

## Minutes of the 664<sup>th</sup> Meeting of SEIAA dated 05.03.2021

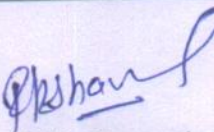

The 664<sup>th</sup> meeting of the State Level Environment Impact Assessment Authority was convened on 05.03.2021 at the Authority's Office in Environmental Planning and Co-Ordination Organization (EPCO), Paryavaran Parisar, Bhopal. The meeting was chaired by Shri Rakesh K. Shrivastava, Chairman, SEIAA. The following members attended the meeting:-

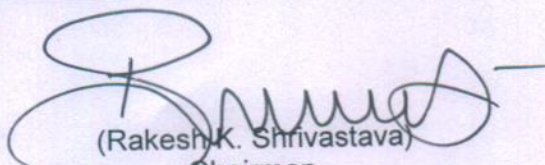

- |    |                    |                  |
|----|--------------------|------------------|
| 1  | Shri R.K. Sharma   | Member           |
| 2. | Shri B.Vijay Datta | Member Secretary |

Following mining cases and other than mining cases have been considered:-

S.No	Case No.	Category	No. & date of latest SEAC & SEIAA meeting
1.	6480/2019	5 (g)	484 <sup>th</sup> SEAC meeting dtd. 24.02.2021
2.	7657/2019	2 (b)	484 <sup>th</sup> SEAC meeting dtd. 24.02.2021
3.	8196/2021	8 (a)	484 <sup>th</sup> SEAC meeting dtd. 24.02.2021
4.	8213/2021	1 (a)	484 <sup>th</sup> SEAC meeting dtd. 24.02.2021
5.	8214/2021	1 (a)	484 <sup>th</sup> SEAC meeting dtd. 24.02.2021
6.	8215/2021	1 (a)	484 <sup>th</sup> SEAC meeting dtd. 24.02.2021
7.	8219/2021	1 (a)	484 <sup>th</sup> SEAC meeting dtd. 24.02.2021
8.	8220/2021	1 (a)	484 <sup>th</sup> SEAC meeting dtd. 24.02.2021
9.	8217/2021	1 (a)	484 <sup>th</sup> SEAC meeting dtd. 24.02.2021
10.	8181/2021	1 (a)	485 <sup>th</sup> SEAC meeting dated 25-02-21.
11.	8182/2021	1 (a)	485 <sup>th</sup> SEAC meeting dated 25-02-21.
12.	8183/2021	1 (a)	485 <sup>th</sup> SEAC meeting dated 25-02-21.
13.	8184/2021	1 (a)	485 <sup>th</sup> SEAC meeting dated 25-02-21.
14.	8202/2021	1 (a)	485 <sup>th</sup> SEAC meeting dated 25-02-21.
15.	8203/2021	1 (a)	485 <sup>th</sup> SEAC meeting dated 25-02-21.
16.	8207/2021	1 (a)	485 <sup>th</sup> SEAC meeting dated 25-02-21.
17.	8208/2021	1 (a)	484 <sup>th</sup> SEAC meeting dated 24-02-21.
18.	8235/2021	1 (a)	486 <sup>th</sup> SEAC meeting dated 26-02-21.
19.	6097/2019	1 (a)	485 <sup>th</sup> SEAC meeting dated 25-02-21.
20.	8206/2021	1 (a)	484 <sup>th</sup> SEAC meeting dated 24-02-21.

1. **Case No. 6480/2019** : Prior Environment Clearance for Capacity expansion of grain based distillery through modification by installing a certain machineries along with Cogeneration Power Plant of 1.1 MW at Plot No. 179/20, 179/22, 179/25, 179/34, 179/40, 179/41, 179/42, 179/48, 179/49, Village- Pilukhedi, Tehsil-Narsingharh Distt.-Rajgarh (M.P.) Land area – 10 acres, Proposed Capacity: 25 KLD to 50 KLD by M/s, Vindhyachal Distilleries Pvt. Limited, through GM E-2/34, Arera Colony Bhopal(M.P.)-462016, Email - Vindhya@sancharnet.in, Telephone - 0755-6622100 Mob- 9425008208
1. The project is proposed for Capacity Expansion of Grain Based Distillery from 25 KLD to 50 KLD through modification by installing certain machineries along with Cogeneration Power Plant of 1.1 MW ha. in at Khasra no. – 179/20, 179/22, 179/25, 179/34, 179/40, 179/41, 179/42, 179/48, 179/49 & 179/50. Village - Pilukhedi, Tehsil - Narsingharh, Dist. -Rajgarh, (M.P.). The proponent is M/s. Vindhyachal Distilleries Pvt. Ltd, E-2/34, Arera Colony, Dist. Bhopal, (M.P.)
2. Geographical coordinate of project is Latitude: 23°29'2.39"N to 23°29'14.78"N Longitude: 77°4'0.93"E to 77°4'20.74" and elevation of the project is Highest-457m MSL lowest- 449m MSL meters above sea level.
3. M/s Vindhyachal Distilleries Pvt. Limited (VDPL) has engaged in RS/ENA/Anhydrous Alcohol production since several years. The management has proposed to expand it's capacity of grain based distillery from 25 KLD to 50 KLD through up-gradation of existing plant & machineries and addition of certain machineries. Total capacity of the unit will 50 KLD which will be based on grain as feed stock.
4. The existing(25 KLD) and proposed (50 KLD) detail of the unit are as follows:-

Particular	For 25 KLD Plant	For expansion project	Total for 50 KLD
Site Address	Khasra No. 179/20, 179/22, 179/25, 179/34, 179/40, 179/41, 179/48, 179/49 and 179/50 Pilukhedi, Narsingharh Madhya Pradesh 465667		
Production Capacity	25 KLPD	25 KLPD	50 KLPD
No of operation days	330	330	330
Cost of Project in Crore	30.57	3.15	33.72
Existing cost on environment protection measures in Lacs (Capital)	Rs. 672.167	Rs. 46.30	Rs. 718.467
Existing cost on environment protection measures in Lacs (Recurring)	Rs. 26.50	Rs. 7.78	Rs. 34.28
Grain Requirement	57 MT Rice, 65 M Jowar, Makka, Bajra	57 MT Rice	114 MT Rice, 130 M Jowar, Bajra, Makka
Boiler capacity at MCR (100% Load)	(5 TPH +8 TPH)		14 TPH
Steam Requirement	108 TPD	72 TPD	180 TPD
Fuel	Coal/rice husk	Coal/rice husk	Coal/rice husk
Total Water	690 m3/day	444 m3/day	1134 m3/day

## Minutes of the 664<sup>th</sup> Meeting of SEIAA dated 05.03.2021

Requirement			
Net fresh Water Requirement	220 m3/day	191 m3/day	411 m3/day
Source of water supply	Tanker & AKVN	Tanker & AKVN	Tanker & AKVN
Raw Spent wash Generation (Grain)	145 m3/day	145 m3/day	290 m3/day
Power Requirement	400 Kw/Hr	608 Kw/Hr	1008 Kw/hr

