1. **Case No. 927/2012:** Prior Environmental Clearance for **Stone Quarry** (opencast semi mechanized method) in an area of 2.0 ha. for production capacity of 10000 cum/year at Khasra No. 312/1 in village Temar, Tehsil - Jabalpur, Dist.- Jabalpur (M.P.) by Smt. Lata Mulchandani, W/o Shri Parashram Mulchandani R/o 316, Vijaynagar, Extension, Jabalpur (M.P.)-482001.

PP has submitted a letter dated 12.05.2015 from Chief Wildlife Warden that the Domna Nature Reserve Park has not been included in the notification of Wildlife Conservation Act 1972. After detailed discussion and perusal of the recommendations of 249th SEAC meeting dtd. 14.12.2015 and query response to 278th SEIAA meeting dtd. 07.01.2016, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC.

- PP shall not start mining activity before execution of lease agreement.
- The depth of the pit shall be as per approved mining plan.
- Before commencing the mining activity, site demarcation should be done leaving 50m. from the village road and 100 m. from the nearest human settlement as a "no mining zone". The demarcation should be done by the Revenue Officials in the presence of Mining Officer, Jabalpur.
- Collector, Jabalpur should ensure that this village Temar has not been included in the planning area of Jabalpur Development Plan

(Ajatshatru Shrivastava)
Member Secretary

(H.S. Verma)
Member

(Waseem Akhtar)
Chairman

(v) The entire area shall be fenced first before starting the mining activity.

Hence, Prior Environmental Clearance is granted for **Stone Quarry** (opencast semi mechanized method) in an area of 2.0 ha. for production capacity of 10000 cum/year at Khasra No. 312/1 in village Tamar, Tehsil - Jabalpur, Dist.- Jabalpur **for the lease period to** Smt. Lata Mulchandani, W/o Shri Parashram Mulchandani R/o 316, Vijaynagar, Extension, Jabalpur (M.P.)-482001.

2. **Case No.4307/15** Prior Environment Clearance for **Sand Quarry** (opencast manual method) in an area of 6.069 ha. for production capacity of 80,500 cum/year at Khasra no.-01, Village-Raver, Tehsil-Barwah (Sanawad), District-Khargone (MP) by Shri Kailash Chandra Gupta, M/s Shiva Corporation India Pvt. Ltd., 312, Ganpati Plaza, MIG Road, District-Jaipur (Raj.).

After perusal of the recommendations of 15th SEAC-II meeting dtd. 27.03.2016, it was reported that :-

"...As above, the case was presented by the PP and their consultant wherein the submission made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

- *Production of Sand as per mine plan with quantity not exceeding 80,500 cum/year.*
- *District Authority should record the deposition of sand in the lease area at an interval of 50 meters annually in the last week of September and maintain the records in RL (Reduce Level) Measurement Book. Accordingly authority may allow lease holder to excavate the replenished quantity of sand in the subsequent year.*
- *Evacuation of sand should not be allowed through the roads passing through the villages.*
- *Heavy vehicles (Hywa) should not be allowed on Kachcha, narrow roads.*
- *If causeway (Rapta) is required to be constructed for mining. It should be removed completely before rainy season every year.*
- *The river bank from where access ramps are made should be restored and access should be closed every year before rainy season.*
- *No diversion of active channel should be allowed for mining."*

After detailed discussions on the above recommendations it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity proposed by SEAC-II.
- III. The lease area should be properly demarcated in the presence of the Revenue, NVDA, M.P. State Mining Corporation & Mining Officials and proper boundary stones should be established.
- IV. No in-stream mining shall be allowed.
- V. The depth of the pit shall not exceed 1.4 m or normal water level prevalent in the lean season whichever is less.
- VI. The transportation of sand should not be carried out through village settlement. A proper transport route should be established in close consultation with the local Gram Panchayat. The route should be properly maintained by the PP so as to avoid dust emissions.
- VII. No transportation near the Samadhi of Bajirao Peshwa.

- VIII. The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.
- IX. PP should ensure that the river bank from where access ramps are made should be restored and access should be closed every year before rainy season.
- X. PP should ensure that the flow of river should not be affected due the access ramps.
- XI. PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

Hence, Prior Environmental Clearance is granted **Sand Quarry** (opencast manual method) in an area of 6.069 ha. for production capacity of 80,500 cum/year at Khasra no.-01, Village-Raver, Tehsil-Barwah (Sanawad), District-Khargone (MP) for the lease period to Shri Kailash Chandra Gupta, M/s Shiva Corporation India Pvt. Ltd., 312, Ganpati Plaza, MIG Road, District-Jaipur (Raj.).

