The case has been discussed in detail and observed that complaint from has been received Mr. Shailendra Jain in SEIAA on 15.03.18 regarding land use (Khasra No. 150/1, 150/3, 150/4) of mining lease area as Bhoojal, Prospecting lease area(150/4) is different from sanctioned mining lease area (150/1) and affecting course of Chandan River which is flowing just adjacent to mining lease area. Mr. Shailendra Jain has filed a case (OA-101/2017) in NGT. As per NGT order dated 24.1.18 in above case, MPPCB is directed to inspect the area to see in-stream mining. Scientist, MPPCB has inspected the site and submitted report. Question was also raised in State Assembly regarding this mine and reply was given by hon'ble Minister, Mineral Resource Minister in assembly.

Looking to sensitivity of the case, PP was asked to submit point wise information with supporting documents on issues raised in different forum. PP has submitted the pointwise information vide letter dtd 12.04.2018 in support of the case.

Approx. 18560.24 MT mineral has been excavated from mining lease area during year 2011-12 – 2016-17 which seems violation of prior EC as per EIA notification. However, DGM vide letter dated 14.12.15 has mentioned that leaseholder will be allowed to operate mine till the disposal of prior EC matter whose application has been filed in SEIAA before 31.12.15. Authority decided to seek clarification from Mineral Resources Department in this regard as case is registered in SEIAA on 15.06.16. Besides it is further decided to write Revenue Department, Govt. of M.P to seek clarification/comments regarding change of entry in revenue record of land use as Bhooljal (Jal Mad) for mining purpose whether mining activities can be carried out on the land of Bhooljal mad (head) of revenue record without change of revenue head.

As per above decision, letter was written to Revenue Department and Mineral Resources Department to seek clarification. In response to SEIAA letter, Collector, Balaghat has intimated that land use of proposed mining lease area is recorded as as Bhoojal (Jal mad) as per Revenue record and title has not been changed so far. Besides this, Under Secretary, Mineral Resources Department vide letter No 3915/691/2018/12-2 dated 25.8.18 has informed that DGM letter dated 14.12.15 has been quashed by Hon'ble NGT(PB) vide order dated 4.05.16 in OA 34/2016. Hence, mineral excavation carried out from proposed mining lease area is violation of Prior EC as per EIA notification. **Therefore, it is decided to close the case with direction to PP not to do mining activities in said land without obtaining prior EC.** Copy to PP and all concerned.