5. The project is covered under 5 (g) (ii) category B of the EIA Notification issued by the Ministry of Environment & Forest vide S.O.1533 (E), dated September 14, 2006.
6. There is no National park / Sanctuaries, Eco-sensitive areas (DFO letter dtd 02.07.19), critically polluted areas and inter-State boundaries (PWD letter dtd. 20.06.19) within 05 km of the proposed site, hence, general conditions are not attracted as per EIA Notification 2006.
7. The TOR was presented and recommended in the 396<sup>th</sup> SEAC meeting dated 30.10.2019. PP vide letter dated 12.06.2020 has requested that the capacity expansion is required from 25 KLD to 50 KLD and accordingly submitted revised Form-1 & PFR. for issuing revised ToR Committee accept the request made by PP and recommended to issue revised ToR with revised production expansion capacity as 25 KLD to 50 KLD & Revised TOR 441<sup>st</sup> SEAC meeting dated 15.06.20 wherein ToR was recommended.
8. Public hearing for the proposed project was conducted on 25<sup>th</sup> January 2021 at Anagnwadi centre, Village Pilukhedi, Tehsil Narsighgarh Dist Rajgarh (MP) under the Chairmanship of Collector, Rajgarh. The issues raised during public hearing were of general nature, nothing adverse was found regarding degradation of the environment.
9. PP has submitted the EIA report vide letter dated 06.02.2021 which was forwarded to SEAC on 18.02.2021, which was placed before the committee.
10. The case was discussed in SEAC meetings 484<sup>th</sup> dated 24.02.21 and recommended EC.
11. As per above recommendation today the case scheduled for presentation and after deliberations by PP the case was discussed in depth & it is recorded that:-
  - i. The plant is proposed at piece of land i.e. approx 1,18,110 sq.m., There is no requirement of additional land after the expansion of the project.. PP has submitted copy of Kishtbandi Khatoni (B1) 2019-20. As per the Kishtbandi Khatoni the land is the name of M/s Vindhychal Distilleries Pvt. Limited. The land use break-up of the unit is as follows:-

Area In Sq. mtrs.		
Land use Break-Up For Existing & Proposed Unit		
Particular	Existing 25 KLD	After Expansion
Built up Area of main plant and machineries	13670	15670
Road area	6600	6600
Raw Material storage area	1474	2000
Fuel Storage Area	540	540

## Minutes of the 664<sup>th</sup> Meeting of SEIAA dated 05.03.2021

Parking area	2400	2400
Green Belt	39370	49370
Total	64054	76654
Open Land	54056	41456
<b>Total acquired area</b>	<b>1,18110</b>	<b>1,18110</b>

- ii. Being case of expansion, PP was asked to provide MoEF&CC compliance report of earlier EC conditions for which PP submitted that this plant was established in 1987 before the applicability of EIA Notification, 1994 & 2006.
- iii. The total raw water requirement for the existing operation is reported as 690 KLD whereas after recycling/reuse, net fresh water requirement is 220 KLD which is being met through River water sources.
- iv. After the capacity expansion, total water requirement is estimated to be 1134 KLD and after recycling & reuse of 723 KLD of water, net fresh water requirement is estimated to be 411 KLD. Hence cumulative net fresh water requirement for existing and proposed plant will be 411 KLD. PP has proposed to meet this requirement through surface water supply from River Parwati. The raw water will be stored in tank having total capacity of 12000 KL. The system has been given to maintain the zero discharge condition. CPU and RO are also proposed for unit of 50 KLD plant.
- v. During operation, grain slops will be taken through Centrifuge Decaners for separation of suspended solids. Spent wash (285 M<sup>3</sup> per day) will pass through centrifuge decanter for separation of solid. The part of thin slope (44 M<sup>3</sup> per day) from centrifuge will be recycled to process. The remaining slop will be concentrated through multi effect evaporator.
- vi. Centrifuge Decanter is used for separation of suspended solid from the spent wash coming out of the distillation plant.
- vii. Wet cake has 30-35% w/w solids as removed from the bottom of the Decanter. Thin slops coming out from decanter will be collected in a tank & transferred for the partial recycling & remaining for Evaporation.
- viii. 45 m<sup>3</sup> per day Lees will be recycle back for fermentation process.
- ix. For Waste Water Treatment PP has proposed following Control Measures :
  - With the conservation of resources approach, it is essential to recycle maximum possible sources back in the process. Process Condensates from multi Effect Evaporator used for volume reduction of spent wash, and spent lees generated in the process offers an ideal opportunity for recycle after treatment in the distillery, where there are major water consuming activities, and which can effectively minimize the fresh water intake.
  - Groundwater usage by the plant is 411 KLD ( if proposed in future) and therefore total Recharge required is 411 KLD, However in the present case no ground water is being used by the unit. Since the total recharge

  
(B. Vijay Datta)  
Member Secretary

  
(R.K. Sharma)  
Member

  
(Rakesh K. Shrivastava)  
Chairman

from the premises shall be 50368.66 m<sup>3</sup> per year, there will be a shortfall of recharge to the tune of 179300 m<sup>3</sup> per year. The unit is having following 05 lagoon which provide the annual recharge more than 179300 m<sup>3</sup> per year but require of construction of Recharge shafts and maintenance of the lagoon.

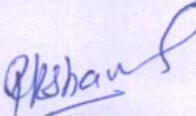

- The factory will create recharging shaft in the existing lagoons which will provide the annual recharge of 179300 m<sup>3</sup> making the total recharge by the efforts of VDPL as 50368.66 m<sup>3</sup> per year + 179300m<sup>3</sup> per year = **229668.66 m<sup>3</sup> per year**
- 05 old lagoon having volume capacity of **89650 m<sup>3</sup>** have been converted as harvesting structure and shaft shall be developed in these structure .
- A drain along the boundary wall shall be maintained and will be pitched by stones, which joins the settling tank to protect the flow of contaminant outside the premises if any.
- Web camera for monitoring of ZLD condition has been installed and connectivity has been given to the server of MPPCB.
- Provision of drainage network in above area.
- Regular inspection and cleaning of storm drains.
- Provision of cover at waste storage areas.
- Provision of secondary containment and dykes in fuel/oil storage facilities.

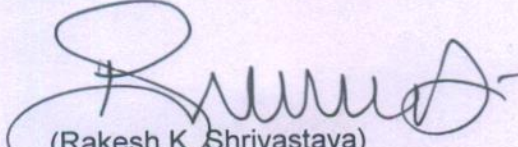

x. Following will be solid /hazardous waste management practice to be adopted by unit:

S No	Capacity KLD	Description	Grain (TPD)
A	25	DWGS	83250 KLPD
		Boiler ash (Coal Ash)	14 TPD
B	25	DWGS	83250 KLPD
		Boiler ash (Coal Ash)	14 TPD
C	50	DWGS	166500 KLPD
		Boiler ash (Coal Ash)	28 TPD

