains will be provided.
 - Generating of high quantity of silica as tailing in Beneficiation process, industry shall ensure that :-
 - Process waste water should not be allowed to mix with storm water.
 - Dedicated storage space will be provided.
 - Regular monitoring of impurities in tailing shall be ensured.
 - Industry shall provide RCC settling tanks and FRP lining to avoid any leakages.
 - Proper flooring will be done to avoid the leaching of H_2SiF_6 solution into the soil.
 - Appropriate dyke wall will be made.
 - Highly efficient scrubber shall be installed to reduce HF emission as per MPPCB & CPCB norms.
 - There should be 100% recycling of treated waste water and Industry shall ensure "Zero Liquid Discharge" from the unit.**

(Gulshan Bamra)

- (v). Hazardous and Other Solid Wastes generated from the process activities will be mainly discarded bags/containers, used oil and tailings of BRP plant, used oil will be reused in lubrication of open gears. Discarded bags, containers and other solid waste like scrap paper will be sent to authorized vendor. Organic waste will be used as manure in greenbelt development. **It is decided that:-**
- Industry shall provide sand beds near the storage area of H₂SO₄ storage tank.
 - To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.
 - PP should ensure handling, disposal and management of hazardous waste as per the related prescribed rules.**
 - PP should ensure disposal of hazardous waste/ by products regularly through sale to authorized vendors or in TSDF site and there should be no dumping of these materials in the premises/outside.**
 - Solid waste generation from operation of STP will be reused as manure in green belt development.
 - PP should obtain NOC /approval from competent authority for health & safety measure, Onsite & Offsite disaster management, Risk management plan and Fire fighting before commencing the operation of the unit.**
- (vi). The generation of air pollutants will be mainly dust from all transfer points, storage areas and grinding; HF & PM from acidulation of rock phosphate and curing; PM from hot air furnace and operation of drying & cooling section in blended fertilizers product & GSSP and crushing and grinding units; SO₂ and NO_x and PM during operation of diesel generator (DG) set. For control of air pollution PP has proposed dust hoods, water spray, stack of 30 m height in grinding mill and hot air furnace, 10 m height for DG set, four stage high efficient ventury scrubber with 50 m stack height. **It is decided that ;**
- PP should ensure air pollution control measure and stack height as follows : -**

S. No.	Stack attached to	Pollutants	Stack height in m	Air pollution (control measures)
1.	Grinding Mill (MS)	PM	30	Bag House Filters
2.	SSP Scrubbers	PM & HF	50	Scrubbers
3.	Wet scrubbers attached to GSSP Cyclone	PM	30	Wet Scrubbers
4.	Allied blended fertilizers	PM & NOX	30	Adequate Stack height
5.	DG set	PM SO ₂ & NOX	10	Adequate Stack height

(Gulshan Bamra)

- b. As per monitoring plan PP should ensure regular monitoring of stack emission & ambient air for PM, HF concentration as per MPPCB / CPCB Norms.
 - c. PP should conduct regular (six monthly) study of impact of air emission on the yield of crops in the vicinity villages viz. Agral, Futtalav and Meghnagar in collaboration with local Krishi Vikas Kendra.
 - d. All the transfer point of conveyor belts and screen / roll crusher shall be provided with dust hood.
 - e. Adequate water spray arrangement to suppress dust will be ensured.
 - f. High efficient four stage ventury scrubber will be provided.
 - g. Stack of 50 m height will be attached to scrubbers with water as scrubbing media for HF & PM emission due to operation of acidulation of Rock Phosphate and curing.
 - h. Ensure efficient operation of scrubbers and monitoring impurities H_2SiF_6 .
 - i. Interlocks and alarm will be provided. DG sets will be attached to scrubbers, to ensure HF emission is within permissible limit during any abnormal situation or during power failure.
 - j. Transportation of raw material and finished goods will be carried out in covered trucks.
 - k. Traffic management plan will be made and followed.
- (vii). PP has proposed roof top rain water harvesting through recharge pits. **It is decided that PP should ensure rain water harvesting.**
- (viii). PP has proposed total green belt of 24425 sq.m.(33.7 % of the total land area) with three layer of green belt. PP has proposed green belt plantation in three rows with total 850 plants besides PP has also proposed plantation of 500 saplings in the public places, road crossing and nearby villages and distribution of 1000 saplings to the farmers of nearby villages for plantation on agriculture hedges. **It is decided that :-**
- a. Green belt should be developed around the site with noise absorbing trees.
 - b. PP should ensure plantation in 33% of the total land area as per the CPCB guidelines.
 - c. PP should also plant *Gladious* as indicator species for fluorine emissions in ambient air.
- (ix). Regarding CSR activities **It is decided that PP should adopt Agral & Futtalav villages, create Women Self Help Groups (SHGs) for training, skill development, health programs, education programs, sanitation (toilets) and give at least 50%**

(Gulshan Bamra)
I/c Member Secretary

(H.S.Verma)

(Waseem Akhtar)
Chairman

contribution for the SHGs. Accordingly, the budget for CSR activities should be increased.

