The 337<sup>th</sup> meeting of the State Level Environment Impact Assessment Authority was convened on 03.06.2016 at the Authority's Office in Environmental Planning and Co-Ordination Organization (EPCO), Paryavaran Parisar, Bhopal. The meeting was chaired by Shri Waseem Akhtar, Chairman, SEIAA. The following members attended the meeting:-

1 Shri H.S. Verma

2. Shri Ajatshatru Shrivastava

Member Secretary

A. Following mining cases received from SEAC and case of query response have been considered:-

S.N	Case No.	Category	No. & date of latest SEAC
1.	3732/2015	1 (a) B2	Hon'ble NGT(CZ) Bhopal order dtd 20.05.2016

 Case No. 3732/2015 Prior Environmental Clearance for Flag Stone Quarry in an area of 1.00 ha. for production capacity of 6,000 cum/year at Village-Hardua, Tehsil-Pawai, District-Panna (MP) by Shri Santosh Kumar Pandey S/o Shri Madan Mohan Pandey R/o Lal Bahadur Shastri, Ward No. 2, Kothla, Tehsil-Katni, District-Katni (MP)-483501

PP has filed an Appeal No.03/16 in Hon'ble NGT (CZ), Bhopal against the decision of MP SEIAA. Hon'ble NGT in its order No. 4 dtd. 20.05.2016 has directed to SEIAA for reconsideration of the case, that ......

"..... In view of the above, we would allow this appeal and remand it back to SEIAA for reconsideration of the case based upon the facts mentioned with regard to the location of the mining lease area based upon fresh coordinates and then come to the conclusion on merits. The Appeal is accordingly disposed with the aforesaid directions."

The decision of Hon'ble NGT as above was discussed at length and it has been decided to open the case and appraise it afresh in the light of the additional information submitted by the PP regarding the use of road for transportation of

Ajatshatro Shrivastava) Member Secretary

(H.S. Verma) Member

material. The case file alongwith the copy of NGT's order be sent to SEAC for further necessary action. Copy to PP.

2. Case No. 4236/2015 Prior Environmental Clearance for Metal Stone Quarry (Opencast Semi- Mechanized Method) in an area of 1.48 ha. for production capacity of 60,000 m3/year at Khasra No. 02 (P) at Village – Manegaon Tehsil - Jabalpur, District-Jabalpur (M.P) by M/s Bhasin Real Estate, Shri Gaurav Bhanot, R/o 1101 Bhanot House, Gorakhpur Jabalpur, District- Jabalpur (MP) – 482001

After detailed discussion of query response in 309<sup>th</sup> SEIAA meeting dtd. 29.03.2016, recommendation of 26<sup>th</sup> SEAC-II meeting dtd. 24.05.2016 and observation of site visit of SEAC members it was recorded that :-

".....The ground water level in the nearby area is cross checked through available dug well and bore well and the reported as 50 to 60 mt bgl as per mine plan. The issue was discussed with respect to end of mine level i.e. ultimate pit depth, as per proposal given for end of mine life are up to 406 m which is 24 m above GWL hence there will be no impact on hydro geological aspect of the area and hydro geological study is not required. (430m average surface RL- Ground water level =380m= 50 meter level difference.)

Top Surface Level: 432 MSL Ultimate pit bottom level: 406 MSL Depth of mine: 26 meter

From the above it is clear that the ground water level is underlying 24 meter below the ultimate pit depth and this 24 meter parting is of metal stone of basalt formation. Considering the proposed mining aspect as per the approved mine plan, committee is of the view that the mining method given is technically compatible and case may recommended for environment clearance with following suggestion:

- Adequate plantation should be carried out along the haul road and road connecting to the main road.
- Mechanical Spraying of water on existing metal haul road and transportation road through fix types of sprinklers.
- Controlled blasting was suggested under the supervision of certified blasters as per DGMS norms.
- Sufficient warning by signal is given over the entire area falling within the danger zone and it
  must be ensured that all persons within such area have taken proper shelter.
- Wet drilling for blasting is to be done in hand holes & as well as jack hammer drilling.
   Suitable air respirators should be provided to the drillers.
- The metal road (till it is converted in tar road) should be maintained by the PP for smooth operations of vehicles.
- Garland drains with settling pit of suitable capacity should be provided to avoid any runoff in nearby fields and the surface runoff should be collected in a nearby mined out pit which also belongs to the same PP for gardening and sprinkling.