- After evaporation the wet cake called as concentrate (syrup) and cake from decanter are mixed together known as DWGS which is dried in a rotary drum dryer. The product comes as Distillers Dry Grain Soluble (DDGS) which is dry and can be stored for a longer time. DDGS is good source of poultry and cattle feed yield of DDGS is 56-62 MT/day on dry basis
  - Ash generated from spent wash incineration shall be given to farmer as it contains rich potash value.. Incinerated spent wash ash (14 TPD) and Baggase Ash from the boiler would be disposed to farmer.
  - Waste papers and boxes will be sold off to vendors/ recyclers.
  - Hazardous waste i.e. Used oil from DG set, spent resin from DM/Cooling tower and waste carbon from ACF will be given to authorized recyclers/ TSDF, Pithampur.
- xi. Odour may be caused due to bad management of fermentation house, long retention of fermented wash, unattended drains. To control the odour following practise to be adopted :-
- Adaptation of covered fermentation process along with CO<sub>2</sub> recovery system

  
(B. Vijay Datta)  
Member Secretary

  
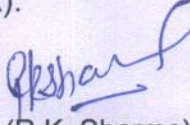

(R.K. Sharma)  
Member

  
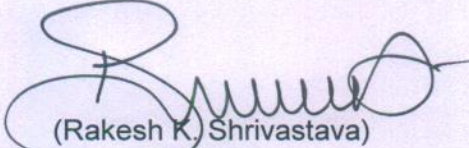

(Rakesh K. Shrivastava)  
Chairman

- Wet cake will not be stored for more than 36 hours to prevent odour generation
  - Better housekeeping by regular steaming of all fermentation equipments.
  - Use of efficient biocides to control bacterial contamination.
  - Control of temperature during fermentation to avoid in-activation / killing of yeast.
  - Avoiding storage of fermented wash.
  - Regular use of bleaching powder in the drains to avoid generation of putrefying micro-organisms.
  - Closed operation of the process should be practiced effectively.
- xii. To mitigate the impact of pollutants from boiler stack, diesel generator sets, fugitive emission and emission from vehicular traffic during the operational phase of the site, following measures are proposed for implementation:
- ESP has been provided at stack (50 mt height) of boiler to control the emission below 50 mg per cubic meter.
  - On line continuous monitoring system is/will be proposed for Co-Gen plant.
  - Adequate stack height of 45 mt for boiler and 12 mt for the DG set shall be provided for better dispersion.
  - Dust collectors system is/shall be provided at various material transfer points.
  - Dense plantations will be developed in and around the plant over area of 11.43 acres.
  - Ambient air quality and stack emission is/will be regularly monitored to ensure that ambient air quality meets the given standards
  - In order to ensure that the fugitive dust emissions due to transportation activity, all roads within the plant areas shall be asphalted.
  - During the handling of raw materials like Coal, Grain, Fugitive emission is/will be controlled by deployment of closed cover system, dust extraction system, water spraying arrangement
  - Plugging all leakages and enclosing storage and material handling systems.
- xiii. The total power requirement of the project will be 1008 Kw/hr.(existing- 400 Kw/Hr Proposed- 608 Kw/Hr) . DG & Grid 1.1 MW shall be kept as standby arrangement.
- xiv. PP has proposed total 4.9370 ha will be covered with the good green belt and 7450 trees will be planted. The green belt of 5-10 m width will be developed mainly along the periphery and road side. Selection of plant species shall be as per the CPCB guide lines in consultation with the State Forest Department.
- xv. PP has included disaster management plan, Fire hydrant and fire fighting system shall be provided and on site emergency plan shall be delineated. Storage of fuel Ethanol, molasses and spent wash shall be ensured as per industrial safety norms. Flammable chemical shall be stores away from source of ignition. Electrical wiring of flame proof type will be provided.
- xvi. PP has proposed physical targets based on public hearing under Corporate Environment Responsibility (CER).

# Minutes of the 664<sup>th</sup> Meeting of SEIAA dated 05.03.2021

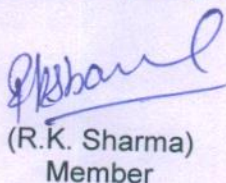

SN	Commitment towards public hearing Issue in terms of Physical Target
1	Additional 25 manpower will be required for the project. Employment Opportunity to local people shall be made available and total 99% of the of the total requirement shall be from nearby villages/Town.
2	Provision of two borewell at Village Pilukhedi
3	Continual execution of socio economic activities as per the local needs in line with the activities being carried out since several years

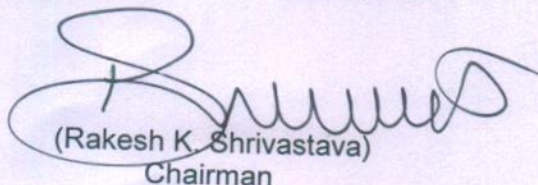

The submissions made by the PP were found to be satisfactory and acceptable hence it is decided to accept the recommendations of 484<sup>th</sup> SEAC meeting dated 24.02.2021 with special conditions and accord Prior Environment Clearance for proposed Capacity Expansion of Grain Based Distillery from 25 KLD to 50 KLD through modification by installing a certain machineries along with Cogeneration Power Plant of 1.1 MW ha. at Khasra no. – 179/20, 179/22, 179/25, 179/34, 179/40, 179/41, 179/42, 179/48, 179/49 & 179/50. Village - Pilukhedi, Tehsil- Narsinghgarh, Dist. -Rajgarh, (M.P.) by M/s. Vindhyachal Distilleries Pvt. Ltd, E-2/34, Arera Colony, Dist. Bhopal, (M.P.) – 462016 subject to following specific conditions imposed by SEIAA.

## A. Specific Conditions as recommended by SEIAA

1. PP should ensure to construct 05 lagoon to meet the water requirement and to avoid the extraction of ground water.
2. PP should ensure to construct total capacity of 12000 KL tank for storage of raw water.
3. **Waste Water Disposal:**
  - a. Industry shall install Multi Effective Evaporator (MEE) and adequate ETP for treatment and disposal of effluent. Zero discharge shall be maintained.
  - b. The process condensate, boiler blow down, cooling tower blow down, spent lees after cooling should be treated in condensate polishing unit.
  - c. Spent wash should be stored in MS/SS tank. The storage of spent wash shall not exceed 5 days capacity.
  - d. Process effluent/any waste water should not be allowed to mix with storm water. Storm water drain should be passed through guard pond.
4. **Solid & hazardous waste :-**
  - a. PP should obtain authorization from MPPCB regarding hazardous waste disposal. PP should ensure disposal of hazardous waste/ by products regularly through sale or in TSDF site and there should be no dumping of these materials in the premises/outside. PP should also ensure handling, disposal and management of hazardous waste as per the Hazardous waste (Management & Handling) Rules 2000.
  - b. Other solid waste generated from the process shall be used as cattle-feed. Industry shall explore the possibility to make it available to the local farmers.
5. **Air Pollution Control measures :**
  - a. PP should provide fogging system for dust suppression.
  - b. PP should ensure installation of DG sets with canopy and the stack height should be as per the MPPCB norms.
  - c. PP should install continuous air quality monitoring station in coordination with MPPCB.