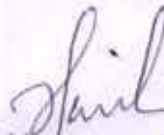

- (x). PP should ensure proper road width and turning radius for the trucks and movement of vehicles. PP should ensure Pucca Parking bay for at least 40 trucks.
- (xi). PP should conduct quarterly monitoring of rock phosphate w.r.t uranium and titanium percentage from authorized accredited laboratory and submit compliance Reports.

The Authority decided to accept the recommendations of 183rd SEAC meeting dtd. 27.04.15 with 05 special conditions and accord Environmental Clearance to SSP/GSSP & Allied Blended Fertilizer Products, BRP & LABSA Plants in area of 7.24 ha at plot no.1 (185-188) & Plot no. 2 (59-F, 61-A, 61-B, 61-C) Meghnagar Industrial Estate, Village Meghnagar, Tehsil Meghnagar, District Jhabua, MP; Proposed Production Capacity – SSP / GSSP ; 1,98,000 TPA, Beneficiation of Low Grade Rock Phosphate 92,000 TPA, Allied Blended Fertilizer Products 49,500 TPA, LABSA; 19,800 TPA by Mr. Suraj Chhabria, Executive Director, R C Fertilizers Pvt. Ltd. 181, A2, Maker Tower E, Cuffe Parade, Mumbai – 400005 subject to all specific conditions imposed by SEIAA in its meetings.

50. **Case No.2091/2014** Prior Environment Clearance for expansion project of an existing TMT bar and billets unit at 44 & 47 A.B. Road, Industrial Area, Banmore, Tehsil - Morena, District-Morena, MP. Land area- 60704.0 sq.m. Existing Capacity - 28000 TPA of TMT bar Proposed capacity Billets –2,00,000 TPA, TMT Bars– 1,50,000 TPA, Steel structure – 50,000 TPA by Shri Sanjeev Gupta, Director, M/s Ambashakti Udyog Limited, A.B. Road, Industrial Area, Banmore, Tehsil-Morena, District-Morena, MP-476444 email: ambashaktiudyog @ gmail.com Mob: 09425112057

- (1) This is a project for enhancement in the production capacity of an existing unit of capacity 28,000 TPA of TMT bars to 1,50,000 TPA TMT BARS; Billets–2,00,000 TPA and Steel structure – 50,000 TPA within existing premises. PP has proposed to install 2 nos induction arc furnace and 2 nos rolling mills. The total land area of the project is 60704.0 sq.m (6.070 ha).
- (2) The proposed production capacity is more than 30,000 (using induction arc furnace) hence project is covered under 3 (a) category of the MoEF, GoI EIA Notification 2006 and its amendments.
- (3) There is no inter-state boundary within 05 km (Project Director, NHAI, Gwalior letter dtd 07.10.14) and no Wildlife Sanctuaries, National Parks, and Tiger Reserves within 05 km of the boundary (DFO letter dtd. 14.11.14), hence, general conditions not attracted.
- (4) The ToR was issued to PP by SEAC (dtd 10.04.2015) and EIA was submitted by PP (dtd 20.04.2015).
- (5) The case was discussed in 188th SEAC dtd.02.05.15 & recommended for grant of prior EC subject to 04 special conditions.

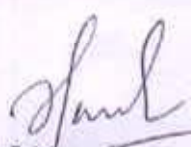

(Gulshan Bamra)
I/c Member Secretary
206th SEIAA Meeting dtd. 08.06.2015

(H.S. Verma)