(Ajatshatru Shrivastava) Member Secretary

(H.Ś.Verma) Member

The above report of the committee was placed in the meeting for discussions. The committee after going through the recommendations of inspection report decided that the inspection report alongwith case file may be sent to SEIAA for grant of EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

- Production of Stone as per mine plan with quantity not exceeding 60,669 cum/year.
- Adequate plantation should be carried out along the haul road and road connecting to the main road.
- Mechanical Spraying of water on existing metal haul road and transportation road through fix types of sprinklers.
- Controlled blasting was suggested under the supervision of certified blasters as per DGMS norms.
- Sufficient warning by signal is given over the entire area falling within the danger zone and it
  must be ensured that all persons within such area have taken proper shelter.
- Wet drilling for blasting is to be done in hand holes & as well as jack hammer drilling.
   Suitable air respirators should be provided to the drillers.
- The metal road (till it is converted in tar road) should be maintained by the PP for smooth operations of vehicles.
- Garland drains with settling pit of suitable capacity should be provided to avoid any runoff in nearby fields and the surface runoff should be collected in a nearby mined out pit which also belongs to the same PP for gardening and sprinkling

It was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall be as per the Approved Mining Plan.

Considering the recommendation of 26<sup>th</sup> SEAC-II meeting dtd. 24.05.2016, Prior Environmental Clearance is granted for Metal Stone Quarry (Opencast Semi-Mechanized Method) in an area of 1.48 ha. for production capacity of 60,000 m3/year at Khasra No. 02 (P) at Village – Manegaon Tehsil -Jabalpur , District-Jabalpur (M.P) for the lease period to M/s Bhasin Real Estate, Shri Gaurav Bhanot, R/o 1101 Bhanot House, Gorakhpur Jabalpur, District- Jabalpur (MP) – 482001.

3. Case No. 4235/2015 Prior Environmental Clearance for Stone Quarry (Opencast/Manual Semi- Mechanized Method) in an area of 1.98 ha. for production capacity of 106669 m³/year at Khasra No. 02 (P) at Village – Manegaon, Tehsil-Jabalpur, District-Jabalpur (M.P) by M/s Bhasin Real Estate, Shri Gaurav Bhanot, R/o 1101 Bhanot House, Gorakhpur Jabalpur, District- Jabalpur (MP) – 482001

After detailed discussion of query response in 309<sup>th</sup> SEIAA meeting dtd. 29.03.2016, recommendation of 26<sup>th</sup> SEAC-II meeting dtd. 24.05.2016 and observation of site visit of SEAC members it was recorded that:-

It was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall be as per the Approved Mining Plan.

Considering the recommendation of 26<sup>th</sup> SEAC-II meeting dtd. 24.05.2016, Prior Environmental Clearance is granted for **Metal Stone Quarry** (Opencast manual /Semi- Mechanized Method) in an area of 2.0 ha. for production capacity of 1,15,000 m³/year at Khasra No. 02 (P) at Village – Manegaon, Tehsil -Jabalpur, District- Jabalpur (M.P) **for the lease period to** M/s Bhasin Real Estate, Shri Gaurav Bhanot, R/o 1101 Bhanot House, Gorakhpur Jabalpur, District- Jabalpur (MP) – 482001

5. Case No. 1144/2013 - Prior Environmental Clearance for Metal Stone Quarry (Opencast/Semi Mechanized Method) in an area of 0.79 ha for production capacity of 10,000 m³/year (As per SEAC recommendation) at Khasra no. 110/1, 110/2 at Village – Jaisingpura , Tehsil -Burhanpur, District- Burhanpur (M.P) by Shri Ramanjeet Singh Keer S/o Shri Satinder Singh Keer , R/o Lalbag Road- District-Burhanpur (MP) – 450331.

After detailed discussion of query response in 298<sup>th</sup> SEIAA meeting dtd. 26.02.2016, recommendation of 26<sup>th</sup> SEAC-II meeting dtd. 24.05.2016, it was recorded that:-

"As far as issue of village and its habitation is concerned, the nearest habitation is approx 100 meters away from the lease and PP informed that these are labours hutments and are likely to be shifted. But since these hutments are there and located close to the mine, PP may be asked to provide a wind breaking wall of 03 meter height of GI-Sheet or suitable material which should be

(Ajatshatru Shrivastava) Member Secretary

(H.S.Verma) Member

erected towards village site for protection from the fugitive emissions. PP may also be instructed to install crusher close to the western side of the lease boundary.

