

Minutes of the 567th Meeting of SEIAA dated. 27.08.2019

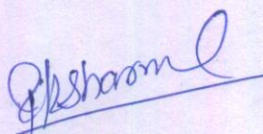

The 567th meeting of the State Level Environment Impact Assessment Authority was convened on 27.08.2019 at the Authority's Office in Environmental Planning and Co-Ordination Organization (EPCO), Paryavaran Parisar, Bhopal. The meeting was chaired by Shri Rakesh K. Shrivastava, Chairman, SEIAA. The following members attended the meeting:-

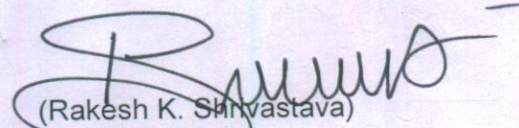

- | | | |
|----|---------------------------|------------------|
| 1 | Shri R.K. Sharma | Member |
| 2. | Shri Jitendra Singh Rajee | Member Secretary |

A. Following mining and other than mining cases have been considered:-

S.No.	Case No.	Category	No. & date of latest SEAC & SEIAA meeting
1.	5765/2018	1(d)	383 rd SEAC meeting dtd. 10.07.2019
2.	5812/2019	1(c)	387 th SEAC meeting dtd. 07.08.2019
3.	6390/2019	1(a)	387 th SEAC meeting dtd. 07.08.2019
4.	6422/2019	1(a)	387 th SEAC meeting dtd. 07.08.2019
5.	6440/2019	1(a)	387 th SEAC meeting dtd. 07.08.2019
6.	6371/2019	1(a)	387 th SEAC meeting dtd. 07.08.2019
7.	6436/2019	1(a)	387 th SEAC meeting dtd. 07.08.2019
8.	6430/2019	1(a)	387 th SEAC meeting dtd. 07.08.2019
9.	6039/2019	1(a)	382 nd SEAC meeting dtd. 09.07.2019
10.	6065/2019	1(a)	382 nd SEAC meeting dtd. 09.07.2019
11.	6220/2019	1(a)	382 nd SEAC meeting dtd. 09.07.2019
12.	6239/2019	1(a)	377 th SEAC meeting dtd. 02.07.2019
13.	6283/2019	1(a)	377 th SEAC meeting dtd. 02.07.2019
14.	6295/2019	1(a)	377 th SEAC meeting dtd. 02.07.2019
15.	6320/2019	1(a)	377 th SEAC meeting dtd. 02.07.2019
16.	6406/2019	1(a)	388 th SEAC meeting dtd. 08.08.2019
17.	6376/2019	1(a)	385 th SEAC meeting dtd. 12.07.2019
18.	6375/2019	1(a)	385 th SEAC meeting dtd. 12.07.2019
19.	6311/2019	1(a)	376 th SEAC meeting dtd. 01.07.2019
20.	5917/2019	1(a)	Withdraw the case by PP
21.	5272/2016	1(a)	390 th SEAC meeting dtd. 10.08.2019

Minutes of the 567th Meeting of SEIAA dated. 27.08.2019

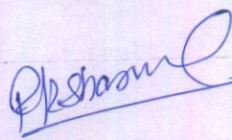

1. **Case No. 5765/2018** Prior Environment Clearance for Thermal Power Plant, for proposed expansion production capacity of Captive Power Plant from 25 MW to 28 MW, at Village J.P. Puram Bela, Tehsil Huzur, District Rewa (MP) by M/s Ultra Tech Cement Ltd., Ahura Centre, 1st Floor, A-Wing, Mahakali Caves Road, Andheri (E) Mumbai-400093. E-mail: kvijender.reddy@adityabirla.com

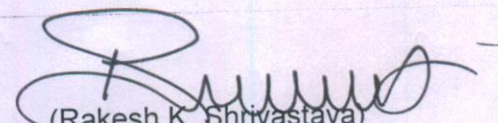

1. M/s. UltraTech Cement Ltd (UTCL), Unit – Bela Cement Works, has an existing Integrated Cement Plant, which is under operation since 1996 with Cement capacity of 2.5 Million TPA located at Village – Madheypur, PO - Jaypee Puram, District- Rewa (MP).
2. This is an existing Captive Power Plant located within the Bela Cement plant premises which in operation since 2004 to fulfilling the power requirement of the existing Integrated Cement Plant (Bela Cement Works). PP has obtained Consents as follows:-