  
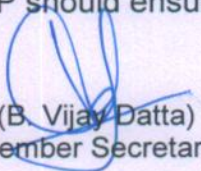

(B. Vijay Datta)  
Member Secretary

  
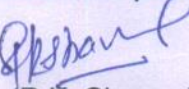

(R.K. Sharma)  
Member

  
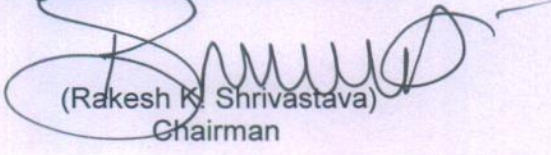

(Rakesh K. Shrivastava)  
Chairman

- d. Industry shall install bag-house in boiler to maintain the emission level of particulate matter as per MPPCB/CPCB prescribed norms.
  - e. Boiler ash shall be stored separately as per CPCB guidelines So that it shall not adversely affect the air quality, becoming air borne by wind or water regime during rainy season by flowing along with storm water.
  - f. Bagasse ash and coal ash should be stored separately and reuse/recycle properly.
6. **Noise & Odor Environment & Management**
- a. Walls and ceilings of the concerned buildings should be lined with sound absorbing materials.
  - b. Noise attenuating devices like ear plugs and ear muffs should be provided to the workers exposed to high noise level.
  - c. Vehicles should not be allowed to queue outside the plant on the highway. Vehicle and people flow during shift changes should be regulated by allowing exits in a phased manner.
  - d. D.G. Set should be enclosed in a proper acoustic enclosure to reduce the noise emanating from it.
  - e. Control of temperature during fermentation to avoid in-activation / killing of yeast.
  - f. Avoiding storage of fermented wash.
  - g. Regular use of bleaching powder in the drains to avoid growth of putrefying micro-organisms.
7. **Energy Conservation:**
- PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures, and other energy efficient plant machineries and equipments.
8. **Disaster management:**
- a. Prepare the onsite & offsite risk / disaster management plan, health and safety management plan and duly approved by the Competent Authority.
  - b. Fire fighting system shall be as per the norms and cover all areas where alcohol is produced, handled and stored. Provision of foam system for firefighting shall be made to control fire from made to control fire from the alcohol storage tank. DMP shall be implemented.
9. **Green Area :-**
- a. PP should develop 4.9370 ha with the good green belt by planting 7450 trees with four rows of trees all along the periphery.
  - b. The plant species selection should be as per CPCB guidelines for plantation in industrial area.
  - c. Every effort should be made to conserve the existing trees in the project area.
  - d. Dense plantation shall be taken up in at least 33% of total plot area.
10. PP should ensure the implementation of CER activities for Infrastructure facilities at schools of nearby villages in terms of provision of computers, teachers, separate toilets for girls and boys, provision of solar pumps, solar lights in the nearby villages of the area. Skill Development Programmes for youths as per the requirement of the Unit ,
11. PP should ensure the traffic movement plan, parking facilities and road width.

  
(B. Vijay Datta)  
Member Secretary

  
(R.K. Sharma)  
Member

  
(Rakesh K. Shrivastava)  
Chairman

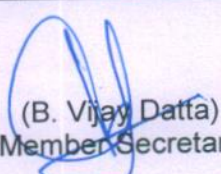

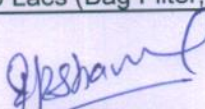

12. PP should make a Environmental Management Cell under the guidance of MPPCB to maintain the environmental condition of the project.
13. Dedicated parking facility for loading and unloading of materials shall be provided in the factory premises. Unit shall develop the implement good traffic management system for their incoming and outgoing vehicles to avoid congestion on the public road.

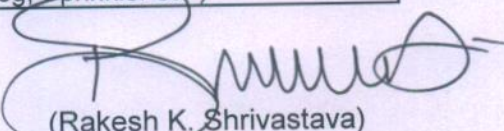

**2. Case No. 7657/2020 :** Prior Environment Clearance for Proposed Iron Ore beneficiation plant at Khasra No. 449, 451, 442, 443, 444, 448, 450, 453, 432, 434, 437, 438, 441, 445 & 452 Village - Jhiti Tahsil Sihora; District –Jabalpur (MP) Total Area: 30 acres Production Capacity : 4,80,000 Ton per Year Iron Ore Concentrate Final Product by Director M/S GEOMIN IRON MANUFACTURING PRIVATE LIMITED Yash Tower, Pathak Ward, Katni MP 483501 Email: gmoperation@mpdin.com Mob:- 9131927005

1. Geomin Iron Ore beneficiation plant project is proposed to be located at village Jhiti, Tahsil Sihora; District –Jabalpur (MP). The lease area is being held by M Geomin Iron Manufacturing Private Limited having office at Yash Tower, Pathak Ward, Katni (MP) 483501.
2. It is a green field project and proposed for Throw put capacity of 4,80,000 Ton per Year of Iron Ore Concentrate. The area lies at the cross section of latitude 23°22'20.25" N and Longitude 80°10'36.54" E (Mean Sea Level – 388m) and is covered under Toposheet no 63A/3.
3. The project has been proposed for the beneficiation of Iron Ore with capacity of 4,80, 000 TPA of concentrate with physical means i.e. Crushing, grinding, ore separation through magnetic method, de watering .No chemical beneficiation process will be adopted for beneficiation activity.

S.NO	Particulars	Details
1	Project	Iron Ore Beneficiation Plant with proposed capacity of 4,80,000 Ton per Year of Iron Ore Concentrate
2	Khasra number	449,451,442,443,444,448,450,453,432,434,437,438,441, 445, 452& 453
2	Total Power requirement for process	4.4 KVA from MPSEB (18.3 Kwh power per ton of production)
3	Total Land available	30 Acres
6	Water Requirement	It is expected that 50 KLD water (including domestic) will be required as make up water Process water requirement : 1167M3/hr Water consumption/loss in the process : 46.0 M3/hr Recycled water : 1121 M3/hr The overall consumption is 0.23 m3/ tone. Therefore, water requirement for the whole plant is 46 M3/hr
7	Tailing generation	0.3168 Mio TPA on dry basis
8	Source of Raw water	From mining pit of captive mine
9	Alternative Source of Power	D. G. Set of 250 KVA
10	Cost of project	Rs 50 Crores (including land)
11	Capital Cost of	Rs 64.79 Lacs (Bag Filter, Dry Fog, Sprinkler etc )

## Minutes of the 664<sup>th</sup> Meeting of SEIAA dated 05.03.2021

	Pollution Control Equipments	
12	Recurring cost for environmental management (Proposed ) etc	19.20 Lacs
13	Number of employment generation	100 persons for Operation phase

4. There is no National park / Sanctuaries, Eco-sensitive areas (DFO letter dtd 07.01.21), critically polluted areas and inter-State boundaries within 05 km of the proposed site, hence, general conditions are not attracted as per EIA Notification 2006.
5. The TOR was presented and recommended in the 460<sup>th</sup> SEAC meeting dated 24/09/2020 wherein ToR was recommended.
6. Public hearing for the proposed project was conducted on 21<sup>st</sup> January 2021 at village Jhiti, Tehsil-Sihora Dist Jabalpur (MP) under the Chairmanship of Additional Collector, Jabalpur. Total 51 people were present in the public hearing and 05 written suggestion/comments received. The issues raised during public hearing were of general nature, nothing adverse was found regarding degradation of the environment.
7. PP has submitted the EIA report which was forwarded to SEAC on 12.02.2021, which was placed before the committee.
8. The case was discussed in SEAC meetings 484<sup>th</sup> dated 24.02.21 and recommended EC.
9. As per above recommendation today the case scheduled for presentation and after deliberations by PP the case was discussed in depth & it is recorded that:-
  - i. The plant is proposed at piece of land i.e. approx 30 Acre. PP has submitted copy of Kishtbandi Khatoni (B1) 2020-21. As per the land documents the land is the name of M/S GEOMIN IRON MANUFACTURING PRIVATE LIMITED. PP has also submitted copy of land registry dtd.25.07.2020 The land use break-up of the unit is as follows:-