Following recommendations are made after site visit:-

- A wind breaking wall of 03 meter height of GI Sheet or suitable material should be erected towards village site.
- Garland drains with settling pit of suitable capacity may also be provided to avoid any runoff towards agricultural fields.
- Thick plantation should be carried out towards nearby habitat side.
- The mine should be properly fenced to avoid any accident and in future it should be developed as a water body.
- No evacuation of material should be done from the side of the nearby habitat.

It was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall be as per the Approved Mining Plan.
- (iii) Before commencing the mining activity, site demarcation should be done leaving 100m. from human settlement as a "no mining zone", The demarcation should be done by the Revenue Officials in the presence of and Mining Officer, Burhanpur.
- (iv) No crusher shall be allowed within 500 m. from the settlement.
- (v) The entire area shall be fenced and three rows of plantation should be done towards the human habitation side.

Hence, Prior Environmental Clearance is granted for **Metal Stone Quarry** (Opencast/Semi Mechanized Method) in an area of 0.79 ha for production capacity of 10,000 m³/year (As per SEAC recommendation) at Khasra no. 110/1, 110/2 at Village – Jaisingpura , Tehsil -Burhanpur, District- Burhanpur (MP) **for the lease period to** Shri Ramanjeet Singh Keer S/o Shri Satinder Singh Keer , R/o Lalbag Road- District- Burhanpur (MP) – 450331

6. Case No. 859/12 - Prior Environmental Clearance for Metal Stone Quarry (Opencast Manual/ Semi Mechanized Method) in an area of 1.52 ha. for production capacity of 20,000 m³/year cum/year (as per SEAC recommendation) at Khasra no. 234, 221/1, 233/2, 233/3 at Village Jainabad, Tehsil- Burhanpur, Dist-Burhanpur (M.P) by Shri Sanjeet Singh Keer S/o Shri Narendra Singh Keer, R/o Keer Farms, opposite, Tapti Mills Road, Lalbagh Burhanpur, Dist. - Burhanpur (MP) – 450331

After detailed discussion of query response in 298<sup>th</sup> SEIAA meeting dtd. 26.02.2016, recommendation of 26<sup>th</sup> SEAC-II meeting dtd. 24.05.2016, it was recorded that:-

(Ajatshatru Shrivastava) Member Secretary

(H.S.Verma) Member

As far as issue of road and habitation is concerned, the nearest habitation is approx 150 meters away from the lease. The village tar road is approx. 70 meters away from the lease. But since the lease is in close vicinity of road and habitations, PP may be asked to provide a wind breaking wall of 03 meter height of GI Sheet or suitable material which should be erected towards road and village side for protection from the fugitive emissions. PP may also be instructed to install crusher close to the western side of the lease boundary.

Following recommendations are made after site visit:-

- A wind breaking wall of 03 meter height of GI Sheet or suitable material should be erected towards village site.
- Garland drains with settling pit of suitable capacity may also be provided to avoid any runoff towards agricultural fields.
- Thick plantation should be carried out towards nearby habitat side.
- The mine should be properly fenced to avoid any accident and in future it should be developed as a water body.
- No evacuation of material should be done from the side of the nearby habitat.

It was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall be as per the Approved Mining Plan.
- (iii) Before commencing the mining activity, site demarcation should be done leaving 100m. from the village tar road as a "no mining zone". The demarcation should be done by the Revenue Officials in the presence of and Mining Officer, Burhanpur.
- (iv) No crusher shall be allowed within 500 m. from the settlement.
- (v) The entire area shall be fenced and three rows of plantation should be done towards the human habitation side.

Hence, Prior Environmental Clearance is granted for **Metal Stone Quarry** (Opencast Manual/ Semi Mechanized Method) in an area of 1.52 ha, for production capacity of 20,000 m³/year cum/year (as per SEAC recommendation) at Khasra no. 234, 221/1, 233/2, 233/3 at Village Jainabad, Tehsil- Burhanpur, Dist-Burhanpur (MP) **for the lease period to** Shri Sanjeet Singh Keer S/o Shri Narendra Singh Keer, R/o Keer Farms, opposite, Tapti Mills Road, Lalbagh Burhanpur, Dist. - Burhanpur (MP) – 450331.

