

Minutes of the 246th Meeting of SEIAA dated 06.10.2015

The 246th meeting of the State Level Environment Impact Assessment Authority was convened on 06.10.2015 at the Authority's Office in Environmental Planning and Co-Ordination Organization (EPCO), Paryavaran Parisar, Bhopal. The meeting was chaired by Shri Waseem Akhtar, Chairman, SEIAA. The following members attended the meeting:-

- | | |
|--------------------------------|------------------|
| 1 Shri H.S. Verma | Member |
| 2 Shri Ajjatshatru Shrivastava | Member Secretary |

- A. Following cases of other than mining query response and received from SEAC have been considered :-

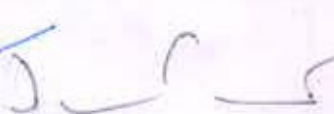

S No	Case No.	Category	SEAC and additional information cases in SEIAA
1.	2694/2015	8(a)	227 th SEAC meeting dtd 19.09.2015
2.	2410/2015	8 (a)	227 th SEIAA meeting dtd 14.08.2015
3.	3019/2015	8 (a)	225 th SEIAA meeting dtd 11.08.2015
4.	1708/2013	5 (a)	230 th SEIAA meeting dtd 27.08.2015

- B. Following mining cases received from SEAC have been considered :-

S No	Case No.	Category	SEAC recommended cases
5.	3323/2015	1(a)	219 th SEAC meeting dtd. 25.08.2015
6.	1020/2013	1(a)	223 rd SEAC meeting dtd 15.09.2015
7.	1021/2013	1(a)	223 rd SEAC meeting dtd 15.09.2015
8.	2516/2015	1(a) B2	223 rd SEAC meeting dtd 15.09.2015
9.	2596/2015	1(a) B2	223 rd SEAC meeting dtd 15.09.2015

1. **Case No.-2694/2015** Prior Environmental Clearance for proposed Residential Project "Affordable Housing Scheme" at Village-BairagarhChichli, Tehsil-Huzur, District-Bhopal (MP) by Mr. B.K. Agnihotri, Executive Engineer, M.P. Housing & Infrastructure Development Board, Div.-2, R.S.S. Market, 5 No. Stop, Bhopal-462011 (MP).

After detailed discussion and perusal of the recommendation of 227th SEAC meeting dtd. 19.09.2015, PP should be invited for presentation.

2. **Case No. 2410/2015** Prior Environmental Clearance for proposed Group Housing Project "Western Courtyard, Western Court, Western Heights, Singapur Villas & J.K. Town-Phase-II" at Village-Banjari, Tehsil-Huzur, District-Bhopal (MP) by Mr. P. Raju, Director, M/s Ananjay Construction & Contracts Pvt. Ltd. & New Vallabh Co-operative Housing Society Ltd., 101-A, Orchard Point, Palace Orchard, Kolar Road, Bhopal-42 (MP).

(1) The case was discussed in 227th SEIAA meeting dtd. 14.08.2015 and it was recorded that *"The case was discussed in 208th SEAC meeting dtd 23.07.2015 and recommended for grant of prior EC with 06 conditions. In view of NGT order dtd. 07.07.2015 regarding violation, the Authority decided that PP should submit affidavit stating the present status of the project regarding construction activities undertaken at the site (if any) along with the recent photographs. PP should submit the above information latest by 15.09.2015."*

(2) In response to above query, reply submitted by PP (vide letter dtd 15.09.15 received in SEIAA office on 15.09.15) was discussed in depth and it is noted that:-

- (i). PP has submitted affidavit for the construction status and present site photographs of the said project. **It is decided that PP should be invited for a detailed presentation as per MoEF, GoI Office Memorandum dtd 19.06.2013.**

3. **Case No. 3019/2015** Prior Environment Clearance for approval of proposed construction of residential towers "Sagar Life Style" at Khasra No. – 112/1/Kha, 112/1/3/1, 112/2/1/3/2, 108/4/1, Village-Misrod, Tehsil-Huzur, District-Bhopal (MP), Total Land Area- 2.955 ha. (29550.0 sq.m.), Total Built Up Area- 58950 sq.m by Shri Sudheer Agrawal, Partner, M/s Agrawal Builders & Colonizers Co., E-4/231, Arera Colony, Bhopal (MP)- 462018 Phone No. 0755-2460107, E-mail : agrawalbuilders@yahoo.com, Enviro Consultant Creative Environment Services, Bhopal.

(1) The case was discussed in 225th SEIAA meeting dtd 11.08.2015 and it is recorded that

(1) *The case was discussed in 222nd SEIAA meeting dtd 27.07.2015 and it is recorded that "After detailed discussion and perusal of the recommendations of 204th SEAC meeting dtd. 04.07.2015, PP should be invited for a detailed presentation."*

(2) *After deliberations by PP the case was discussed in depth and it is noted that :-*

(i). *The proposed project is building construction of residential towers "Sagar Life Style" at Khasra No. 112/1/Kha, 112/1/3/1, 112/2/1/3/2, 108/4/1, Village - Misrod, Tehsil - Huzur, District-Bhopal (MP). The project includes the construction of 8 towers with 564 Multiunit (HIG-288, MIG-192, LIG-36 & EWS-48), Club house & shops (5-nos).*

(ii). *As per the T & CP Indore (vide letter no. 1467/LP-109/29/ NAGRANI /JIKV/ 2013, dtd 02.09.2013). The total land area is 2.955 ha.(29550.0 sq.m.) The total built up*

(Ajatshatru Shrivastava)
Member Secretary

(H.S.Verma)
Member

(Waseem Akhtar)
Chairman

area proposed by PP is 58950 sq.m. The project comes under 8 (a) category (B) of schedule of EIA Notification, 2006 because total construction is between 20,000 sq mt. & 1, 50,000 sq mt. and plot area is less than 50 ha.