SL No	Description	Area in Acre
1	Plant & Machinery's	1.6
2	Raw Material Storage	2.9
3	Final Product Iron Ore Concentrate Storage	0.3
4	Administrative Buildings	0.15
5	Water Reservoir	1.23
6	Road	3.0
7	Green Area	10

(B. Vijay Datta)  
Member Secretary

(R.K. Sharma)  
Member

(Rakesh K. Shrivastava)  
Chairman

8	Open Area	10.52
9	Tailings Storage	0.3
	Total	30.00

- ii. The requirement of major raw material i.e. Iron, will be met from captive mines viz Anand Mining, Nirmala Minerals etc. Mine out ore will be raw material for the beneficiation plant. Captive Mines as source of raw material and adjoining land with mines so transportation is minimized and tippers will be used for transport of finished goods.

For Raw material storage PP has proposed 130m x 90m area around 0.3 acre inside the plant, store around 250000 MT Iron Ore.

- iii. Drinking water is available through bore well whereas water requirement will be fulfilled through Narmada Canal, Rain Water storage from mines and Recycled water for dust suppression, beneficiation process, green belt suppression for project. Total water requirement is about 50 KLD. Narmada Canal, Rain Water storage from mines and Recycled water shall be used for dust suppression, beneficiation process, green belt suppression for project.
- iv. There is no effluent let out from the Beneficiation Plant. Water from the Thickener & CVDF & Pressure Filter is also reclaimed and Recirculation water in the process. The underflow from solid waste thickener conveyed to filter press. The filtrate and overflow from thickeners, taken directly into recycling water system, then the same are conveyed to beneficiation plant.

Process water requirement: 1167 M<sup>3</sup>/hr

Water consumption/loss in the process : 46.0 M<sup>3</sup>/hr

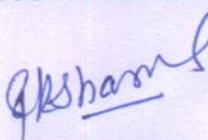

Recycled water : 1121 M<sup>3</sup>/hr

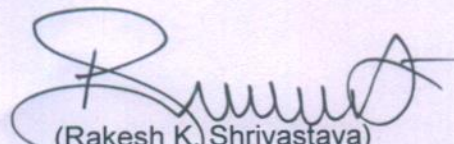

The overall consumption is 0.23 m<sup>3</sup>/ tone.

Therefore, water requirement for the whole plant is 46 M<sup>3</sup>/hr. Assuming 10 % losses in the handling

- v. No construction or sewage waste is expected from the plant process. However the domestic waste from the toilets has been given treatment through septic tank and soaks pit arrangement. Industrial waste management: It is proposed to minimize the solid wastes in a rational manner, raising the rates of reuse and recycling, and reducing the quantity of tails.
- vi. During the process of iron ore beneficiation, part of the feed material is not usable. This part is called tail, which must be disposed of safely in order to ensure that the industrial waste is not discharged in to the water bodies. For this purpose, tailing thickener & pressure filter shall be considered accordingly, the objective of containing the tailings generated by the production process, thus preventing impact on other areas. In the Thickener & Pressure filter the tails get

  
(B. Vijay Datta)  
Member Secretary

  
(R.K. Sharma)  
Member

  
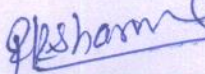

(Rakesh K. Shrivastava)  
Chairman

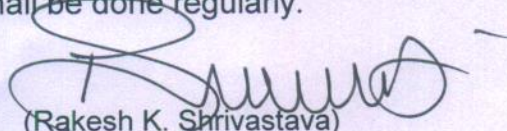

separated out & the water from tailing is re circulated to the Beneficiation Plant thus reducing the need of fresh water.

- vii. From beneficiation plant, tailing shall be generated 3,16,000 TPA on dry basis with 15% moisture. About 1167 M<sup>3</sup>/hr process water is required for treating 200 TPH of feed out of which 1121 m<sup>3</sup>/hr can be recycled. The solid tailings to be used for Bricks manufacturing, land filling/ filling up of abandoned mines. Thus, comprehensive utilization of iron ore tailings and water will be efficient, economical, socially beneficial to improve environment. 22 Area required for filling tailing: Solid waste from the beneficiation process is ideally suitable for bricks, tiles & blocks making and would be marketed to local brick make.
- viii. The power requirement for the project has been met through MP State Electricity Board, which is available at near village. Connecting load 4.4 MVA Continues load 2.2 MVA and Per ton power consumption 18.3 Kwh Per day power consumption 26400 kw.
- ix. During the process of iron ore beneficiation, part of the feed material is not usable. This part is called tail, which must be disposed of safely in order to ensure that the industrial waste is not discharged in to the water bodies. For this purpose, tailing thickener & pressure filter shall be considered accordingly, the objective of containing the tailings generated by the production process, thus preventing impact on other areas. In the Thickener & Pressure filter the tails get separated out & the water from tailing is re circulated to the Beneficiation Plant thus reducing the need of fresh water.
- x. The solid tailings to be used for Bricks manufacturing, land filling/ filling up of abandoned mines. Thus, comprehensive utilization of iron ore tailings and water will be efficient, economical, socially beneficial to improve environment.
- xi. For the control of air pollution following measures will be adopted:-
  - Water sprinkling system and bag filter will be provided at the crushing system. The same arrangement shall be maintained all the time.
  - Transportation of raw material is done through covered conveyor to prevent fugitive emission.
  - Greenbelt shall be developed 5 m all around the periphery of the plant to arrest the fugitive emissions.
  - Preventive maintenance of valves, flanges, joints, roof vents of storage vessels in practice. The fugitive dust emissions is controlled by installation of closed conveyor system along with suitable dust suppression measures:
  - In order to control the fugitive dust emissions due to transportation activity, major roads within the plant area has been asphalted. The road nearby the fly ash silo shall also be asphalted.
  - Storage area shall be clearly earmarked. Conveyors shall be provided with conveyor cover.
  - Maintenance of air pollution control equipment shall be done regularly.

  
(B. Vijay Datta)  
Member Secretary

  
(R.K. Sharma)  
Member

  
(Rakesh K. Shrivastava)  
Chairman

- Regular training shall be given to the personnel operating and maintaining fugitive emissions control systems
  - All transfer point locations will be fully enclosed.
  - Atomized water spraying system will be provided on raw material unloading hoppers.
  - Water Spray on roads and other areas by mobile tanker/water sprinklers.
  - All the Roads inside the plant premises are being concreted.
- xii. Total land in possession is 30 acres and has been diverted for industrial purposes. . The beneficiation plant covers 1.6 acres whereas 10 acres of land is earmarked for green belt. PP has proposed total 10 acres will be covered with the good green belt and 10,500 trees will be planted.
- xiii. PP has proposed physical targets based on public hearing under Corporate Environment Responsibility (CER).

