Earlier the project was scheduled for presentation in the 188th SEAC meeting dated 02/05/2015 wherein it was recorded that "Neither the Project Proponent (PP) nor his representative was present to explain the query which might be raised or to make any commitment which may be desired by the committee during the deliberation. Committee decided to accord a chance to PP for presentation and submission in coming meetings as per turn".

The case was again placed in the agenda for the presentation in this meeting wherein PP again remain absent. The committee observed the case is pending since last 10 months and two opportunities have been given to the PP for presentation but the PP remain absent. Thus committee after deliberations decided that the case may be recommended for delisting as it appears that PP is not interested to take-up the project."

(2) It is decided to accept the recommendation of 269th SEAC meeting dtd. 29.02.2016 and delist the case.

- (i). If any construction / activity is started by PP without obtaining prior EC under EIA Notification 2006, the provisions of MoEF GoI O.M. dtd. 12.12.12 & 27.06.13 regarding violation of EIA Notification 2006 shall be attracted and PP shall be solely responsible for it and liable for legal action.
- (ii). A copy of letter should be sent to Project Proponent, MoEF & CC GoI, New Delhi & Regional Office Bhopal, Member Secretary MPPCB, Secretary SEAC, District Collector, Commissioner Nagar Nigam/CEO Zila Panchayat and all concerned.
- (iii). Commissioner Nagar Nigam may be directed to examine whether the building permission has been issued or not. If Building permission has been issued and work has started on the site, PP may be accordingly advised to get EC. If building permission has not been granted, PP may be asked the copy of the EC before proceeding for statutory permission.

- If causeway (Rapra) is required to be constructed for mining. It should be removed completely before rainy season every year.
- The river bank from where access ramps are made should be restored and access should be closed every year before rainy season.
- No diversion of active channel should be allowed for mining.

After detailed discussions on the above recommendations it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- PP shall not start mining activity before execution of lease agreement.
- The production capacity shall be limited to the quantity proposed by SEAC-II.
- The lease area should be properly demarcated in the presence of the Revenue & Mining Officials and proper boundary stones should be established.
- No in-stream mining shall be allowed.
- The depth of the pit shall not exceed 0.5 m or normal water level prevalent in the lean season whichever is less.
- The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.
- PP should ensure that the river bank from where access ramps are made should be restored and access should be closed every year before rainy season.
- PP should ensure that the flow of river should not be affected due the access ramps.
- PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

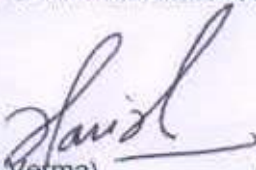

Hence, Prior Environmental Clearance is granted Sand Quarry in an area of 5.00 ha. After perusal of the recommendations of 14th SEAC-II meeting dtd. 22.03.2016, it was reported that :-

"...The case was presented by the PP and their consultant wherein PP submitted that as per the Ministry of Environment, Forests and Climate Change recent notification dated 15/01/2016, the criteria of cluster has been changed and now leases within 500 meters are to be considered for cluster. PP further submitted that they have submitted the revised certificate verifying the leases within 500 meters and as per the revised certificate of mining officer issued vide letter no.3829 dated 19/02/2016 no mines are sanctioned within 500 meters.

The committee after deliberations decided that as per the revised certificate of mining officer and considering the MoEF&CC notification dated 15/01/2016, this mine becomes non-cluster and thus the TOR issued for this mine may vide letter no. 1822 dated 12/10/2015 be treated as null and void.

As above, the case was presented by the PP and their consultant wherein the submission made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':
