area as per the "Sustainable Sand Mining Guidelines, 2016", issued by the MoEF&CC. Since the area of lease is 24.970 ha thus the sanctioned quantity 2,72,250 cum/year as per the approved mine plan and replenishment plan can be evacuated from the lease leaving additional 10 meters non mining area due to bridge in the lease. The EMS and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

- (i). PP shall not start mining activity before execution of lease agreement.
- (ii). The production capacity shall be limited to the quantity (2,72,250 cum/year) as recommended by SEAC-II.
- (iii). Before commencing the mining activity, site demarcation should be done leaving 200 m. from the road bridge as a "no mining zone". The demarcation should be done by the Revenue Officials in the presence of PWD and Mining Officer, Betul.
- (iv). No in-stream mining shall be allowed. The Mining Officer, Betul should ensure that the mining activity is confined only in the dry portion of the river where sand is exposed.
- (v). The depth of the pit shall be as per Approved Mining Plan and not exceed 3m or normal water level prevalent in the lean season whichever is less.
- (vi). The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.
- (vii). PP should ensure that no access ramps are made for transportation of sand from the opposite bank of the river.
- (viii). PP should ensure to conserve the existing trees.
- (ix). No transportation shall be permitted within the village.
- (x). Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- (xi). The entire lease area should be properly fenced and boundary stones marked at the site.
- (xii). PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

Hence, Prior Environmental Clearance is granted for **River Sand Deposit Quarry** (Opencast manual method) in an area of 24.970 ha. for production capacity of 2,72,250 cum per annum at Khasra no. 1,1, 288 & 266 at Village- Baspur - Shivsagar- Gounapur, Tehsil - Ghodadungari/Shahpur, Dist. Minutes of the 402nd Meeting of SEIAA dated. 16.01.2017

- (xii). PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

Hence, Prior Environmental Clearance is granted for **River Sand Deposit Quarry** (Open cast manual method) in an area of 6.250 ha. for production capacity of 25,740 cum /year at Khasra no. 68, 260 at Village- Dehargaon/Bhayawadi, Tehsil - Betul, Dist. Betul (MP) **for the lease period to M/s Sainik Foods Pvt. Ltd, 1199 D/13, 3rd Floor, Street No. 13, Govindpuri, Kalkaji, New Delhi - 460001.**

9. **Case No.-5465/2016** Prior Environment Clearance for **River Sand Deposit Quarry** in an area of 5.450 ha. (7200 cum per annum) at Khasra no. 106 at VillageKodaroti, Tehsil - Betul, Dist. Betul (MP) by M/s A. D. Agro Foods Pvt Ltd, H.No. 18, Sagar Matha Apartment, MG Road, Indore, MP - 460001.

This case was discussed and recommendation in 63rd SEAC-II meeting dtd. 24.12.2016 and it was recorded as under :-

".....The case was presented by the PP and their consultant wherein it was observed as per the Khasra map that the lease is in two parts. PP submitted that initially the mine was sanctioned for an area of 10.866 ha but leaving the non minable area 5.450 ha was sanctioned for the mining and accordingly the lease was allotted to him and the entire lease is on one Khasra i.e. Khasra No. 106. The committee observed that it is true that lease is sanctioned on one Khasra but a considerable area is left between both the leases without mentioning any reason and thus lease is neither continuous nor compact. Hence, sanctioning of above leases is not in accordance with the MP MMR, 1996 rule 04 (3). The committee also observed that single mine plan is prepared for the above leases. Earlier in cases of similar nature (please refer the minutes of 231st SEAC meeting dated 27/10/2015 and subsequent decision taken by SEIAA in its 327th meeting dated 05/05/2016) SEIAA has decided to close the case. The committee decided to forward this case to SEIAA for further considerations and necessary action".

As per the above observation of SEAC, it has been decided to close the case. Copy to PP and all concerned.

10. **Case No.-5473/2016** Prior Environment Clearance for **Khodu Bharu Sand Deposit Quarry** in an area of 8.612 ha. (47,250 cum per annum) at Khasra no. 30 at Village-Ghatbadiya, Tehsil - Kasrawad, Dist. Khargone (MP) by M/s Balaji Developers, 205, City Center, 570 MG Road, Indore, MP - 451001

This case was discussed and recommendation in 63rd SEAC-II meeting dtd. 24.12.2016 and it was recorded as under :-

".....The case was presented today by the PP and their consultant and during presentation it was observed that the other submissions made by PP were found satisfactory and acceptable hence committee after deliberations decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'C':.

From the presentation available in the record, the nearest coordinate from the river is about 80 m. According to the mineral rules, the minimum distance should have been at least 100 m. from the water body. The case may be returned to SEAC for re-appraisal and in the meanwhile letter should be written to Mining Officer, Khargone for submitting NOC of NVDA regarding submergence and rehabilitation site. Copy to PP.

