PP during discussion again submitted that as per the mining officer certificate issued vide letter no. 30 dated 07/01/2015 there are 07 other mines within 500 meters with an area of 20.908 ha. Adding the area of his mine the cumulative area of cluster comes to 22.908 ha and no other mine is of > 5.00 ha. However, previously by mistake the cluster area was reported as 25.90 ha in place of actual area of 22.908 ha and hence TOR was issued to him. Now as per recent notification of MoEF&CC dated 15/01/2016, his case falls under the preview of DEIAA as his mine lease area is < 5.00 ha and no other mine in the cluster is of > 5.00 ha. with cumulative cluster area of 22.908 ha. The committee after deliberations recommends that the case may be transferred to DEIAA through SEIAA on the basis of above submissions by withdrawing the recommendations made in the 181st SEAC meeting dated 27/03/2015 and as per the new GOI, MoEF&CC Notification dated 15/01/2016."*