**Commitment towards public hearing Issue in terms of Physical Target**

Total 100 man power will be required for the project. Employment Opportunity to local people shall be made available and total 90% of the of the total requirement shall be from nearby villages/Town.

Development aspect in terms of provision of infrastructure, Skill development programme, Jal Jiven Plan etc shall be executed. The details are as Follows :

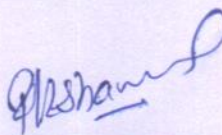

- a. Facilitating self-employment skill generation vocational training programmes for creating better self employment ventures through inducing skill among the youths as per the requirements of the beneficiation plants of area and mining project ( 10 youth every year)
- b. Infrastructure facilities at schools of nearby villages in terms of provision of computers, teachers, facility of safe drinking water, separate toilets for girls and boys, provision of furniture, additional rooms for school Jhiti , Muhari and Bijayan
- c. execution of plumbing network for implementation of Jal Jivan Scheme either to villagers houses or at school in at Jhiti , Muhari and Bijayan and Aganwadi etc. in consultation with the local administration.
- d. Development of plantation with 500 no at common place /school/panchayat bhawan of village – Jhiti

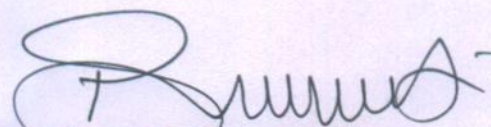

The submissions made by the PP were found to be satisfactory and acceptable hence it is decided to accept the recommendations of 484<sup>th</sup> SEAC meeting dated 24.02.2021 with special conditions and accord Prior Environment Clearance for proposed Iron Ore beneficiation plant at Khasra No. 449, 451, 442, 443, 444, 448, 450, 453, 432, 434, 437, 438, 441, 445 & 452 Village - Jhiti Tahsil Sihora; District – Jabalpur (MP) Total Area: 30 acres Production Capacity : 4,80,000 Ton per Year Iron Ore Concentrate Final Product by Director M/S GEOMIN IRON MANUFACTURING PRIVATE LIMITED Yash Tower, Pathak Ward, Katni MP 483501 subject to following specific conditions imposed by SEIAA.

1. PP should ensure to construct 130m x 90m area around 0.3 acre inside the plant, for raw material storage around 250000 MT Iron Ore.

  
(B. Vijay Datta)

Member Secretary

  
(R.K. Sharma)

(Rakesh K. Shrivastava)  
Chairman

2. Garland drain surrounding the raw material storage area has to be constructed which shall be connected to the treatment plant. Efforts shall be made to make use of the rain water harvested.
3. Tailings generated from the process shall be used for brick manufacturing / building material as far as possible. Storing / dumping of this waste should be avoided. However, if stored or dumped, in abundant mine pit the ground water monitoring of the area has to be carried out periodically in consultation with MPPCB.
4. Dense green area (not less than 33% of the total plot area) shall be developed all around the site especially in the predominant wind direction.
5. Occupational health check-up camps shall be organized regularly and records of health of each and every worker should be maintained at site.
6. National Ambient Air Quality Standard issued by the Ministry vide GSR No. 826 (E) dated 16.11.2009 shall be followed.
7. Secondary fugitive emissions from all sources shall be controlled within latest permission limits issued by the Ministry and regularly monitored. Guidelines / Code or practice issued by CPCB shall be followed.
8. Regular monitoring of influent and effluents surface, sub-surface and ground water shall be ensured and treated waste water shall be re-cycled in the process. Leachate study for effluent generated & analyses should also be regularly carried out and report submitted to ministry and MPPCB.
9. Risk & Disaster Management Plan along with the mitigation measures should be prepared and copy shall be submitted to Ministry of Environment & Forests, Gol & MPPCB.
10. PP has proposed physical targets based on public hearing under Corporate Environment Responsibility (CER).

**Commitment towards public hearing Issue in terms of Physical Target**

Total 100 man power will be required for the project. Employment Opportunity to local people shall be made available and total 90% of the of the total requirement shall be from nearby villages/Town.

Development aspect in terms of provision of infrastructure, Skill development programme, Jal Jiven Plan etc shall be executed. The details are as Follows :

- a. Facilitating self-employment skill generation vocational training programmes for creating better self employment ventures through inducing skill among the youths as per the requirements of the beneficiation plants of area and mining project ( 10 youth every year)

3. **Case No 8196/2021**, Prior Environment Clearance for Construction of Commercial Complex "TR UNITY ONE" (Total Permissible Built-up Area = 10489 sqm, Proposed Built-up Area = 7844.14 sqm) at Piplyarao, Dist. Indore, (MP) by M/s T.R.Constructions, Shri Bhaskar Takhtani, 402, Fortune Ambience, 4/2, South Tukoganj, Gali No. 5, Dist. Indore, MP - 452001

This case was recommended in 484<sup>th</sup> SEAC Meeting dated 24.02.21 and PP was called for presentation but PP could not present in the meeting for presentation hence, case is deferred for upcoming SEIAA meeting

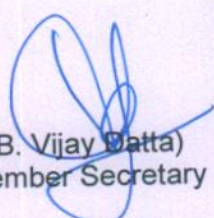

4. **Case No 8213/2021** Prior Environment Clearance for Khodu- Bharu Sand Quarry (opencast manual method) in an area of 4.0 ha. for production capacity of 2000 cum per annum at Khasra No. 45/2/K at Village - Nagjhiri, Tehsil - Dharampuri, Dist. Dhar (MP) by Shri Virendra Singh Jadoun, E-7/M-708, Arera Colony, Dist. Bhopal, MP

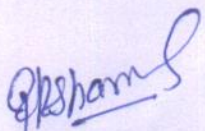

This case was recommended in 484<sup>th</sup> SEAC meeting dated 24.02.21 and it was recorded that.....

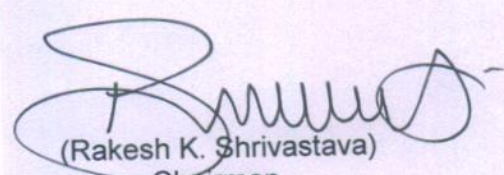

*".....PP has submitted the response of above quarries same date vide letter dated 24.02.2021, which was placed before the committee and the same found satisfactory. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'C':*

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 484<sup>th</sup> SEAC meeting dated 24.02.21, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity as recommended by SEAC.
- III. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
- IV. The entire lease area should be properly fenced and boundary stones marked at the site.
- V. PP shall ensure compliance of the direction and provision made for sand mining methodology up to 5 ha. lease area as per the Notification 30.08.2019 issued by MP Mineral Resource Department, GoMP.
- VI. PP shall ensure no cutting of any existing trees within the lease area.
- VII. PP shall ensure no mining shall be carried out within Narmada River.
- VIII. The depth of the pit shall be as per Approved Mining Plan.
- IX. No transportation shall be permitted within the village.