S. No.	Particular	Letter No & Date
1	CTE in favor of M/s. Jaiprakash Associated Ltd (25 MW)	14.05.2004
2.	CTO in favor of M/s. Jaiprakash Associated Ltd (25 MW)	05.02.2005
3.	CTE in favor of UTCL (25 MW)	15.01.2018 (Valid up to 26.12.2022)
4.	CTO in favor of UTCL (25 MW)	22.09.2018 (Valid upto 31.12.2018)

3. Now M/s UTCL is going for a minor capacity enhancement from 25 to 28 MW by way of process optimization and debottlenecking of the project without any new additional installation.
4. There will be no change in Plant area, water requirement, fuel requirement, man power requirement, Capacity enhancement due to debottlenecking & process optimization, Present Power requirement of plant is being fulfilled CPP located within existing cement plant by State grid, Now enhancement in power generation capacity of CPP from 25 MW to 28 MW is proposed to increase optimum capacity utilisation of existing plant machineries.
5. There is no National park / Sanctuaries, Eco-sensitive areas,(DFO letter dtd. 14.05.13) critically polluted areas and inter-State boundaries within 10 km of the proposed site, hence, general conditions are not attracted as per EIA Notification 2006 & its amendments..
6. The project is covered under category B Project Activity 1(d) of the EIA Notification issued by the Ministry of Environment & Forests vide S.O.1533 (E), dtd. September 14, 2006 & its amendments.
7. The case was discussed in SEAC meetings 333rd SEAC meeting dtd. 29.11. 2018, and decided to issue TOR. ToR issued by SEAC vide letter no. 418/PS-MS/MPPCB/TOR(333)/2018-BHOPAL dated 22.12.2018. Accordingly TOR approved in 512 SEIAA meeting dated 12-12-18.
8. PP has submitted the EIA report on 04.06.19 in SEIAA office which was forwarded to SEAC vide letter no. 1093 dated 10.06.2019.

(Jitendra Singh Raje)

(Rakesh K. Shrivastava)
Chairman

Minutes of the 567th Meeting of SEIAA dated. 27.08.2019

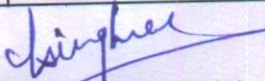

9. After submission of EIA report the case was considered in 383rd SEAC meeting dated 10.07.2019 and is recommended for grant of prior EC subject to special conditions.
10. PP vide letter dated 31.07.2019 submitted a request for some modification is required in the recommended EC by SEAC. As per request of PP the case was considered in 389th SEAC meeting dtd. 09.08.19 and recorded that:-

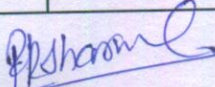

"Under the heading Part C- Air quality monitoring and management, in which stack emission standard is given which are applicable to the power plant commissioned after 1st Jan. 2017 as per the MoEF & CC notification SO 3305 (E) dated 7.12.2015. Further, mentioned that this case of Captive Thermal Power Plant (CPP) was commissioned in the year 2004 and minor enhancement of in the existing CPP by way of process optimization without any additional equipments installation. In their case applicable emission standard of PM, SO₂ & NO_x i.e, 50 mg/Nm³, 600 mg/Nm³, 300 mg/Nm³ respectively. For their thermal power plant commissioned after the year 2004 shall be considered as per MoEF & CC notification SO 3305 (E) dated 7.12.2015(notification copy annexed.).

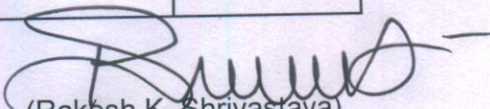

The case was discussed wherein committee considered the PP request and after deliberation decided in the specific condition Part C- Air quality monitoring and management in stack emission, applicable emission standard of PM, SO₂ & NO_x will be 50 mg/Nm³, 600 mg/Nm³ and 300 mg/Nm³ respectively for the thermal power plants, commissioned after the year 2004 as per MoEF & CC notification SO 3305 (E) dated 7.12.2015. The remaining conditioned will be unchanged. The PP's letter (original) with all enclosures is being sent back to SEIAA for necessary action in this context".