- (iii). The case was discussed in SEAC meetings 204th dtd. 04.07.15 and is recommended for grant EC subject to 05 special conditions.
- (iv). PP has submitted copy of Khasra Panchsala 2012-13. As per Khasra Panchsala the land is in the name of Shri Sudhir Kumar Agrawal. **It is decided that PP should submit notarized copy of partnership deed / joint venture agreement.**
- (v). The total water requirement is 383 KLD and fresh water requirement is 255 KLD. The total recycled water 143 KLD (128 KLD Flushing +15 KLD Horticulture). The source of water supply is Bhopal Municipal Corporation. PP has submitted letter (dtd. 30.03.15) from Nagar Nigam Bhopal for supply of water. **It is decided that the entire demand of fresh water should be met from municipal supply and there should be no extraction of ground water.**
- (vi). The total waste water generation is 345 KLD. PP has provided sewage treatment plant of 375 KLD. The total treated waste water is 311 KLD. Out of this 143 KLD is proposed to be recycled (128 KLD Flushing +15 KLD Horticulture) and remaining 168 KLD is proposed to be discharged in municipal sewer line. PP has submitted letter (dtd. 04.02.14) from Nagar Nigam Bhopal for disposal of extra treated waste water in to the nearby Nalla. **It is decided that PP should submit clear NOC from Nagar Nigam, Bhopal for disposal of extra treated waste water in the municipal sewer line.**
- (vii). The proposed site is in near vicinity to the existing canal of river Kaliyasoat. **It is decided that PP should ensure that a buffer of 10.5 m should be left from the centre of the canal.**
- (viii). Approximately 1574 kg per day of Municipal Solid waste shall be generated which is proposed to be segregated at source and Organic/Biodegradable waste will be handed over to local vendor for composting. Inorganic waste like plastic, packing material, metal shall be sold to recyclers/vendors for recycling. Final disposal is through Municipal Corporation Bhopal. PP has submitted NOC from Indore Municipal Corporation letter (dtd. 17.10.13) for disposal of solid waste. **It is decided that PP should:-**
 - a. Provide compactors for MSW
 - b. Ensure three bin system for segregated collection of waste.
 - c. Ensure linkage with Bhopal Municipal Corporation for final disposal of MSW.
- (ix). The maximum height of the building is 18.0 M + Podium Parking + Still. PP has proposed to provide width of main access 12 m; Front MOS 7.5 m and rear 6.0 m. **It is decided that PP should ensure road width; MOS and Open spaces as per MPBVR 2012 Rule 42 (1); table 4 for buildings height upto 18 m.**
- (x). PP has proposed to provide overhead tank. Landing valves with hose reels, External hydrant all around the building & yard, automatic sprinkler system Pumping arrangement system- Riser system with pressure pump, auto operation with pressure switch etc. as per NBC 2005. **It is decided that as per MPBVR, 2012 rule 42 (3) PP should submit necessary drawings and details to the Authority (Nagar Nigam, Bhopal) incorporating all the fire fighting measures recommended in National Building Code part – IV point no. 3.4.6.1. The occupancy permit shall be issued by Nagar Nigam only after ensuring that all fire fighting measures are physically in place.**
- (xi). PP has proposed to provide roof top rain water harvesting system with 09 nos. of recharging pits. **It is decided that PP should ensure the rain water harvesting. In addition, PP should provide recharging trenches. The base of the trenches should be Kachha with pebbles.**

- (xii). The total power requirement is 5000 KW/day. PP has proposed LED lights in the common areas, landscape areas, signages, entry gates and boundary walls etc. DG sets on auto cut and auto start controlled mechanism. **It is decided that PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures and other energy efficient equipments.**
- (xiii). PP has proposed to provide parking for 510 ECS (Podium- $14657.51/30=489\text{ECS}$ + Still - $628.57/30=21\text{ ECS}$). **It is decided that PP should ensure the car parking for 510 ECS as proposed.**
- (xiv). Out of the total land (29550.0 sq.m.) an area of 2955.0 sq.m (10%) is proposed to be developed as green area. As per SEAC 204th meeting dtd.04.07.15 it is recorded that "Total open space for landscape is proposed as 2955 sq mt which is as per T & CP. PP has informed that the inclusive of podium landscape, road side and boundary wall plantation, the area comes 5586 sq mt which is nearly 18% of the area". **It is decided that PP should ensure**
- Plantation in 5586 sqmt. (18%) of the total plot area and plant saplings at least 3 years old.**
 - Plantation should be done in two rows all along the periphery of the project area, avenue plantation along the proposed 24 m wide master plan road. PP should ensure plantation of the trees of indigenous local varieties like Neem, Peepal, Kadam, Karanj, Kachnaar etc along with ornamental varieties.**
 - Every effort should be made to protect the existing trees on the plot.**

(3) **PP should submit the above information latest 30.09.2015.**

- (2) In response to above query, reply submitted by PP (vide letter dtd 21.09.15 received in SEIAA office on 21.09.15) was discussed in depth and it is noted that:-
- PP has submitted notarized copy of partnership deed dtd 01.07.2013 regarding landownership of M/s Agrawal Builders & Colonizers.
 - PP has submitted Bhopal Municipal Corporation letter dtd 16.09.2015 regarding disposal of extra treated waste water. **It is decided that when the municipal sewer line is laid in the project area, PP should ensure linkage with municipal sewer line for disposal of extra treated waste water (if any).**