- (6) The case was discussed in depth and it is noted that :-
- (i). PP has submitted copy of registered amended lease deed dated 04.07.2014 between MD, Industrial Infrastructure Development Corporation (Gwalior) and M/s Ambashakti Udyog Limited for plot no. 44 & 47 Industrial Area, Banmore, Tehsil - Morena, District-Morena, for the period of 99 years (w.e.f. 04.08.1980 to 03.08.2079).
 - (ii). The project is located in notified Industrial Growth Centre - Banmore, Distt, - Morena (M.P.) approved by AKVN hence exempted for public hearing as per MoEF, GoI OM dtd 10.12.2014 issued under EIA notification, 2006.
 - (iii). The source of water supply for the project is MPAKVN (letter dtd. 12.02.15). The total water requirement for the existing unit is 63 KLD (domestic 3.00 KLD, Cooling water 59.80 KLD & DM water 0.20 KLD). After expansion the total water requirement will be 500 KLD (domestic 14.7 KLD, Cooling water 485 KLD & DM water 0.30 KLD). **It is decided that the entire demand of fresh water should be met through AKVN, supply and there should be no extraction of ground water.**
 - (iv). The water shall be required only for cooling and domestic purpose hence no industrial effluent shall be discharged. Thus the production process is zero discharge. The total waste water generation for the existing unit is 5.50 KLD (domestic 2.50 KLD, Cooling water 2.90 KLD & DM water 0.10 KLD). After expansion the total waste water generation will be 28.2 KLD (domestic 13 KLD, Cooling water 15 KLD & DM water 0.20 KLD). PP has proposed STP of 25m³ and ETP of 20 cum capacity. The wastewater from DM/Softner will be mixed with raw water and used for gardening / dust suppression. **It is decided that PP should ensure zero waste water discharge from the process.**
 - (v). For control of air emission, PP has proposed hoods, cyclone, bag filter, ID fan, scrubber and stacks (2 nos.) of 30 m height. **It is decided that PP should ensure air pollution control measure as proposed in EMP and should conduct regular monitoring of stack emissions and ambient air as per MPPCB / CPCB norms.**
 - (vi). Solid waste generated during construction phase will be suitably reused for leveling the site and laying of internal roads. The top soil will be preserved and used for landscaping purpose. The solid waste generated from the process namely plant dust, mill scale, papers etc (5.0 TPA). shall be sold to local vendor. The Iron Slag (18000 TPA) generated from process will be reused in furnace and in civil work & bricks manufacturing. The spent resin from softener plant and spent oil from DG sets will be sold to MPPCB authorized vendors/agencies. **It is decided that PP should ensure the disposal of hazardous waste through authorized agencies and obtained consents from competent Authorities.**

- (vii). PP has proposed to provide 08 nos of recharging pits for recharging of ground water. **It is decided that PP should ensure roof top rain water harvesting for ground water recharge.**
- (viii). PP has included disaster management plan, fire fighting provisions in the EIA report. **It is decided that PP should obtain NOC for fire and approval for onsite emergency plan, health and safety plan from the Competent Authorities.**
- (ix). PP has proposed to develop 33% (16600 + 3560 = 20160 sq.m) of total land area as greenbelt including 2501 nos. of trees. **The authority decided that PP should ensure plantation in three rows all along the periphery of the project area, and along the roads, subject to minimum of 33% of the total area of the project. PP should ensure plantation of the trees of indigenous local varieties like Neem, Peepal, Kadam, Karnj, Kachnaar etc. Every effort should be made to protect the existing trees on the plot.**
- (x). Regarding CSR activities it is decided that PP should focus on the 300 families of employees and conduct survey regarding sanitation facilities health profile, intensive health check up including senior citizens, women skills, children profile etc. PP should develop Women Self Help Groups for training and skill development programs, health programs, education programs, sanitation and give at least 50% contribution for the SHGs. PP should submit compliance report to SEIAA. Accordingly, the budget for CSR activities should be increased.