11. After the recommendation the case was discussed in detail and recorded that:-
- The total plant area is 4.205 ha. This is an existing Captive Power plant and enhancement in production capacity of Captive power plant is (from 25 MW to 28 MW) is proposed within the existing Plant area. Therefore, no additional land is required. Earlier the land is the name of Jaiprakash Associates Ltd. & Jaypee Cement Corporation Ltd. Now the total Land is under possession of UTCL (Unit: Bela cement works). Regarding land documents PP has submitted Transfer of land order dtd. 02.03.2017 issued from National Law Tribunal Bench: Allahabad under Section 391/394 of the companies Act, 1956.
 - Major raw material for thermal power generation is Coal. There will be no additional requirement of coal as existing specific steam consumption for 112.5 Tone of steam is 4.5 /MW. Now if reduce the specific steam consumption to 4.0 / MW then it will result in the power generation of 28 MW with the same amount of steam consumption i.e, 112.5. Therefore no Additional Fuel or Raw Material is required for the proposed enhancement in the production capacity. For fulfill the fuel requirement PP has submitted registered agreement dtd 02.03.19 executed between M/s Northern Coalfields Ltd. and M/s Ultratech Cement Ltd.

S. No.	Particulars	Existing Requirement	Source	Remark
1.	Water Requirement (KLD)	160	Rainwater harvested in Mine Pit	No Change
2.	Manpower Requirement	70	Existing Manpower	No Change

(Jitendra Singh Rajee)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

Minutes of the 567th Meeting of SEIAA dated. 27.08.2019

3.	Fuel Requirement Coal (MT/Day)	513	Fuel Supply agreement/ Open market	No Change
4.	Limestone (MT/Day)	50	Captive Limestone Mines	No Change

iii. Against the ToR letter issued by SEAC, PP has requested for the Exemption of Public Hearing and also submitted justification for this. The same was considered in 383rd SEAC meeting dtd. 10.07.19 and recorded that:-

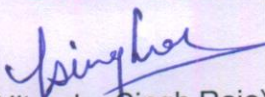

- This is an Existing Captive Power Plant (CPP) installed within the existing Cement plant premises of UltraTech Cement Limited (Unit: Bela Cement Works).
- Bela Cement Works was established in 49.3 ha with Cement Production Capacity of 1.5 MTPA in 1996. The company expanded the production capacity upto 2.5 MTPA for which Environmental Clearance was obtained J-11011/79/2003- IA.II (I) dated 21.04.2004.
- Public hearing for enhancement of cement plant was held on March 21st, 2003.
- Captive Power Plant with Production capacity of 25 MW was established in 2004 in an area of 4.205 ha within the cement plant premises for fulfilling the power requirement of the cement plant.
- Company is proposing Enhancement in Production Capacity of Captive Power Plant from 25 MW to 28 MW at J.P. Puram Bela, Tehsil: Huzur, District: Rewa (Madhya Pradesh).
- Company has asked for Exemption of Public Hearing because company is going for the minor enhancement in power generation capacity from 25 MW to 28 MW by the means of process optimization & debottlenecking by the following means:
- No new construction and additional installation are proposed. Enhancement will be done by process optimization debottlenecking.
- There will be no additional requirement of coal as existing specific steam consumption for 112.5 Tonne of steam is 4.5 /MW. Now if we reduce the specific steam consumption to 4.0 / MW then it will result in the power generation of 28 MW with the same amount of steam consumption i.e, 112.5. Therefore no Additional Fuel or Raw Material is required for the proposed enhancement in the production capacity.

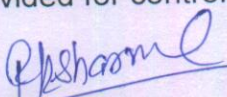

iv. Major Sources of Noise emissions/pollution are: Turbines, Compressors and Fans. For which PP has proposed following Mitigation measures:-

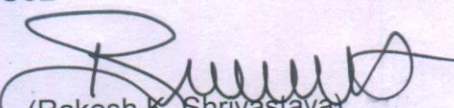

- Turbine and compressors are installed in closed building.
- Proper maintenance, oiling and greasing of machines at regular intervals is being done.
- Adequate silencers are being provided in all the steam exhaust. Periodical monitoring of Noise level.
- PPEs like ear plug and earmuffs etc. are being provided to all operators and employees working near the machinery.