The Authority decided to accept the recommendations of 204th SEAC meeting dtd. 04.07.2015 with 05 special conditions and accord Environmental Clearance to Proposed proposed construction of residential towers "Sagar Life Style" at Khasra No. - 112/1/Kha, 112/1/3/1, 112/2/1/3/2, 108/4/1, Village-Misrod, Tehsil-Huzur, District-Bhopal (MP), Total Land Area- 2.955 ha. (29550.0 sq.m.), Total Built Up Area- 58950 sq.m by Shri Sudheer Agrawal, Partner, M/s Agrawal Builders & Colonizers Co., E-4/231, Arera Colony, Bhopal (MP)- 462018 subject to **all specific conditions imposed by SEIAA in its meetings.**

4. **Case No. 1708/2013** Prior Environmental Clearance for Beneficiation of Rock Phosphate (BRP) & Manufacturing unit of SSP, GSSP, TSP, Synthetic Gypsum, Phosphoric Acid, Sodium Silica Fluoride at Plot no. A-2 Saurai Industrial Area Village- Saurai, Tehsil - Banda Dist. Sagar, MP; Proposed Production Capacity- 1) BRP through put- 99000 MTPA; 2) SSP-180000 MTPA, 3) GSSP-180000 MTPA, 4) TSP-66000 MTPA, 5) Synthetic Gypsum-165000 MTPA, 6) Phosphoric Acid-19800 MTPA; 7) Sodium Silica Fluoride-1320 MTPA by M/s Madhya Bharat

Agro Products Limited (Unit-III) through Manager Shri Manohar Raghuwanshi, 127, Rachna Nagar, Bhopal (MP)-452001; Env. Con. – Asian Consulting Engineers Pvt. Ltd. New Delhi. Email: thada.asp@gmail.com Ph -0755 - 2786170

(1) The case was discussed in 230th SEIAA meeting dtd 27.08.2015 and it is recorded that

(1) The case was discussed in 227th SEIAA meeting dtd 14.08.2015 and it is recorded that "The case was discussed in 206th SEAC meeting dtd 21.07.2015 and recommended for grant of prior EC with 06 conditions. **The Authority decided to call PP for presentation.**"

(2) After deliberations by PP the case was discussed in depth & it is noted that:

(i). The proposed project is Beneficiation of Rock Phosphate (BRP) and Manufacturing unit of Single Super Phosphate (SSP), Granulated Single Super Phosphate (GSSP), Triple Super Phosphate (TSP), Synthetic Gypsum, Phosphoric Acid, Sodium Silica Fluoride (SSF) at Plot no. A-2 Saurai Industrial Area Village- Saurai, Tehsil – Banda Dist. Sagar, M.P. Proposed Production Capacity- 1) BRP through put- 99000 MTPA ; 2) SSP-180000 MTPA, 3) GSSP-180000 MTPA, 4) TSP-66000 MTPA, 5) Synthetic Gypsum-165000 MTPA, 6) Phosphoric Acid-19800 MTPA ; 7) Sodium Silica Fluoride – 1320 MTPA. The project proponent is Shri Manohar Raghuwanshi Manager, M/s Madhya Bharat Agro Products Limited (Unit-III).

(ii). The project includes Mineral beneficiation plant with throughout less than 0.1 million ton/annum covered under 2(b) and manufacturing of SSP (Granulated) and allied products without H₂SO₄ production covered under 5(a) category B of the Schedule of EIA Notification issued by the Ministry of Environment & Forests vide S.O 1533 (E) dtd.14.09.06 & its amendments.

(iii). There is no National park / Sanctuaries, Eco-sensitive areas, (DFO letter dtd. 19.07.13) within 10 km; critically polluted areas and inter-State boundaries within 05 km of the proposed site hence general conditions are not attracted.

(iv). ToR issued on 22.09.2014 and EIA report submitted by PP on 19.06.2015.

(v). The case was discussed in SEAC meetings 140th dtd. 30.08.13, 148th dtd.25.08.14 & 206th dtd 21.07.15 and is recommended for grant of prior EC subject to 06 special conditions.

(vi). The total project land area is 233704.0 sq.m. (23.370 ha). PP has submitted lease deed (dtd. 09.04.13) executed between the Governor of M.P. acting through General Manager District Trade & Industries Centre, Sagar and M/s Madhya Bharat Agro Products Limited (Unit-III) for the period of 30 years (09.04.2013 to 08.04.2043).

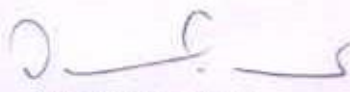

(vii). Public Hearing was conducted within the industrial area, Village; Saurai, Tehsil; Banda, District; Sagar (M.P.) on 04.03.2015 under Chairmanship of Add. Collector, Sagar District Sagar (M.P.). The issues raised during the public hearing were mainly related to employment and dust generation from the unit, which were addressed by PP.