3. **Case No.- 2879/2015** Prior Environmental Clearance for **Budhgaon River Sand Mining** (opencast manual method) in an area of 1.841 ha., for production capacity of 30,000 cum/year, at Khasra No.-184, Vill.-Budhgaon, Teh.-Gotegaon, District-Narsinghpur (MP) by Shri Satyendra Singh, OIC, M.P. State Mining Corporation Ltd., 1222/2, Napier Town, Near Fourth Bridge, Jabalpur (MP)-482001.

After perusal of the recommendations of 15th SEAC-II meeting dtd. 27.03.2016, it was reported that :-

"...As above, the case was presented by the PP and their consultant wherein the submission made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

- Production of Sand as per mine plan with quantity not exceeding 30,000 cum/year.
- District Authority should record the deposition of sand in the lease area at an interval of 50 meters annually in the last week of September and maintain the records in RL (Reduce Level) Measurement Book. Accordingly authority may allow lease holder to excavate the replenished quantity of sand in the subsequent year.
- Evacuation of sand should not be allowed through the roads passing through the villages.
- Heavy vehicles (Hywa) should not be allowed on Kachcha, narrow roads.
- If causeway (Rapta) is required to be constructed for mining. It should be removed completely before rainy season every year.
- The river bank from where access ramps are made should be restored and access should be closed every year before rainy season.
- No diversion of active channel should be allowed for mining."

After detailed discussions on the above recommendations it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity proposed by SEAC-II.

6. **Case No. - 3093/15** - Prior Environment Clearance for **Sand Quarry** in an area of 8.00 ha., for production capacity of 2,00,000 cum/year at Khasra No.-1/1, to 6 & 47, Vill.-Gola Malgajari (A), Teh.-Handiya, District-Harda (MP) by Shri Raj Kumar Nema, OIC, Sub Off., M.P. State Mining Corporation Ltd., H.No. 12, Ward No. 17, Sainath Colony, Meenakshi, Hoshangabad (MP)-461001.

After perusal of the recommendations of 15th SEAC-II meeting dtd. 27.03.2016, from the google map it appears that large part of the lease area is presently under water, therefore OIC, M.P. State Mining Corporation should be called for clarification. Copy to PP.

7. **Case No. – 2744/2015** Prior Environment Clearance for **Sand Quarry** in an area of 7.50 ha. for production capacity of 2,20,000 cum/year, at Khasra No.-01, Vill.-Sunhara, Teh.-Ajaygarh, District-Panna (MP) by Shri Raghvendra Singh S/o Shri Meghraj Singh, C-28, Hanuman Nagar, Khetpura, Jaipur (RJ)-302012.

After perusal of the recommendations of 15th SEAC-II meeting dtd. 27.03.2016, from the google map it appears that large part of the lease area is presently under water, therefore OIC, M.P. State Mining Corporation should be called for clarification. Copy to PP.

8. **Case No. – 3031/2015** Prior Environment Clearance for **Sand Mine** in an area of 6.00 Ha., for production capacity of 37500 cum/year at Khasra No.-1/1, to 6 & 47, Vill.- Gola Malgajari (B), Teh.-Handiya, District-Harda (M.P.) by Shri Raj Kumar Nema, OIC, Sub Off., M.P. State Mining Corporation Ltd., H.No. 12, Ward No. 17, Sainath Colony, Meenakshi, Hoshangabad (M.P.)-461001.

After perusal of the recommendations of 15th SEAC-II meeting dtd. 27.03.2016, from the google map it appears that large part of the lease area is presently under water, therefore OIC, M.P. State Mining Corporation should be called for clarification. Copy to PP.

9. **Case No. – 2951/2015** Prior Environment Clearance for **Sand Quarry** (opencast manual method) in an area of 2.00 Ha., for production capacity of 45,000 cum/year, at Khasra No.-55, Vill.-Gajanpur-1, Teh.-Khategaon, District-Dewas (M.P.) by Shri Raj Kumar Nema, OIC, Sub Off., M.P. State Mining Corporation Ltd., 20, MIG, Nehru Colony, District Harda (M.P.)-455001.

After perusal of the recommendations of 15th SEAC-II meeting dtd. 27.03.2016, it was reported that :-

"...As above, the case was presented by the PP and their consultant wherein committee observed from the Google image based on the co-ordinates provided by the PP that > 25% of the lease area from the southern side is still submerged in the water which is also evident from the recent photographs (of dated 25/03/2016) and Google image attached by the PP with the presentation submitted today. The committee after deliberations decided that since only 75% area is minable, the quantity may be restricted to the 45,000 cum/year as mid stream mining is not allowed.