v. The major pollutants are particulate matter, SO₂ and NO_x. Pollution levels are being/ will be maintained below the prescribed standards by following pollution control measures:

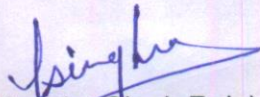

- ESP has been provided for Boiler Stack to maintain PM emission level below 50 mg/Nm³
- Limestone dosing system provided for control of So₂

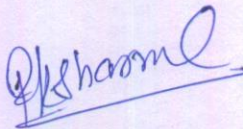

(Jitendra Singh Raje)
Member Secretary

(R.K. Sharma)

(Rakesh K. Shrivastava)
Chairman

- Covered conveyor belt & Bag filters have been provided at various material transfer points.
 - Silos for fly ash and bed ash storage;
 - Water sprinkler are installed at coal handling.
 - Covered shed for storage of coal;
- vi. Total water requirement for the project is 160 KLD which is being sourced from rainwater harvested in the Mine pit. After enhancement in power production capacity, there will be no change in the water requirement as the capacity enhancement will be done by the process optimization. Existing specific steam consumption for 112.5 Tonne of steam is 4.5 /MW. Now if we reduce the specific steam consumption to 4.0 / MW then it will result in the power generation of 28 MW with the same amount of steam consumption i.e, 112.5. Moreover Air cooled condensers are installed instead of water cooled condenser which results in no additional water requirement.
- vii. PP has submitted that no wastewater is being discharged outside the plant. Domestic waste water is being treated in STP (located in Colony) Waste water generated from CPP is being used in Dust Suppression and Greenbelt Development after neutralization.
- viii. Rain water is being harvested in Mines Pit and the same is being used for Power Generation and also recharges the ground water. Rain water harvesting will be practiced at plant site to recharge ground water.
- ix. Auxiliary power requirement of the Bela Cement Plant will be 2.52 MW. This is being/will be fulfilled by company's own existing Captive Power Plant located within existing cement plant.
- x. Solar Panels will be installed at the rooftop of Guest house and Street Lights exists within the plant premises and the Colony.
- xi. For Solid and Hazardous Waste Management PP has proposed as follows:--
- 206 MT (21 MT Bed Ash & 185 MT Fly Ash) of Ash is being generated. 100 % of Ash which is being/will be used in Integrated Cement Plant for manufacturing of Cement.
 - Municipal solid waste generated from the plant is being/ will be segregated and disposed off scientifically. Composting is being / will be done for the possible organic waste and manure is being / will be used in greenbelt development / plantation.
 - Used oil & grease, Skimming & Empty Barrels are being/ will be generated from plant machineries as hazardous waste which is being/ will be sold to CPCB registered recycler.
- xii. About 1.41 ha is covered under green belt & plantation. Plantation has been done in 33% of the total plant area. 80% survival rate will be maintained with all possible efforts. Following native plant species are being planted/to be planted : *Mangifera indica* (Mango), *Phyllanthus emblica* (Amla), *Polyalthia longifolia* (Ashoka), *Tamarindus indica* (Imli), *Ficus religiosa* (Peepal), *Azadirachta indica* (Neem), *Delonix regia*, *cassia fistula* (Amaltas), *Dalbergia sissoo* (Sheesham) etc.

(Jitendra Singh Raje)

- xiii. As per the O M no. F.No. 22-65/2017-IA.II dated 01.05.2018, for the brown field projects, CER budget should be 1 % or more of the total Project cost. Total project cost for this Project is 50 Lakh. Company has allocated Rs 0.5 Lakhs towards CER activities, which will be spend under various heads such as education, health, infrastructure etc.
- xiv. UTCL is being and will be actively involved in the CSR activities in the surrounding villages of the plant site. Infrastructure development in the nearby villages, educational facilities, , health facility, assistance in social forestry programmes in the area, are some of the activities further to be undertaken under ESC/CSR plan for the development and upliftment of the society. Company has allocated Rs 1020.86 lacs to be spent in CSR activities in 5 years. (2018 to 2023).