Minutes of the 206th Meeting of SEIAA dated 08.06.2015

- (2) The total land area is 7246.20 Sq.m. The total built up area proposed by PP is 39052.66 sq.m. The project comes under 8 (a) category (B) of schedule of EIA Notification, 2006 because total construction is between 20,000 sq mt. & 1, 50,000 sq mt. and plot area is less than 50 ha.
- (3) The case was discussed in SEAC meetings 188th dtd. 02.05.15, and is recommended for grant of prior EC subject to 06 special conditions.
- (4) The case was discussed in depth and it is noted that :-
- (i). Regarding land PP has submitted copy of lease renewal deed dtd 07.11.2012 in which it is mention that the said lease deed is part of earlier lease deed dtd. 04.02.1982. **It is decided that PP should submit the earlier lease deed dtd. 04.02.1982.**
 - (ii). PP has submitted the building permission from Nagar Nigam, Indore dtd 22.11.14 for the built up area of 18114.43 sqmt.. In the presentation the proposed built up area shown is 39052.66 sqmt. which is more than 5 FAR. PP has not submitted T & CP permission along with approved map of the proposed project. **It is decided that PP should clarify built up area of the project & submit the T & CP permission along with approved layout.**
 - (iii). The total water requirement is 207 KLD. The source of water supply is Municipal Corporation Indore. PP has submitted letter from Municipal Corporation Indore dtd. 16.03.15 regarding water supply. **It is decided that PP should ensure that the entire water demand is met through Municipal Corporation, Indore and there is no extraction of ground water.**
 - (iv). PP has provided sewage treatment plant of 130 KLD however in the water balance calculation the waste water generation in not mentioned clearly. **It is decided that PP should submit :-**
 - a. **The water balance chart incorporating water generation, STP capacity, treated waste water, recycle waste & extra treated waste water of the project & submit.**
 - b. **Layout plan showing sewer line and disposal point of extra treated waste water in Municipal sewer line.**
 - c. **Clear NOC from Indore Municipal Corporation for disposal of extra treated waste water in Municipal sewer line.**
 - (v). Approximately 600 Kg/day Municipal Solid waste shall be generated. The generated biodegradable (180 kg/day) and non biodegradable waste (420 kg/day) will be collected in three coloured bins & final disposal through Municipal Corporation Indore. STP sludge (7.5 kg/day) to be dewatered & proposed to be used as manure. PP has applied (dtd.17.12.14) to Nagar Nigam, Indore for disposal of MSW at dumping site. **It is decided that the disposal of MSW should be linked with Nagar Nigam and PP should submit clear NOC.**
 - (vi). E-waste and hazardous waste generated from the site to be handed over to authorized agency for safe disposal. **It is decided that PP**

should obtain authorization from MPPCB regarding hazardous waste disposal. It is decided that PP should ensure :

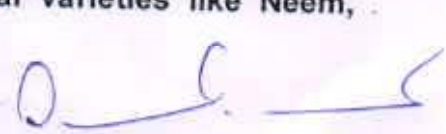

- a. PP should ensure handling, disposal and management of hazardous waste as per the related prescribed rules.
 - b. PP should ensure disposal of hazardous waste/ by products regularly through sale or in TSDF site and there should be no dumping of these materials in the premises/outside.
- (vii). The proposed project is high-rise commercial project & during presentation PP has submitted that the height of the building is 45 m however in the building permission dtd. 22.11.14, it is mentioned that the height of the building should not be more than 29.85 m. **It is decided that PP should clarify the same and accordingly submit the details of road width; MOS and Open spaces etc.**
- (viii). PP has proposed to provide fire alarm system, Fire detection system, Wet risers, Fire hydrants, Fire pumps, booster pumps, sprinkler pumps, fire hydrant line, portable fire extinguishers, Automatic sprinkler system Adequate underground and overhead separate water storage tanks etc. as per NBC 2005. PP has also submitted Provisional fire fighting NOC dtd. 12.03.15 from UADD Bhopal. **It is decided that as per MPBVR, 2012 rule 42 (3) PP should submit necessary drawings and details to the Authority (Nagar Nigam, Indore) incorporating all the fire fighting measures recommended in National Building Code part – IV point no. 3.4.6.1. The occupancy permit shall be issued by Nagar Nigam only after ensuring that all fire fighting measures are physically in place.**
- (ix). PP has submitted roof top rain water harvesting system through one recharging pit. **It is decided that PP should increase the number of recharging pits and accordingly submit the layout plan showing their location.**
- (x). The total power requirement is 575 KVA. PP has also proposed power back up DG set (1 x 320 KVA). PP has proposed to provide LED, lights and high efficiency motors to save power. PP has also proposed to provide solar lights for road lighting. **It is decided that PP should ensure installation of photovoltaic cells (solar panels) for lighting in common areas, LED light fixtures and energy efficient equipments.**
- (xi). PP has proposed to provide 12384 sq.m. in basement (3 nos) for parking. During presentation it was informed by PP that the complex will be partly mercantile & partly for commercial offices. **It is decided that PP should submit details of built-up area break-up for the same.**
- (xii). Out of the total land (7246.20 Sq.m) an area of 725 sq.m is proposed to be developed as green area. **It is decided that Plantation should be done in two rows all along the periphery of the project area, avenue plantation on both side of the roads, rotary, podium with one tree per 100 sq. m. of the plot area. PP should ensure plantation of the trees of indigenous local varieties like Neem,**