(viii). The major raw material required for the proposed unit are :-

- Sulphuric acid is proposed to be purchased from outside market.
- Phosphoric acid will be produced in house and also purchased from outside market.
- Sodium chloride and calcium carbonate shall be purchased from outside market.
- Low grade rock phosphate which shall be purchased from State Mining Corporation Mine at Heerapur or Chhatarpur mines and also import. **It is decided that PP should submit analysis of Report of rock phosphate along with uranium test report.**

(Ajatshatru Shrivastava)
Member Secretary

(H.S. Verma)

- (ix). The total water requirement is 1306 KLD (Fresh water – 682 KLD & recycled 624). The source of water supply is ground water (bore wells). PP has not submitted NOC from CGWA regarding withdrawal of ground water. **It is decided that PP should submit clear NOC from CGWA regarding extraction of ground water.**
- (x). The waste water from BRP unit shall be collected in settling pond and recycle in BRP unit. The waste water generated from different process units is proposed to be used in the process of the other product within the closed loop. The total industrial effluent will be 30 KLD which is proposed to be treated in Effluent Treatment Plant (ETP) treated effluent and is proposed to be used for irrigating the plantation within the premises. The domestic waste water (10 KLD) shall be taken to septic tank attached with soak pit. **It is decided that PP should ensure that :**
- Waste water from BRP plant is reused in beneficiation process.**
 - Waste water from ventury scrubbers attached in different processing units, equipments cleaning, floor washing etc. should be collected in settling tank and reused.**
 - The reclaimed waste water from different units is reused in the process of other products.**
 - Proper flooring & dyke wall are provided at storage area.**
 - STP is provided for domestic waste water. Treated waste water should be reused for gardening.**
 - Storm water drains should be provided to drain the rain water.**
- (xi). The high quantity of silica generated as tailing in Beneficiation plant, SSP plant, etc. is proposed to be utilized in Sodium Silica Fluoride manufacturing process. **It is decided that :-**
- As proposed PP should maintain the zero material balance in the production of all the products.**
 - Dedicated storage space should be provided.**
 - Regular monitoring of impurities in tailing shall be ensured.**
 - Industry shall provide RCC settling tanks with FRP / HDPE lining to avoid any leakages.**
 - Proper flooring and lining will be done to avoid the leaching of H₂SiF₆ solution into the soil.**
 - Appropriate dyke wall will be made.**
 - There should be 100% recycling of treated waste water and Industry shall ensure "Zero Liquid Discharge" from the unit.**
- (xii). 30 KLD of industrial waste water shall be generated. **PP should submit the raw waste water quality and quantity generated from different units, details of ETP and quality of treated waste water with water balance.**
- (xiii). Hazardous and Other Solid Wastes generated from the process activities will be partly reused in ancillary activities and the rest including hazardous waste will be sold off to authorized agents. Hydrofluorosilicic acid is proposed to be reused in SSP manufacturing process & for production of SSF. Used oil will be stored and sold off to authorized recyclers. Solid waste like ETP sludge shall utilized in SSP plant and STP sludge will be used as manure in greenbelt development. **It is decided that:-**
- Industry shall provide sand bed near the storage area of H₂SO₄ storage tank.**
 - To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.**
 - PP should ensure handling, disposal and management of hazardous waste as per the related prescribed rules.**
 - PP should ensure disposal of hazardous waste/ by-products regularly through sale to authorized vendors or in TSDF site and there should be no dumping of these materials in the premises/outside.**

(Ajatshatru Shrivastava)
Member Secretary

(H.S. Verma)
Member

(Waseem Akhtar)
Chairman

- e. **Solid waste generation from operation of STP should be reused as manure in plantation in premises.**
 - f. **PP should obtain NOC /approval from competent authority for health & safety measure, Onsite & Offsite disaster management, Risk management plan and Fire fighting before commencing the operation of the unit.**
- (xiv). The generation of air pollutants will be mainly dust from all transfer points, storage areas and grinding ; HF (Hydrogen Fluoride) and particulate matter from acidulation of rock phosphate curing ; particulate matter from SSP, TSP & GSSP plant, crushing and grinding unit, vehicular emission, DG set emission etc. PP has proposed cyclonic separators, bag filters & four stage ventury scrubbers with efficiency of 99.95% to control fluorine emission and fugitive emissions, personal protective equipments for labours, regular monitoring of emissions and raw material transportation in tarpaulin covered trucks. **It is decided that PP should submit :-**
- a. **Unit wise generation of air pollutants, details of air pollution control equipments in each unit and number of stacks and their height.**
 - b. **Traffic management plan.**
- (xv). PP has proposed roof top rain water harvesting through recharge pits. **It is decided that PP should submit rain water harvesting plan along with the location of recharging pits.**
- (xvi). The total power requirement in operation phase is 3000 KWH and DG set back-up 875 KVA. The source of power is MPSEB, Sagar. **It is decided that PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures and energy efficient equipments.**
- (xvii). PP has proposed plantation in 74000 sqmt. with budgetary provision of Rs. 5.25 lakh. However, as per 206th SEAC meeting an area of 80,000 sq.m. (34.23 % of the total land area) is to be developed as green area. **It is decided that:-**
- a. **Green belt comprising of four rows of trees should be developed all around the site with noise absorbing trees.**
 - b. **PP should ensure plantation in 80000 sqmt. area (34.23%) of the total land area and accordingly the budget provision should be increased. The plant species should be selected as per the CPCB guidelines.**
 - c. **PP should also plant Gladious as indicator species for fluorine emissions in ambient air.**
- (xviii). Regarding CSR activities PP has proposed school education, infrastructure & village development, medical facilities, religious purposes etc. with budget of Rs. 14 lakh. **It is decided that PP should submit activity wise details of CSR plan along with increased budgetary provisions. PP should identify the skill up-gradation training programs required for employing the local people in the proposed unit.**

PP should submit the above information latest by 30.10.2015."