The submissions made by the PP were found to be satisfactory and acceptable hence it is decided to accept the recommendations of 383rd SEAC meeting dtd. 10.07.2019 with special conditions and accord Prior Environment Clearance for thermal Power Plant, for proposed expansion production capacity of Captive Power Plant from 25 MW to 28 MW, at Village J.P. Puram Bela, Tehsil Huzur, District Rewa (MP) by M/s Ultra Tech Cement Ltd., Ahura Centre, 1st Floor, A-Wing, Mahakali Caves Road, Andheri (E) Mumbai-400093 subject to following specific conditions imposed by SEIAA.

1. Ground water will not be extracted/purchased for any purpose / use in captive power plant. Only recycled water and / or stored water in mine pit reservoirs shall be used.
2. Water requirement shall not exceed 160 KLD. No discharge of waste water should be done outside the plant boundary / natural drain and all the waste water should be recycled and reused in the plant.
3. Ash generation will be 206 MT 100% of the fly ash and bottom ash generated shall be utilized in cement manufacturing. Fly ash will be stored in silos only and there shall be no open storage pond.
4. For controlling fugitive dust, regular sprinkling of water in vulnerable areas of the plant should be ensured.
5. The Proponent shall comply with the office memorandum dt. 05.02.2013 issued by the Ministry of Environment & Forests, Gol, w.r.t. quality of imported coal, etc.
6. PM emission concentration of less than 50 mg/Nm³ shall be maintained in the boiler.
7. At least 33% of total plot area will be developed into green area.
8. Coal will be transported to project site by combination of Belt conveyor and closed trucks..
9. Water for the project will be sourced from the rainwater harvested in the Captive Mine Reservoir only and not from any other natural source.
10. Zero Effluent Discharge will be practiced through recycling of all the waste water after appropriate treatment of the same.

(Jitendra Singh Rajee)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

11. Execution of all the CSR activities as proposed in the project shall be binding. PP should plan the CSR activities as per local villagers needs and should consult District administration for implementation of the CSR activities and submit the same to MPSEIAA.
12. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF & CC,GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

2. **Case No. - 5812/2019** Prior Environment Clearance for Construction of Affordable Housing Scheme "Sanjana Park II"(Total Plot Area = 26690 sqm., Total Built-up Area = 52025 sqm) at Khasra no 478/4/1, to 478/9 & 474, Village - Rau, Tehsil - Indore & Dist. Indore, (M.P.) Cat. - 8(a) Building and Construction Projects by Mrs. Meena Devi Agarwal, "The Agarwal Corporate House", 1, Sanjana Park, Adjoining Agarwal Public School, Bicholi Mardana Road, Indore, (M.P.)-452016.

This case was recommended in 387th SEAC meeting dated 07.08.2019, PP may be called for presentation.

3. **Case No. – 6390/2019** Prior Environment Clearance for Stone Quarry in an area of 2.850 ha. (70,000 cum per annum) (Khasra No. 443), Village - Nitahara, Tehsil - Jaura, Dist. Morena (MP) by Shri Bhim Sen Gole, Village - Ganeshpura, Dist. Morena, MP, Email - rssikarwar.sikarwar@gmail.com, Mobile – 7692832141.

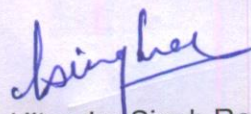

This case was recommended in 387th SEAC meeting dated 07.08.2019, PP may be called for presentation.

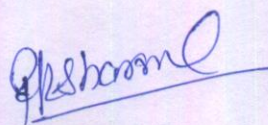

4. **Case No. – 6422/2019** Prior Environment Clearance for Gitti Stone Quarry in an area of 1.670 ha. (5,000 cum per annum) (Khasra No. 706, 708, 712), Village - Kyarpura, Tehsil - Sheopur, Dist. Sheopur (MP) by M/s Garg Infrastructure Company, Shri Ram Dayal Garg, R/o Sarawagi Mohalla, Ward no. 3, Dist. Sheopur, MP, Email - rdgarg28153@gmail.com, Mobile – 9425128100 .

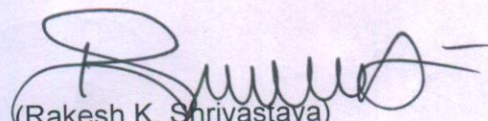

This case was recommended in 387th SEAC meeting dated 07.08.2019, PP may be called for presentation.