The other submission made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

- Production of Sand as per mine plan with quantity not exceeding 45,000 cum/year.
- District Authority should record the deposition of sand in the lease area at an interval of 50 meters annually in the last week of September and maintain the records in RL (Reduce Level) Measurement Book. Accordingly authority may allow lease holder to excavate the replenished quantity of sand in the subsequent year.

After detailed discussions on the above recommendations it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

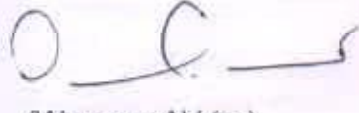

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity proposed by SEAC-II.
- III. The lease area should be properly demarcated in the presence of the Revenue & Mining Officials and proper boundary stones should be established.
- IV. No in-stream mining shall be allowed.
- V. The depth of the pit shall not exceed 3.0 m or normal water level prevalent in the lean season whichever is less.
- VI. The transportation of sand should not be carried out through village settlement. A proper transport route should be established in close consultation with the local Gram Panchayat. The route should be properly maintained by the PP so as to avoid dust emissions.
- VII. For the safety of the road bridge, no sand mining will be allowed up to 100 m. and therefore 100 m. from the road bridge shall be considered as "no mining zone". Site demarcation should be done with proper fencing to designate "no mining zone". Proper display board should be erected on the site marking "no mining zone".
- VIII. The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.
- IX. PP should ensure that the river bank from where access ramps are made should be restored and access should be closed every year before rainy season.
- X. PP should ensure that the flow of river should not be affected due the access ramps.

Hence, Prior Environmental Clearance is granted **Sand Quarry** (opencast manual method) in an area of 2.00 Ha., for production capacity of 45,000 cum/year, at Khasra No.-55, Vill.-Gajanpur-1, Teh.-Khatagaon, District-Dewas (M.P.) **for the lease period** Shri Raj Kumar Nema, OIC, Sub Off., M.P. State Mining Corporation Ltd., 20, MIG, Nehur Colony, District Harda (M.P.)-455001.

10. **Case No.4373/15** Prior Environment Clearance for **Sand Quarry** (opencast manual method) in an area of 19.200 ha. for production capacity of 1,92,200 cum/year at Khasra no.-117, Village-Jara, Tehsil-Sevda, District-Datia (MP) by Shri Jitendra Singh, M/s Ambe Suppliers Pvt. Ltd., W-21, First Floor, R.P. Rajauri Garden, New Delhi-475661.

period to Shri Jitendra Singh, M/s Ambe Suppliers Pvt. Ltd., W-21, First Floor, R.P. Rajauri Garden, New Delhi-475661.

11. **Case No. - 3086/2015** Prior Environmental Clearance for **Sand Mine** (opencast manual method) in an area of 0.800 Ha., for production capacity of 24,000 cum/year, at Khasra No.-55, Vill.-Ganjanpur (III), Teh.-Khatagaon, District-Dewas (M.P.). Shri Raj Kumar Nema, OIC, Sub Off., M.P. State Mining Corporation Ltd., H.No. 12, Ward No. 17, Sainath Colony, Meenakshi, Hoshangabad (M.P.)-461001.

After perusal of the recommendations of 15th SEAC-II meeting dtd. 27.03.2016, it was reported that :-

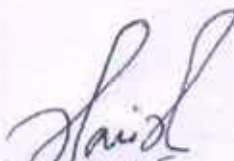

"...As above, the case was presented by the PP and their consultant wherein the submission made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':"

- Production of Sand as per mine plan with quantity not exceeding 24,000 cum/year.
- District Authority should record the deposition of sand in the lease area at an interval of 50 meters annually in the last week of September and maintain the records in RL (Reduce Level) Measurement Book. Accordingly authority may allow lease holder to excavate the replenished quantity of sand in the subsequent year.
- Evacuation of sand should not be allowed through the roads passing through the villages.
- Heavy vehicles (Hywa) should not be allowed on Kachcha, narrow roads.
- If causeway (Rapra) is required to be constructed for mining. It should be removed completely before rainy season every year.
- The river bank from where access ramps are made should be restored and access should be closed every year before rainy season.
- No diversion of active channel should be allowed for mining.."