Case No. 4086/2015 Prior Environmental Clearance for Stone Quarry in an area of 3.750 ha. (28,000 cum/year) at Village-Chandbad Kadim, Tehsil-Berasia, District-Bhopal (MP) by Smt. Ritu Awasthi W/o Shri Tarun Awasthi, B-3/52, Malviya Nagar, Bhopal (MP)-462003

After detailed discussion of query response in 328<sup>th</sup> SEIAA meeting dtd. 06.05.2016, recommendation of 266<sup>th</sup> SEAC meeting dtd. 14.01.2016, inadvertently the case file

(Ajatshattu Shrivastava) Member Secretary

(H.S.Verma) Member

was transferred to DEIAA, Bhopal, though the case was recommended by SEAC and dealt in 328th SEIAA meeting. A clarification was sought from SEAC and therefore, it has been decided to return the file to SEAC.

 Case No. 2347/2015 Prior Environmental Clearance for Basalt Stone Quarry (Opencast Semi Mechanized Method) in an area of 1.60 ha. (22,500 cum/year) at Village-Singhpur, Tehsil-Kesli, District-Sagar (MP) by Shri Ramanand Singh S/o Shri Mahendra Singh, Devri Bakhar, Sagar (MP)-470001

After detailed discussion of query response in 320<sup>th</sup> SEIAA meeting dtd. 21.04.2016, recommendation of 249<sup>th</sup> SEAC meeting dtd. 14.12.2015, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC

- (i) PP shall not start mining activity before execution of lease agreement.
- (ii) The depth of the pit shall be as per the Approved Mining Plan.
- (iii) Before commencing the mining activity, site demarcation should be done leaving 100m. from the Highway as a "no mining zone". The demarcation should be done by the Revenue Officials in the presence of and Mining Officer, Sagar.
- (iv) If crusher is to be established by the PP then MPPCB norms should be followed.
- (v) The entire area shall be fenced and three rows of plantation should be done.

Hence, Prior Environmental Clearance is granted for Basalt Stone Quarry (Opencast Semi Mechanized Method) in an area of 1.60 ha. (22,500 cum/year) at Village-Singhpur, Tehsil-Kesli, District-Sagar (MP) for the lease period to Shri Ramanand Singh S/o Shri Mahendra Singh, Devri Bakhar, Sagar (MP)-470001

Case No. 3852/2015 Prior Environmental Clearance for Sandstone Quarry in an area of 0.70 ha. (750 cum/year) at Village-Kamuriya, Tehsil-Pawai, District-Panna (MP) by Shri Ajay Dev Singh Bundela S/o Arunpal Singh Bundela R/o Sikarpura, Tehsil-Pawai, District-Panna (MP)-488446

After detailed discussion of query response in 323<sup>rd</sup> SEIAA meeting dtd. 25.04.2016, PP has submitted a letter on 30.05.2016 requesting for extension of time period for submission of Commissioner Report. It is decided to grant last extension for submission of report latest by 05.07.2016. Copy to PP

10. Case No. 2824/2015: Prior Environmental Clearance for Stone Quarry (Opencast Semi-Mechanized Method) in an area of 2.023 ha. for production capacity of 8550 cum/year at Khasra no. 1 at Village- -Bhanwar Khedi, Teh.-Raisen, District-Raisen (M.P.) by Smt. Shanti Bai W/o Late Shri Gopilal Sisodiya, Vill.- Balampur, Teh.-Huzur, District-Bhopal (MP)-462010

(Ajatshatru Shrivastava) Member Secretary (H.S.Verma) Member

After detailed discussion of query response in 288<sup>th</sup> SEIAA meeting dtd. 03.02.2016, PP has submitted a letter on 30.05.2016 requesting for extension of time period for submission of DFO's Report. It is decided to grant last extension for submission of report latest by 05.07.2016. Copy to PP.

11. Case No. 1396/2013: Prior Environmental Clearance for Mining of Stone. Lease area 4.000 hect., Khasra No. 1299 in village Ghoora, Tehsil Rajnagar, Dist. Chhatarpur (M. P.) by Shri Vikram Patel, R/o Infront of Maharaja College Chhatarpur, Dist.-Chhatarpur (M.P.)