5. **Case No. – 6440/2019** Prior Environment Clearance for **Quartzite and Quartzitic Sand Quarry** (opencast manual/semi mechanized method) in an area of 3.00 ha. for production capacity of 2,500 cum per annum at Khasra No. 69 at Village - Nanasa, Tehsil - Kannod, Dist. Dewas (MP) by M/s Shree Nathji Mines and Stone, C/o Shri Siddharth Richariya, 87, Ward no. 63, J Sector, Ayodhya Nagar, Dist. Bhopal, MP.

This case was recommended in 387th SEAC meeting dated 07.08.2019 and it was recorded that.....

Minutes of the 567th Meeting of SEIAA dated. 27.08.2019

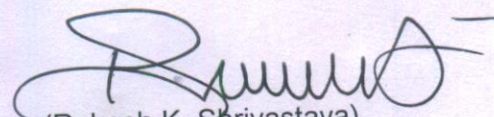

"----- PP has submitted the response of above quarries same date vide letter dated 07.08.2019, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. **After detailed discussions and perusal of recommendations of 387th SEAC dated 07.08.2019, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-**

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall demarcate a barrier zone of 7.5 m as no mining zone in the periphery of mining lease area and develop a green belt. Three row plantations shall be carried out in the greenbelt area in current year with proper watering arrangement.
- III. PP shall not start mining activity before execution of lease agreement.
- IV. The depth of the pit shall be as per the Approved Revised Mining Plan.
- V. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table approval of the Central Ground Water Board shall be obtained.
- VI. Before commencing of the mining activity, site demarcation should be done leaving 120 m. from nalla passing nearby ML area and leaving 15m from adjoining natural drain towards the north-east direction of ML area as a "no mining zone". The demarcation should be done by the Revenue Officials in the presence of Mining Officer, Dewas.
- VII. PP shall ensure existing trees should not be cut within the lease area and maintained it.
- VIII. PP shall ensure mining of quartzite sand shall not be allowed in any conditions as commitment by PP.
- IX. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP.
- X. No sand will be mined out from lease area.
- XI. Total 3000 saplings shall be planted by PP in first three years under plantation programme but PP should ensure to plant 3 years old saplings of suitable local tree species Lease boundary, Village side & approach road. Plantation of Neem, Pipal, Bargad, Amla, Ashok, Banyan, Amaltas, Munga, Kathal, Bel, Guava. Mango etc. **will be planted on priority.**

(Rakesh K. Shrivastava)
Chairman

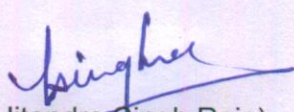

Minutes of the 567th Meeting of SEIAA dated. 27.08.2019

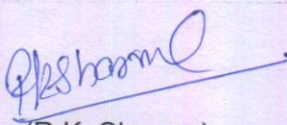

- XII. PP shall ensure to construct pakka approach road and maintained it. Plantation will be carried out on both side of the approach road.
- XIII. Payments of wages to the workers shall be done in consonance with the provisions in the labour laws.
- XIV. Mining shall be limited to the area as shown in surface plan and as per the approved mining scheme.
- XV. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- XVI. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XVII. PP must ensure implementation of the following activities with separate budget provision of Rs. 0.90 Lakh/years under CER.
- a. Installation of Solar light pole with solar panel (9nos) at village Nanasa.
 - b. Installation of swings, slides, seesaws, climbing frames in govt. primary school at village Barkhedi.
 - c. Provide furniture in govt. middle school at village Dhanwani.
 - d. Provide Dari, Plastic chairs and renovation/repairing samudayik bhavan at village Pipalda.
 - e. Provide Sports kit (cricket, volleyball, badminton, table tennis) in govt. high school at village Sukras.

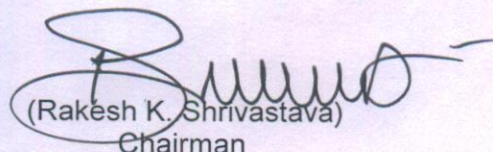

The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XVIII. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA..