After detailed discussions on the above recommendations it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity proposed by SEAC-II.
- III. The lease area should be properly demarcated in the presence of the Revenue & Mining Officials and proper boundary stones should be established.
- IV. No in-stream mining shall be allowed.
- V. The depth of the pit shall not exceed 3.0 m or normal water level prevalent in the lean season whichever is less.
- VI. The transportation of sand should not be carried out through village settlement. A proper transport route should be established in close consultation with the local Gram Panchayat. The route should be properly maintained by the PP so as to avoid dust emissions.
- VII. The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.
- VIII. PP should ensure that the river bank from where access ramps are made should be restored and access should be closed every year before rainy season.

- IX. PP should ensure that the flow of river should not be affected due the access ramps.
- X. PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

Hence, Prior Environmental Clearance is granted **Sand Mine** (opencast manual method) in an area of 0.800 Ha., for production capacity of 24,000 cum/year, at Khasra No.-55, Vill.-Ganjanpur (III), Teh.-Khatagaon, District-Dewas (M.P.) **for the lease period** to Shri Raj Kumar Nema, OIC, Sub Off., M.P. State Mining Corporation Ltd., H.No. 12, Ward No. 17, Sainath Colony, Meenakshi, Hoshangabad (M.P.)-461001.

12. Case No.4337/15 Prior Environment Clearance for **Sand Quarry** (opencast manual method) in an area of 8.010 ha. for production capacity of 80,100 cum/year at Khasra no.-01, Village-Uchaad, Tehsil-Indargarh, District-Datia (MP). Shri Kailash Chandra Gupta, M/s Esteem Infrabuild Pvt. Ltd., P-4, Lal Bahadur Nagar, Durgapura, Jaipur (Raj.)-475675.

consultation with the local Gram Panchayats. The route should be properly maintained by the PP so as to avoid dust emissions.

- VII. The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.
- VIII. PP should ensure that the river bank from where access ramps are made should be restored and access should be closed every year before rainy season.
- IX. PP should ensure that the flow of river should not be affected due the access ramps.
- X. PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

Hence, Prior Environmental Clearance is granted **Sand Quarry** (opencast manual method) in an area of 8.010 ha. for production capacity of 80,100 cum/year at Khasra no.-01, Village-Uchaad, Tehsil-Indargarh, District-Datia (M.P.) for the lease period Shri Kailash Chandra Gupta, M/s Esteem Infrabuild Pvt. Ltd., P-4, Lal Bahadur Nagar, Durgapura, Jaipur (Raj.)-475675.

13. **Case No.4371/15** Prior Environment Clearance for **Sand Quarry** in an area of 17.456 ha. for production capacity of 87,280 cum/year at Khasra no -821, Village-Basai, Tehsil-Bhitarwar, District-Gwalior (MP) by Shri Kailash Chandra Gupta, M/s Esteem Infrabuild Pvt. Ltd., P-4, Lal Bahadur Nagar, Durgapura, Jaipur (Raj.)

After perusal of the recommendations of 15th SEAC-II meeting dtd. 27.03.2016, from the google map it appears that large part of the lease area is presently under water, therefore OIC, M.P. State Mining Corporation should be called for clarification. Copy to PP.

14. **Case No. – 3010/2015** Prior Environment Clearance for **Sand Mine** (opencast manual method) in an area of 2.00 Ha., for production capacity of 11,400 cum/year, at Khasra no.-55, Vill.- Gajanpur-V, Teh.-Khategaon, District-Dewas (M.P.). Shri Raj Kumar Nema, OIC, Sub Off., M.P. State Mining Corporation Ltd., 20, MIG, Nehru Colon, District Harda (MP)-455001.

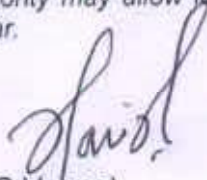

After perusal of the recommendations of 15th SEAC-II meeting dtd. 27.03.2016, it was reported that :-

"...As above, the case was presented by the PP and their consultant wherein committee observed from the Google image based on the co-ordinates provided by the PP that > 80% of the lease area is still submerged in the water which is also evident from the recent photographs (of dated 25/03/2016) and Google image attached by the PP with the presentation submitted today. The committee after deliberations decided that since only 20% area is minable, the quantity may be restricted to the 11,400 cum/year as mid stream mining is not allowed.

The other submission made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

- *Production of Sand as per mine plan with quantity not exceeding 11,400 cum/year.*
- *District Authority should record the deposition of sand in the lease area at an interval of 50 meters annually in the last week of September and maintain the records in RL (Reduce Level) Measurement Book. Accordingly authority may allow lease holder to excavate the replenished quantity of sand in the subsequent year.*