  
(B. Vijay Datta)  
Member Secretary

  
(R.K. Sharma)

- X. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- XI. Total 6000 saplings of suitable tree species i.e. Peepal, Belpatra, Jamun, Paras-Pipal, Munga, Bargad, Neem, Pipal Mango, Arjun etc. shall be planted by PP in first year under plantation programme at River Ban and Khasra No. 5 in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- XII. Over loading will be strictly prohibited.
- XIII. Water sprinkling will be done on the approach road on the regular basis.
- XIV. PP must ensure the implementation of following CER as committed :
- ❖ Upgradation & whitewash of Govt. Primary school building of Nagjhiri.
  - ❖ Construction of a new toilet of Govt. Primary school building of Nagjhiri

**PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.**

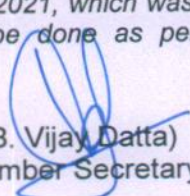

- XV. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

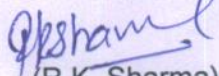

**Hence, Prior Environmental Clearance is granted for Khodu- Bharu Sand Quarry (opencast manual method) in an area of 4.0 ha. for production capacity of 2000 cum per annum at Khasra No. 45/2/K at Village - Nagjhiri, Tehsil - Dharampuri, Dist. Dhar (MP) for the lease period to Shri Virendra Singh Jadoun, E-7/M-708, Arera Colony, Dist. Bhopal, MP.**

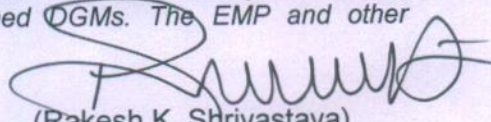

5. **Case No 8214/2021** Prior Environment Clearance for Khodu- Bharu Sand Quarry (opencast manual method) in an area of 4.0 ha. for production capacity of 2000 cum per annum at Khasra No. 118/2 at Village - Shahpura, Tehsil - Dharampuri, Dist. Dhar (MP) by Shri Virendra Singh Jadoun, E-7/M-708, Arera Colony, Dist. Bhopal, MP

This case was recommended in 484th SEAC meeting dated 24.02.21 and it was recorded that.....

## Minutes of the 664<sup>th</sup> Meeting of SEIAA dated 05.03.2021

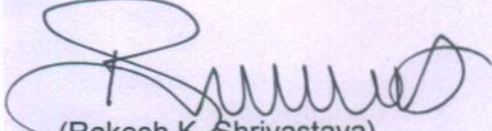

*submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'C':*

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 484<sup>th</sup> SEAC meeting dated 24.02.21, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. PP shall not start mining activity before execution of lease agreement.
- II. The production capacity shall be limited to the quantity as recommended by SEAC.
- III. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
- IV. The entire lease area should be properly fenced and boundary stones marked at the site.
- V. PP shall ensure compliance of the direction and provision made for sand mining methodology up to 5 ha. lease area as per the Notification 30.08.2019 issued by MP Mineral Resource Department, GoMP.
- VI. PP shall ensure no cutting of any existing trees within the lease area.
- VII. PP shall ensure no mining shall be carried out within Narmada River.
- VIII. PP shall ensure from natural drain to lease boundary in the southern side shall be dealt as no- mining area.
- IX. The depth of the pit shall be as per Approved Mining Plan.
- X. No transportation shall be permitted within the village.
- XI. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- XII. Total 6000 saplings of suitable tree species i.e. Munga, Paras-Pipal, Bargad , Neem, Arjun, Belpatra, Pipal Mango, Jamun, Arjun etc. shall be planted by PP in first year under plantation programme at River Ban and Khasra No. 119 in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- XIII. Over loading will be strictly prohibited.
- XIV. Water sprinkling will be done on the approach road on the regular basis.
- XV. PP must ensure the implementation of following CER as committed :
  - ❖ Upgradation of the village Anganwadi Kendra building of Shahpura village.

  
(B. Vijay Datta)  
Member Secretary

  
(R.K. Sharma)  
Member

  
(Rakesh K. Shrivastava)

- ❖ Distribution of stationary items & installation of blackboard in Anganwadi Kendra of Shahpura village.

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XVI. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Khodu- Bharu Sand Quarry (opencast manual method) in an area of 4.0 ha. for production capacity of 2000 cum per annum at Khasra No. 118/2 at Village - Shahpura, Tehsil - Dharampuri, Dist. Dhar (MP) for the lease period to Shri Virendra Singh Jadoun, E-7/M-708, Arera Colony, Dist. Bhopal, MP.

6. Case No 8215/2021 Prior Environment Clearance for Sand Quarry (opencast manual method) in an area of 0.610 ha. for production capacity of 2848 cum per annum at Khasra No. 66 at Village - Budhgaon, Tehsil - Bajag, Dist. Dindori (MP) by M/s K.P. Singh Bhadoria Contractor, Authorized Person, Shri Chandrakant Gunjal, E-46, Balwant Nagar, Thatipur, Dist. Gwalior, MP,

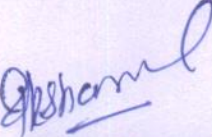

This case was recommended in 484<sup>th</sup> SEAC meeting dated 24.02.21 and it was recorded that.....

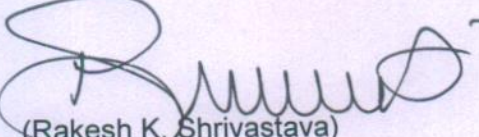

*".....PP has submitted the response of above quarries same date vide letter dated 24.02.2021, which was placed before the committee and the same found satisfactory. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':*

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 484<sup>th</sup> SEAC meeting dated 24.02.21, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Sand Quarry (opencast manual method) in an area of 0.610 ha. for production capacity of 2848 cum per annum at Khasra No. 66 at Village - Budhgaon, Tehsil - Bajag, Dist. Dindori (MP) for the lease period to M/s K.P, Singh Bhadoria Contractor, Authorized Person, Shri Chandrakant Gunjal, E-46, Balwant Nagar, Thatipur, Dist. Gwalior, MP.

7. **Case No. 8219/2021** :: Prior Environmental Clearance for Sand Quarry in an area of 4.750 ha. for production capacity of 71250 cum per annum at Khasra No. 127 at Village - Simra Bahadur, Tehsil - Pawai, Dist. Panna (MP) by Shri Rasmeet Singh Malhotra, R/o Near Alka Talkies, Nehru Ward, Pipariya, Dist. Hoshangabad, MP – 461775.

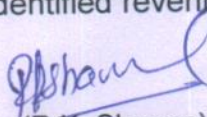

This case was recommended in 484<sup>th</sup> SEAC dated 24/2/2021 it was recorded that.....