Hence, Prior Environmental Clearance is granted for Quartzite and Quartzitic Sand Quarry (opencast manual/semi mechanized method) in an area of 3.00 ha. for production capacity of 2,500 cum per annum at Khasra No. 69 at Village - Nanasa, Tehsil - Kannod, Dist. Dewas (MP) for the lease period to M/s Shree Nathji Mines and Stone, C/o Shri Siddharth Richariya, 87, Ward no. 63, J Sector, Ayodhya Nagar, Dist. Bhopal, MP

(Jitendra Singh Raje)
Member Secretary

(R.K. Sharma)

6. **Case No. – 6371/2019:** Prior Environmental Clearance for Flagstone Quarry (Opencast Manual/Semi Mechanized Method) in an area of 1.045 ha. for production capacity of 2100 cum/year at Khasra No. 112/2 at Village- Bisloni, Tehsil –Pathari, District–Vidisha (MP) by Shri Yograj Sharma S/o Shri Maniram Sharma R/o Village-Lamaniya, Tehsil- Ganj Basoda, District- Vidisha MP – 464337,.

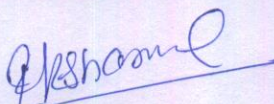

This case was recommended in 387th SEAC meeting dated 7.8.2019 and it was recorded that.....

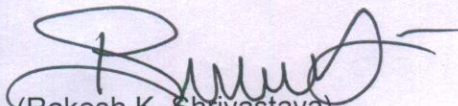

"----- The case was presented by PP and their consultant, PP submitted that the material will be excavated by Open cast method where manual mining will be carried out, no blasting is proposed and ultimate depth is restricted up to 6 meters. As per Google image based on coordinates provided by PP, a pakka road at 110 meters was observed in the eastern side. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 387th SEAC meeting dated 7.8.19, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- i. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- ii. PP shall not start mining activity before execution of lease agreement.
- iii. The depth of the pit shall be as per the Approved Mining Plan.
- iv. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary.
- v. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- vi. Total 1000 saplings shall be planted by PP in first three years under plantation programme suitable indigenous tree species Lease boundary, approach road. Plantation of Neem, Pipal, Amaltas, Amla, Mango, Munga, Kathal etc. on priority shall be ensured by PP.
- vii. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- viii. PP must ensure implementation of the following activities with separate budget provision of Rs. 0.30 Lakh/years under CER.
 - a) Distribution of Sport-Kits in nearest School in Village–Parsora, Bisloni, Chhapra, Jaipon, Saidpur.

(Jitendra Singh Raje)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- b) Distribution of Simple Water Filter (no. of filters 2x5000) in nearest School in Village Parsora, Bisloni, Chhapra, Jaipon, Saidpur.

The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- ix. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Flagstone Quarry (Opencast Manual/Semi Mechanized Method) in an area of 1.045 ha. for production capacity of 2100 cum/year at Khasra No. 112/2 at Village-Bisloni, Tehsil –Pathari, District–Vidisha (MP) for the lease period to Shri Yograj Sharma S/o Shri Maniram Sharma R/o Village-Lamaniya, Tehsil- Ganj Basoda, District- Vidisha MP – 464337.

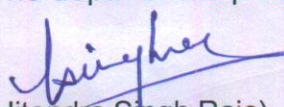

7. **Case No. – 6436/2019:** Prior Environmental Clearance for Metal Stone Quarry (Opencast Manual/Semi Mechanized Method) in an area of 2.50 ha. for production capacity of 24795 cum/year at Khasra No. 36/2 at Village - Jarua, Tehsil - Begamganj, Dist. Raisen MP by Shri Veerendra Singh Rajput S/o Shri Shivpal Singh Rajput, R/o Ganesh Colony, Bareilly, Tehsil & Dist. Raisen, MP-464881, Email–sa.ndmines2019@gmail.com, Mobile– 7869322224.

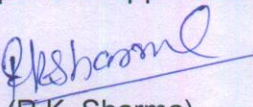

This case was recommended in 387th SEAC meeting dated 7.8.2019 and it was recorded that.....