- (2) In response to above query, reply submitted by PP (vide letter dtd 16.09.15 received in SEIAA office on 16.09.15) was discussed in depth and it is noted that:-
- (i). PP has submitted Analysis of Report of rock phosphate from Indian Bureau of Mines / Industry of Mines. As per report, MP Mining Rock Phosphate is uranium free as mineralogy. PP has also submitted uranium analysis test report from Bhabha Atomic Research Centre (BARC), Mumbai.

(Ajatshatra Shrivastava)
Member Secretary

(H.S. Verma)
Member

(Waseem Akhtar)
Chairman

- (ii). PP has submitted copy of application dtd. 18.07.2015 to CGWA regarding abstraction of ground water. **PP should provide NOC of ground water abstraction from CGWA at an earliest.**
- (iii). Regarding industrial waste water PP has submitted waste water from whole BRP reuse in beneficiation process, the quantity of waste water generation will be 623.550 KLD. As in the BRP plant the water is added for removing the impurities from raw mineral and no chemical will be added in the water, therefore, the whole quantity will be reused. **It is decided that PP should ensure to reuse the whole quantity of the waste water generated during process as proposed.**
- (iv). PP has submitted Unit wise generation of air pollutants, details of air pollution control equipments in each unit and number of stacks and their height is as follows :-

Name of unit	Gas Emission	Air Pollution Equipments	Air emission measuring Equipments	No of stack	Height of stack
SSP	HF, PM	Four stage scrubbers, each stage containing venture & cyclone and in last stage we making alkyl scrubbing	HF analyzer & SPM	1	50 Mtr
Phosphoric Acid	HF, PM	Four stage scrubbers, each stage containing venture & cyclone and in last stage we making alkyl scrubbing	HF analyzer & SPM	1	50 Mtr

Each products unit having separate stack.

It is decided that PP should maintain all the measures regarding air pollution control as proposed.

PP has submitted Traffic management plan for raw material and finished goods. **It is decided that:-**

- PP should ensure proper vehicular movement from the entry / exit timings of the National Highway norms within the city movement.
- No idle parking shall be allowed on the National Highway.
- Within the factory premises, parking for the trucks should be properly earmarked.

- (v). Since the case pertains to chemical / fertilizer industry, it is now decided that roof water recharging should be avoided as it can pollute the ground water.
- (vi). Under CSR activities PP has proposed maintenance of primary school building in Saurai village & Dilakhedi villages and also provide facilities of internal roads, sanitary facilities, water tanks / hand pumps for drinking purpose after consultation with local Panchayat. PP has also proposed to trained science graduates nearby villages Banda & Sagar to make them skilled for the operation of fertilizer plant and also proposed organized medical checkup camps in Banda Tehsil, Saurai & Dilakhedi villages twice in a year with budgetary provision Rs. 18 Lakh upto 10 years (1.8 crores). **It is decided that PP should ensure the implementation of CSR activities to the extent of Rs. 18 lacs per annum on regular basis in consultation with the Gram Panchayat of the respective villages.**

(3) PP should submit the desired information latest by 15.11.2015.

5. **Case No. 3323/2015**, Prior Environment Clearance for **Ochre & Laterite Mine** (Open Cast other than fully mechanized Mechanized Method) in an area of 24.587 ha for production capacity of 1,50,000 TPA at Khasra No. 22(P), 23, 24/1, 32 (P), 42 (P), 43(P) at Village-Kuchmaila, Tehsil-Birsinghpur, District-Satna (MP) by Smt. Nirmala Khemka, P.O.-Jaitwara, District-Satna (MP)-485221.

- (1) SEAC in its 219th meeting dtd 25.08.2015 recommended the case for grant of prior EC and it was recorded that

"The case was considered in the 219th SEAC meeting dated 25/08/2015 for Prior Environment Clearance. This is a mining project in a mining lease area of 24.587 Ha. Mining of mineral laterite, Ochre & White Clay is proposed in the project. The project was initially considered under screening category "A" in view of Inter State boundary of U.P. at distance more than 5.0 kms but less than 10.0 kms. The TOR was issued by MoEF on 05.03.2013. The PP submitted the EIA/EMP to the MoEF on 26.02.2015. The case was transferred to the SEIAA M.P. in view of change in general condition for Inter State Boundary. The EIA/EMP was submitted to SEIAA on 04.07.2015. The EIA report was forwarded by SEIAA to SEAC for appraisal and necessary recommendation. The salient features of the EIA report and the EMP were presented by the PP accompanied by his consultant. The proposed site is located at Khasra No.- 22(P), 23, 24/1, 32(P), 42(P) & 43(P) of Village-Kuchmaila, Tehsil - Birsinghpur, District-Satna (MP) over an area of 24.587 ha. The mining lease has been sanctioned for 30 years period by the State Government w.e.f. 05.11.2004 to 04.11.2034. The scheme of mining has been approved by IBM on 30.06.2014. No nearest forest boundary is within 250m and no National Park, Sanctuary or Biosphere Reserve exists within 10.0 Kms based on the information provided by the Conservator of Forest, Satna. The revenue officer (SDO) vide letter dated 18.05.2015 has stated that no habitation, water body, river, educational institution, hospital, national monument or archaeologically important area exists within 500m. Opencast semi mechanised method of mining will be adopted in the lease area. Proposed Capacity of the project is 1,50,000 TPA. The total mineable area is 22.43 ha. which will be reclaimed and rehabilitated by afforestation while rest 1.867 ha. non mineable area will be covered under green belt. In order to prevent siltation, garland drain has been proposed along the peripheral boundary along with settling pond at corners. Run-off from the mining area will be passed through check dam prepared in sloping side to prevent siltation and allow the silt to settle down. These check dams will also assist in the recharge of ground water system. No working is proposed as per Rule 27 of Mineral Concession Rules 1960 at any point within a distance of fifty metres from any reservoir, canal or other public works, or buildings. Effective measures shall be taken up to prevent any fugitive emissions.