12. **Case No.-5482/2016** Prior Environmental Clearance for **Sand Auctioned Quarry** (Open cast manual method) in an area of 20.214 ha. for production capacity of 5000 cum /year at Khasra no. 560 at Village- Parsana, Tehsil - Biaora, Dist. Rajgarh (MP) by Shri Chain Singh, Gram Narwe, Tehsil - Biaora, Dist. Rajgarh, MP – 465674.

This case was discussed and recommendation in 63rd SEAC-II meeting dtd. 24.12.2016 and it was recorded as under :-

".....The case was presented today by the PP and their consultant and during presentation it was observed that according to the Google image of Dec.2015 based on the co-ordinates provided by the PP that approx 85 % of the lease area is submerged in water. Since the approved production volume of sand is only 5,000 cum/year, same can be easily evacuated from the southern end of the lease. The other submissions made by PP were found satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

- (i). PP shall not start mining activity before execution of lease agreement.
- (ii). The production capacity shall be limited to the quantity (5000 cum/year) as recommended by SEAC-II.
- (iii). No in-stream mining shall be allowed. The Mining Officer, Rajgarh should ensure that the mining activity is confined only in the dry portion of the river where sand is exposed.
- (iv). The depth of the pit shall be as per Approved Mining Plan and not exceed 3m or normal water level prevalent in the lean season whichever is less.
- (v). The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amarkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.

satisfactory and acceptable and thus the committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

SEIAA vide letter no. 4472/SEIAA/16 dated 25/11/2016 has sent back the file for re-appraisal as "from the Google map it is observed that the mining site is in close proximity of Railway Bridge" and same was placed before the committee. Committee observed that as per the Google image based on the co-ordinates provided by the PP, the railway bridge is at a distance of approx 175 meters away on the Northern side of the lease. As per MMR, 1996 the minimum distance criteria is 100 meters from railway line and bridge. However, as per "Sustainable Sand Mining Guidelines, 2016", published by MoEF&CC minimum 200 meters area is to be left as non mining area from the bridge. Thus committee after deliberations decided that PP may be asked to leave minimum 200 meters area is to be left from the rail bridge as per "Sustainable Sand Mining Guidelines, 2016", published by MoEF&CC and other conditions remains same as per the minutes of 50th SEAC II meeting dated 20/09/2016.

Based on the above recommendation, it was decided to grant Prior Environmental Clearance subject to the following specific conditions in addition to the conditions imposed by SEAC-II :-

- (i). PP shall not start mining activity before execution of lease agreement.
- (ii). The production capacity shall be limited to the quantity (15,000 cum/year) as recommended by SEAC-II.
- (iii). Before commencing the mining activity, site demarcation should be done leaving 200 m. from the road bridge and railway bridge as a "no mining zone". The demarcation should be done by the Revenue Officials in the presence of officials Railway, PWD and Mining Officer, Burhanpur.
- (iv). No in-stream mining shall be allowed. The Mining Officer, Burhanpur should ensure that the mining activity is confined only in the dry portion of the river where sand is exposed.
- (v). The depth of the pit shall be as per Approved Mining Plan and not exceed 3m or normal water level prevalent in the lean season whichever is less.
- (vi). The final decision of Hon'ble NGT (CZ) Bhopal and Hon'ble NGT Principal Bench, New Delhi in OA No. 49/2015 (Amkant Mishra Vs State of MP & others), shall be obligatory on the part of PP.
- (vii). PP should ensure that no access ramps are made for transportation of sand from the opposite bank of the river.
- (viii). PP should ensure to conserve the existing trees.
- (ix). No transportation shall be permitted within the village.
- (x). Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- (xi). The entire lease area should be properly fenced and boundary stones marked at the site.
- (xii). PP will ensure three row plantation towards the village settlement side in the entire length of suitable species three year old to conserve and retain the banks.

(60,000 cum/year) at Khasra No.-326, Village-Neemkheda, Tehsil-Shahpura, District-Jabalpur (MP) by Shri Foulad Singh Patel, Authorized Signatory, M/s Khare Construction Company, Sub Lessee, M.P. State Mining Corporation Ltd., Vill.- Samnapur, Teh.-Kareli, Narsinghpur (MP)-487770

This case was discussed and recommendation in 63rd SEAC-II meeting dtd. 24.12.2016 and it was recorded as under :-

".....PP vide letter No. 1065 dated 17/06/2016 was informed for submission of concerned information sought by the committee as per their meeting dated 03/06/2016. The committee observed that PP has neither submitted the desired information nor has requested for providing additional time to submit desired information and thus decided that this case may be recommended for delisting to SEIAA as per MoEF&CC OM No. F-11013/5/2009-IA-II (Part) dated 30/10/2012 as PP has not submitted the desired information."

As per the above observation, it has been decided to case is hereby delisted and shall be liable for re-listing once the information is submitted by the PP. Copy to all concerned.