After detailed discussion of query response in 199<sup>th</sup> SEIAA meeting dtd. 12.05.2016, recommendation of 169<sup>th</sup> SEAC meeting dtd. 27.01.2015, the case was delisted for want of required information. PP has submitted the required information on 16.05.2016 wherein the DFO Chhatarpur has reported that the mining lease is 7.1 km away from the Panna Tiger Reserve. Even there is a discrepancy in no. of mines and the sanctioned mining lease area, Tehsildar Rajnagar has reported that in Khasra No. 741, 9.85 ha. is under mining and Mining Officer, Chhatarpur has reported that in Khasra No. 741, 6.650 ha. is under mining activity. Although the case is less than 5 ha. however, PP should submit the online application details of applying in NBWL. Tehsildar should also clarify this discrepancy as indicated above.

12.Case No. 3891/2015 Prior Environment Clearance for Garhi-3 Pyrophyllite & Diaspore Quarry in an area of 2.791 ha. (20,000 MTPA) at Village-Garhi (Malhara), Tehsil-Nowgaon, District-Chhatarpur (MP) by Shri Ajay Pal Singh, M/s Khajuraho Minerals, 6th Km, Sagar Road, Dhadari P.O., District-Chhatarpur

After detailed discussion in 251<sup>st</sup> SEAC meeting dtd. 16.12.2015, ToR was issued to PP on 28.01.2016. This is a case where the mining lease is less than 5 ha. and mineral has now been re-classified as minor mineral. PP vide letter dtd. 17.05.2016 has requested that the case may be transferred to DEIAA Chhatarpur as per the new stipulations. The letter may be sent to SEAC for examination and their considered opinion.

13.Case No. 3889/2015 Prior Environment Clearance for approval of Garhi-1 Pyrophyllite & Diaspore Quarry in an area of 0.694 ha. (10,000 MTPA) at Village-Garhi (Malhara), Tehsil-Nowgaon, District-Chhatarpur by Shri Ajay Pal Singh, M/s Khajuraho Minerals, 6th Km, Sagar Road, Dhadari P.O., District-Chhatarpur

After detailed discussion in 251<sup>st</sup> SEAC meeting dtd. 16.12.2015, ToR was issued to PP on 28.01.2016. This is a case where the mining lease is less than 5 ha, and mineral has now been re-classified as minor mineral. PP vide letter dtd. 17.05.2016 has requested that the case may be transferred to DEIAA Chhatarpur as per the new stipulations. The letter may be sent to SEAC for examination and their considered opinion.

(Ajatshatru Shrivastava) Member Secretary (H.S.Verma) Member

14. Case No. 3892/2015 Prior Environment Clearance for approval of Garhi-2 Pyrophyllite & Diaspore Quarry in an area of 2.28 ha. (20,000 MTPA) at Village-Garhi (Malhara), Tehsil-Nowgaon, District-Chhatarpur (MP) by Shri Ajay Pal Singh, M/s Khajuraho Minerals, 6th Km, Sagar Road, Dhadari P.O., District-Chhatarpur

After detailed discussion in 251st SEAC meeting dtd. 16.12.2015, ToR was issued to PP on 28.01.2016. This is a case where the mining lease is less than 5 ha. and mineral has now been re-classified as minor mineral. PP vide letter dtd. 17.05.2016 has requested that the case may be transferred to DEIAA Chhatarpur as per the new stipulations. The letter may be sent to SEAC for examination and their considered opinion.

15. Case No. 2972/2015 Prior Environment Clearance for Sand Quarry in an area of 7.020 ha. (30,000 cum/year) at Village-Daryo Nagar, Tehsil-Tikamgarh, District-Tikamgarh (MP) by Shri Nagendra Singh, OIC, M.P. State Mining Corporation Ltd., Civil Line, Tikamgarh (MP)-472001

After detailed discussion of query response in 329th SEIAA meeting dtd. 07.05.2016, recommendation of 213th SEAC meeting dtd. 08.08.2015, PP has submitted the desired information & documents on 30.05.2016. The case may be returned to SEAC for appraisal. Copy to PP.

16. Case No. 5066/2016 Prior Environment Clearance for River Sand Quarry in an area of 15.00 ha. (1, 50,000 cum/year) at Khasra no.-405, Village -Sunkheda, Tehsil-Badi, District-Raisen (MP) by Shri Umesh Pandey, Sub Lessee of SMCL, 7, Baijnath Mandir, Pahadi Khetra, District-Jabalpur (MP)-482001