The EMS and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

1. Production of Ochre, White Clay & Laterite Mine shall be as per the approved mining plan not exceeding 1,50,000 TPA.
2. PP should construct a check dam and settling tank as per their commitment in public hearing.
3. Water shed management shall be carried out in the region so as to feed water bodies proposed to be developed at the end of mining.
4. Possibility shall be explored with concerned authorities to take up additional plantation on the nearby hillocks."

- (2) The case was discussed in 241st SEIAA dtd 22.09.2015 and it was recorded that

"After detail discussion and perusal of the recommendations of 219th SEAC meeting dtd 27.08.2015, PP should be invited for detail presentation."

- (3) Thereafter, PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail.
- (4) It was noted that the inter-state boundary is more than 5 km, National Park/Sanctuary is not located within 10 km radius. Hence, the **General Condition is not attracted**.
- (5) It was noted that the mining plan is approved by the IBM (vide letter no. MP/Satna/Ochre/M.Sch. -78/13-14/3578 dtd. 30.06.2014).
- (6) The proposed plantation program was examined and it was found that **24.297 ha** area shall be covered under plantation and 48594 trees shall be planted at the end of lease period.
- (7) It was noted that the water requirement is 16 KLD (7.8 KLD Dust Suppression + 6.2 KLD Green Belt + 2.0 KLD Domestic), it will be met by the Dug Well, Tube well and Mine Sump.
- (8) It was noted that the Public Hearing was held on 17.10.2014 near Mine site at Village - Kuchmaila, Tehsil - Birsinghpur, District - Satna (M.P.) under the Chairmanship of Additional Collector, Satna. The issues raised during public hearing were of general nature and nothing adverse was found regarding degradation of the environment.
- (9) After detailed discussions and perusal of recommendations of 219th SEAC meeting dtd 25.08.2015, presentation made by the PP in SEIAA & SEAC, **it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:**
 - I. Prior Environmental Clearance shall be given only for Ochre & Laterite minerals.
 - II. The transportation of minerals from mining site to the collection site at Jaitwara on PMGSY road should be done by 10 ton truck/dumper capacity only.
 - III. The PMGSY road through which transportation will be done shall be maintained by the PP in consultation with General Manager, PMGSY,

Satna and a budget provision of Rs. 2.00 lakh/year shall be allocated by him under CSR activity.

- IV. The over burden/mine waste shall be used for preparing protective bund and backfilling in the mined out area.
- V. As per condition no 18 of the Mining Plan approval by IBM (vide No. 76/13-14/3578 dtd. 30.06.2014) the PP will establish an Environmental Management Cell and report to the SEIAA before mining activity starts.
- VI. To prevent the siltation in the nearby nala an additional garland drain in the boundary towards nala side shall be constructed, so that watershed of the area could be protected.
- VII. The proposed plantation in the periphery shall be undertaken in the first year. It shall be ensured that at least 3 years old trees of local species should be planted.
- VIII. Adequate toilet/sanitation facilities should be provided to the mine workers at the site.

Hence, Prior Environmental Clearance is granted for **Ochre & Laterite Mine** (Open Cast other than fully mechanized Method) in an area of 24.587 ha for production capacity of 1,50,000 TPA at Khasra No. 22(P), 23, 24/1, 32 (P), 42 (P), 43(P) at Village-Kuchmaila, Tehsil-Birsinghpur, District-Satna (MP) ., **for the lease period** to Smt. Nirmala Khemka, P.O. - Jaitwara, District -Satna (MP) - 485221.

6. **Case No. – 1020/2013** Prior Environmental Clearance for **Nandan (Shiva Prasad) Lime Stone Mine** Lease Area – 8.09 Ha., Lease Period – 20 Year. Proposed production capacity 1,000,00 TPA (Limestone - 65,000 TPA and Reject Stone -35,000 TPA) at Khasra No. – 49,55 P, 56 P, 88, 89, 90, 92, 93, 94, 114 & 118 P at Village- Nandan, Tehsil – Maihar, Distt. – Satna (M.P.) by Shri Om Prakash Rai, Katni Road, District Satna (M.P.) – 485771

After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015, PP should be invited for presentation.

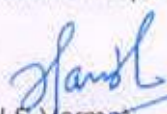

7. **Case No. 1021/2013** Prior Environmental Clearance for **Pahai (No. -2) Lime Stone Mine** Lease Area – 8.094 Ha., Proposed production capacity 1,000,00 TPA (Limestone - 65,000 TPA and Reject Stone -35,000 TPA) at Khasra No. – 1161, 1162, 1163/1,2, 1164, 1165, 1166, 1167, 1168, 1281/1,2 at Village- Pahari, Tehsil – Maihar, Distt. – Satna (M.P.) by Shri Om Prakash Rai, katni Road, District - Satna (M.P.) – 485771.

After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015, PP should be invited for presentation.