"----- During presentation as per Google image based on coordinates provided by PP, within 500 meters no any significant sensitive features were observed of the lease area. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee after deliberation found that the EMS and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. PP was asked to provide the list of mines operated by firm after obtaining prior EC. During presentation, PP submitted details of mines operated by the firm after obtaining prior EC. As per information provided by firm, PP has so far operated 30 mines in 86.292 ha area in different part of the State. **After detailed discussions and perusal of recommendations of 377th SEAC dated 02.07.2019, presentation made by the PP in SEIAA, it was decided to ask PP to submit estimate of plantation as environmental conservation works proposed to be carried out against operated mines and undertaking in notarized affidavit for depositing money to concerned authority for the same as committed by PP to consider prior EC**

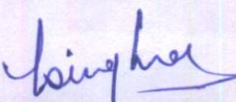

16. **Case No. – 6406/2019** - Prior Environmental Clearance for Stone Quarry (Open cast manual /semi mechanized method) in an area of 2.0 ha. for production capacity of 9000 cum / year at Khasra No. 319/1 at Village - Boriya, Tehsil - Mandla, Dist. Mandla (MP) by Shri Prahlad Singour, Village-Boriya, Tehsil & Dist. Mandla, MP - 481661, Email - prahaladgsm123@gmail.com, Mobile - 7509678682.

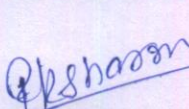

This case was recommended in 388th SEAC dated 08.08.2019 and it was recorded that.....

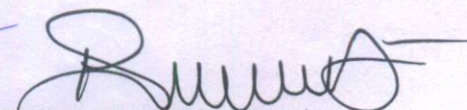

----- PP has submitted the response of above quarries same date vide letter dated 08.08.2019, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. **After detailed discussions and perusal of recommendations of 388th SEAC dated 08.08.2019, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-**

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. No overburden will be dumped outside the mine lease area.
- V. PP shall ensure to construct appropriate size garland drain & settling tank all around the lease area
- VI. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary and towards habitation.

29. **Case No.-5265/2016** Prior Environment Clearance for Garhi Dadar Bauxite Mine in an area of 4.90 ha. (50000 MTPA ha) at Khasra no.-24/2, 24/3, Village-Garhi Dadar, Tehsil - Pusprajgarh, Dist. Anuppur (MP) by Imtiyaz Khangarhi Dadar Bauxite Mine, Anuppur, MP – 462001

This case was discussed in 390th SEAC meeting dated 10.08.2019 and it was recorded that.....

----- TOR's were issued to the following cases and till date neither the EIA nor any request for TOR validity extension has received from PP and the validity of TOR has been expired. Hence, committee after deliberations decided that these following cases may be sent to SEIAA for delisting:

Since validity of ToR is expired hence as per above recommendation of SEAC, it has been decided to delist the case on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned

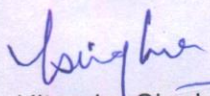

30. **Case No. – 5976/2019** Prior Environment Clearance for Granite Stone Mine in an area of 2.5060 Ha. Total Production – 3,02,600 cum per annum) (Khasra No. 151), Village – Dhujaura, Tehsil – Gaurihar, Dist. Chhatarpur (MP) by Shri Upendra Kumar Shukla, S/o Shri Ram Kumar Shukla, R/o Rajendra Nagar Kabrai, Dist. Mahoba, UP – 0210427.

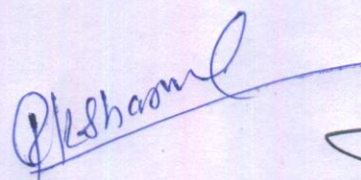

This case was discussed in 390th SEAC meeting dated 10.07.2019 and it was recorded that.....

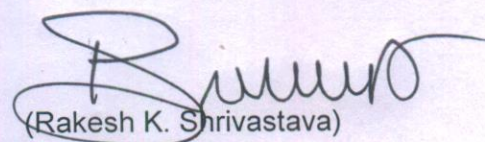

"Committee observed that during site visit it was observed by sub-committee that the site is located on a hillock of > 100 meters and on hilltop outcrops/fractured stone and on foot hill Murrum can be seen on site. On some parts of lease thick green area can be seen. A local resident Mr. Vinod Kumar Behariya, Gram Mudehara present on site informed that this is the highest hill of the area. During discussion consultant submitted that the mining is proposed from the hilltop and to carry out mining of stone where gradient is too high involves lots of risks to workers & issues of slope stability and deployment of men and machine. The proposed site is also having lots of green area. Thus considering above situation, committee recommends that this case shall not be considered for grant of EC."

As per above recommendation of SEAC, it has been decided that this case can not be considered for grant of EC considering above situation hence case is rejected from environmental angle. Copy to PP and all concerned.

Meeting ended with a vote of thanks to the Chair.