8. **Case No. 2516/2015 -** Prior Environmental Clearance for **Stone Boulder Quarry (Opencast manual /semi mechanized method)** in an area of 2.250 ha. for production capacity of 27470 cum/year at Khasra nos. 1/1 at Village-Jujharpura, Tehsil-Bakswaha, Distt.-Chhatarpur (M.P.) by Shri Anup Tiwari S/o Shri Shyam Sunder Tiwari R/o Guard Line, Damoh (M.P.)-470772

After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015, from the coordinates provided by the PP the site falls on

the edge of the State Highway, whereas as per the MMR 1996 (as amended upto 2013) the clear distance between the mining site and State Highway should not be less than 100 m. The case is hereby reverted to SEAC for re-appraisal. Copy to PP and Mining Officer, Chhatarpur.

9. **Case No. 2596/2015** - Prior Environmental Clearance for **Stone Quarry (Opencast manual /semi mechanized method)** in an area 1.618 ha. for production capacity 8,550 cum/year at Khasra No 22, 25 at Village-Lalpur, Teh-Sohagpur, Dist- Shahdol (MP) by Shri Balveer Singh R/o Town Dhanpuri, Tehsil Budhar, District Shahdol (MP)-484114

(1) After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015 it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall not exceed 5.0 m. (as per Mining Plan) at the end of lease period and not beyond that.

Hence, Prior Environmental Clearance is granted for **Stone Quarry (Opencast manual /semi mechanized method)** in an area 1.618 ha. for production capacity 8,550 cum/year at Khasra No 22, 25 at Village-Lalpur, Teh-Sohagpur, Dist- Shahdol (MP) **for the lease period** to Shri Balveer Singh R/o Town Dhanpuri, Tehsil Budhar, District Shahdol (MP)-484114.

10. **Case No. 2403/2015** - Prior Environmental Clearance for **Stone & Murum Quarry (Opencast semi mechanized method)** in an area 4.00 ha. for production capacity 1,00,000 cum/year at Khasra No 851/9 at Village-Pathara, Teh-Jatara, Dist-Tikamgarh (MP) by M/s Dilip Buildcon Ltd. thorough Sr. Manager Shri Prabhat Kumar Pathak, C/o Dilip Buildcon Ltd. Chuna Bhatti Bhopal, District Bhopal (MP)-462003

(1) After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015 it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall not exceed 6.0 m. at the end of lease period and not beyond that.
- (iii) Before commencing any mining activity, the demarcation should be done in the presence of Mining Officer and Revenue officials. No mining activity will be carried out in 100m distance from the HFL of the water body.

Hence, Prior Environmental Clearance is granted for **Stone & Murum Quarry (Opencast semi mechanized method)** in an area 4.00 ha. for production capacity 1,00,000 cum/year at Khasra No 851/9 at Village-Pathara, Teh-Jatara, Dist- Tikamgarh (MP) **for the lease period** to M/s Dilip Buildcon Ltd. thorough Sr. Manager Shri Prabhat Kumar Pathak, C/o Dilip Buildcon Ltd. Chuna Bhatti Bhopal, District Bhopal (MP)-462003.

11. **Case No. 2741/2015** - Prior Environmental Clearance for **Sand Quarry (Opencast manual method)** in an area 6.00 ha. for production capacity 50,000 cum/year at Khasra No 164 at Village-Cholna, Teh-Jaithari, Dist- Anuppur (MP) by Shri Aashutosh Singh R/o Village & Post Seetapur, District Anuppur (MP)-484330

(1) After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015 it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall not exceed 2m. or water level whichever is less.
- (iii) The Hon'ble NGT (CZ) Bhopal vide its order dated 21.09.2015 in the case OA No. 49/2015 (Amarkant Mishra Vs State of MP & 3 others), has stayed the mining activity upto 31 Oct. 2015. Till the final order by the NGT (CZ) Bench, Bhopal, it shall be obligatory on the part of PP to follow the interim order dtd. 21.09.2015..
- (iv) Before commencing any mining activity, the demarcation should be done in the presence of Mining Officer and Revenue officials. No mining activity will be carried out in 225m distance from the water retaining structure.

Hence, Prior Environmental Clearance is granted for **Sand Quarry (Opencast manual method)** in an area 6.00 ha. for production capacity 50,000 cum/year at Khasra No 164 at Village-Cholna, Teh-Jaithari, Dist- Anuppur (MP) **for the lease period** to Shri Aashutosh Singh R/o Village & Post Seetapur, District Anuppur (MP)-484330.

12. **Case No. 3344/2015** - Prior Environmental Clearance for **Stone Quarry (Opencast semi mechanized method)** in an area 0.809 ha. for production capacity 4000 cum/year at Khasra No. 29/1 at Village-Harraha, Teh-Mauganj, Dist-Rewa (MP) by Shri Akash Singh Chouhan S/o Shri Brijendra Singh Chouhan R/o Village Bhela, P.O. Behera Dabar, Tehsil Mauganj, District Rewa (MP)-486331

After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015, it is not clear from the mining plan that what depth has been approved by RO, D(G&M), Rewa. A letter be written to RO, D(G&M) Rewa for clarifying the depth he has approved as per the mining plan. Copy to PP and Mining Officer, Rewa.

13. **Case No. 2408/2015** - Prior Environmental Clearance for **Sand Quarry (Opencast manual method)** in an area 5.00 ha. for production capacity 65000 cum/year at Khasra No. 2084 at Village-Lalpur, Teh-Sohagpur, Dist- Shahdol (MP) by M/s Vasundhara Agro Agency, Shri Puneet Singh, Near Raghuraj School, Shahdol (MP)-484771

(1) After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015 it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.

Chairman

the mining activity upto 31 Oct. 2015. Till the final order by the NGT (CZ) Bench, Bhopal, it shall be obligatory on the part of PP to follow the interim order dtd. 21.09.2015..

Hence, Prior Environmental Clearance is granted for **Sand Quarry (Opencast Manual Method)** in an area of 6.611 ha. for production capacity of 340 cum/year at Khasra nos. 21,90,92 at Village – Jetpura, Tehsil-Biaora, Dist-Rajgarh (MP) **for the lease period** to Shri Arjun Singh S/o Shri Chain Singh, Village- Barkhedhi Jagir, Tehsil-Biaora, District-Rajgarh (M.P.)-465674.

20. **Case No. 2405/2015:** Prior Environmental Clearance for **Soil Quarry (Opencast Semi – Mechanized Method)** in an area of 2.790 ha. for production capacity of 2940 cum/year (**As per Form-1**) at Khasra nos. 269/1,273 KA at Village – Jaida, Tehsil-Sheopur, District-Sheopur (M.P.) by Shri Mohd. Javed S/o Shri Akil Ul Rehman, Karbala Road, Sheopur, District-Sheopur (MP)-476337

(1) After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall not exceed 1.0 m. at the end of lease period and not beyond that.
- (iii) Before commencing any mining activity, the demarcation should be done in the presence of Mining Officer and Revenue officials keeping a clear distance of 100 m. from the road, where no mining activity should be carried out.
- (iv) From the google map, it is observed that the site is 250 m. from the human settlement. MPPCB while granting consent should keep it in view that the height of the Chimney should be fixed after ascertaining the wind direction so as it should not hinder the quality of life of the inhabitants.

Hence, Prior Environmental Clearance is granted for **Soil Quarry (Opencast Semi – Mechanized Method)** in an area of 2.790 ha. for production capacity of 2940 cum/year (**As per Form -1**) at Khasra nos. 269/1,273 KA at Village – Jaida, Tehsil-Sheopur, District-Sheopur (MP) **for the lease period** to Shri Mohd. Javed S/o Shri Akil Ul Rehman, Karbala Road, Sheopur, District-Sheopur (MP)-476337.

21. **Case No. 3101/2015:** Prior Environmental Clearance for **Sand Mine (Opencast Manual Method)** in an area of 7.730 ha. for production capacity of 2,31,900 cum/year at Khasra nos. 219,341 at Village – Chikhli Aamdhana, Tehsil-Ghodadungri, Dist-Betul (M.P.) by M/s Digiya Industries Pvt. Ltd Shri Tejindarpal Singh, Leasee, G-1, Sapna Chamber, South Tukoganj, District-Indore (MP)-452001

(1) After perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015, it was reported that :-

(Waseem Akhtar)
Chairman

"Submissions made by the PP were discussed in the 205th meeting of SEAC dated 20/07/15 and after deliberations PP was asked to submit response to the following issues raised by the committee:

- Production Capacity to be justified considering the total reserves and annual replenishment
- Co-ordinates presented in the Mining Plan do not match with that on the Google map the same to be furnished after authentication from mining department.

Scrutiny of the case reveals that the PP has not submitted the co-ordinates authenticated from mining department in spite of SEAC's recommendations. In the absence of correct co-ordinates appraisal is not possible and thus the case is deferred and returned to SEIAA for delisting."

After detailed discussion, the case is hereby delisted and shall be liable for relisting after the receipt of the above information. PP and all concerned be informed accordingly.

22. **Case No. 3311/2015** - Prior Environmental Clearance for **Stone Quarry (Opencast Semi Mechanized Method)** in an area of 1.092 ha. for production capacity of 8550 cum/year at Khasra no. 464 at Village-Khokhara, Tehsil-Malhargarh, Distt.-Mandsore (M.P.) by Shri Balram Patidar S/o Shri Ambalal Patidar, Dlodha Chopati, Teh-Mandsore, Distt.-Mandsore (M.P.)

After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015, from the coordinates provided by the PP and the certificate of 500 m. periphery by the Mining Officer, Mandsour, three other mines could be spotted. Collector, Mandsour should get this verified and submit the information latest by 30.10.2015. Copy to PP and Mining Officer, Mandsour.

23. **Case No. 3153/2015** - Prior Environmental Clearance for **Sand Quarry (Opencast Manual Method)** in an area of 24.00 ha. for production capacity of 1110 cum/year at Khasra no. 31 at Village-Shekhanpur, Tehsil-Biaora, Distt.-Rajgarh (M.P.) by Shri Om Babu S/o Shri Rameshwar, Vill-Padligusai, Teh-Biaora, Dist-Rajgarh (M.P.)-465689.

(1) After detailed discussion and perusal of the recommendation of 223rd SEAC meeting dtd. 15.09.2015 it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall not exceed 2m. or water level whichever is less.
- (iii) The Hon'ble NGT (CZ) Bhopal vide its order dated 21.09.2015 in the case OA No. 49/2015 (Amarkant Mishra Vs State of MP & 3 others), has stayed the mining activity upto 31 Oct. 2015. Till the final order by the NGT (CZ) Bench, Bhopal, it shall be obligatory on the part of PP to follow the interim order dtd. 21.09.2015.

Hence, Prior Environmental Clearance is granted for **Sand Quarry (Opencast Manual Method)** in an area of 24.00 ha. for production capacity of 1110 cum/year at Khasra no. 31 at Village-Shekhanpur, Tehsil-Biaora, Distt.-Rajgarh (MP) for the lease period to Shri Om Babu S/o Shri Rameshwar, Vill-Padligusai, Teh-Biaora, Dist-Rajgarh (M.P.)-465689.