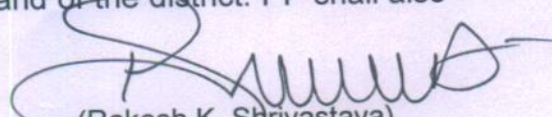

*"The case was presented by the PP and their consultant. During presentation it was observed that river sand mine on the Ken River and the part of the lease is submerged in the water for which PP submitted that they have already left submerged as non – mining area in the approved mine plan. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':*

PP/Consultant made a presentation on all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 484<sup>th</sup> SEAC dated 24/2/2021 presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- i. PP shall not start mining activity before execution of lease agreement.
- ii. The production capacity shall be limited to the quantity as recommended by SEAC.
- iii. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
- iv. The entire lease area should be properly fenced and boundary stones marked at the site.
- v. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
- vi. The depth of the pit shall be as per Approved Mining Plan.
- vii. No transportation shall be permitted within the village.
- viii. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
- ix. Total 7125 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Gulmohar Amla etc. shall be planted in Khasra No. 1 of Tehsil - Pawai, Dist. Panna MP by PP in three year under plantation programme in consultation with DM at identified revenue land of the district. PP shall also

Chhatarpur (MP) for the lease period to M/s Tomar Infra, R/o C-99, Govindpuri, Thatipur, Dist. Gwalior, MP – 471525**

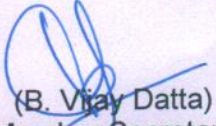

- 15. Case No 8203/2021** Prior Environment Clearance for Stone Quarry (opencast semi mechanized method) in an area of 1.30 ha. for production capacity of 10002 cum per annum at Khasra No. 38/1/2 at Village - Lanchore, Tehsil - Nasrullaganj, Dist. Sehore (MP) by M/s Radhe-Radhe Stone Crusher, Prop. Shri Vijar Maheshwari, R/o Village - Ladkuri, Tehsil - Nasrullaganj, Dist. Sehore, MP - 466331

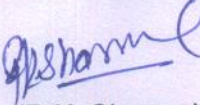

This case was recommended in 485<sup>th</sup> SEAC meeting dated 25.02.21 and it was recorded that.....

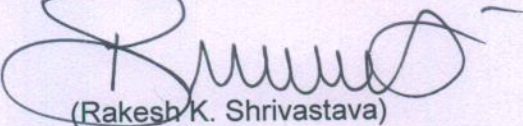

*..... PP has submitted the response of above quarries same date vide letter dated 25.02.2021, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':*

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 485<sup>th</sup> SEAC meeting dated 25.02.21, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary.
- V. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table, approval of the Central Ground Water Board shall be obtained.
- VI. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP.
- VII. Before commencing the mining activity, site demarcation should be done leaving 50 m. from pucca road towards southern-eastern side as a "no mining

(Rakesh K. Shrivastava)  
Chairman

zone". The demarcation should be done by the Revenue Officials in the presence of Mining Officer, Sehore.

- VIII. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- IX. Total 3000 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Gulmohar, Sissoo, Amla, Imli, Amaltas, Munga, Banyan etc. shall be planted by PP in first three years under plantation programme in barrier zone, no mining area and khasra no. 38/1/2 in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- X. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XI. PP must ensure implementation of the following activities under CER as committed:
- ❖ Whitewash and provide furnitures in Govt. primary school building, Lanchore village.
  - ❖ Repairing of terrace of Govt. Primary school of Panchor village.
  - ❖ Development of Grazing land

**PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.**

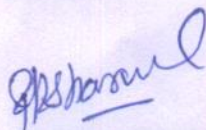

- XII. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

**Hence, Prior Environmental Clearance is granted for Stone Quarry (opencast semi mechanized method) in an area of 1.30 ha. for production capacity of 10002 cum per annum at Khasra No. 38/1/2 at Village - Lanchore, Tehsil - Nasrullaganj, Dist. Sehore (MP) for the lease period to M/s Radhe-Radhe Stone Crusher, Prop. Shri Vijar Maheshwari, R/o Village - Ladkuri, Tehsil - Nasrullaganj, Dist. Sehore, MP - 466331.**

## Minutes of the 664<sup>th</sup> Meeting of SEIAA dated 05.03.2021

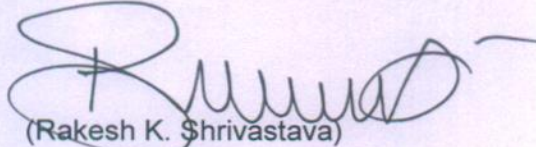

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 484<sup>th</sup> SEAC meeting dated 24.02.21, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary and towards the natural drain passing nearby lease area.
- V. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table, approval of the Central Ground Water Board shall be obtained.
- VI. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP.
- VII. Before commencing the mining activity, site demarcation should be done leaving 50 m. from natural drain towards north-east corner side as a "no mining zone". The demarcation should be done by the Revenue Officials in the presence of Mining Officer, Shajapur.
- VIII. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- IX. Total 3000 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Gulmohar, Sissoo, Amla, Imli, Amaltas, Munga, Banyan etc. shall be planted by PP in first three years under plantation programme in barrier zone, no mining area and khasra no. 1140 in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- X. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XI. PP must ensure implementation of the following activities under CER as committed:

❖ To provide furniture's for Govt. Middle School of Makhawad village

  
(B. Vijay Datta)  
Member Secretary

  
(R.K. Sharma)  
Member

  
(Rakesh K. Shrivastava)

- ❖ Construction of boundary wall in Govt. Primary school, Jhundakheda village
- ❖ Development of grazing land.

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

- XII. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Stone Quarry (opencast semi mechanized method) in an area of 2.0 ha. for production capacity of 6000 cum per annum at Khasra No. 1140 Part at Village - Makhawad, Tehsil - Gulana, Dist. Shajapur (MP) for the lease period to Shri Krishnapal Singh S/o Shri Raghuvveer Singh, R/o Village - Dastakhedi, Tehsil - Gulana, Dist. Shajapur, MP - 465223.

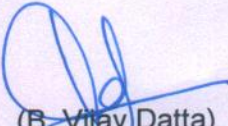

18. Case No 8235/2021 Prior Environment Clearance for Stone Quarry (opencast semi mechanized method) in an area of 1.0 ha. for production capacity of 4000 cum per annum at Khasra No. 236/2, 207/3/2 Part at Village - Narayangarh, Tehsil - Pachore, Dist. Rajgarh (MP) by Smt. Inder Bai W/o Shri Jagannath Yadav, R/o, Village - Narayangarh, Tehsil - Pachore, Dist. Rajgarh, MP – 465683

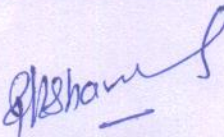

This case was recommended in 486<sup>th</sup> SEAC meeting dated 26.02.21 and it was recorded that.....

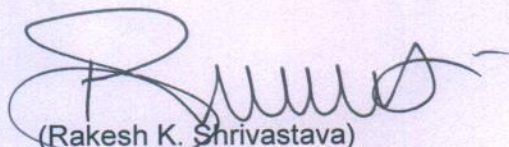

..... The case was presented by the PP and their consultant wherein during appraisal it was submitted by PP that it's a case of stone mining. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. *permission under Regulation 106 (2) (b) of "THE METALLIFEROUS MINES REGULATIONS, 1961", before deploying any HEMM, carrying deep hole drilling and blasting and maintain height of the bench. Hence issues related to depth restrictions and safety shall be looked after by the competent authority notified under the relevant Acts & Rules. Committee further recommends that if SEIAA intends to regulate such issues like depth restriction, slope etc, suitable guidelines shall be framed so that similarity can be maintained in all such cases appraised by SEAC and SEIAA in future as at present no such guidelines are available for appraisal and comments by SEAC. In the meantime committee standby its earlier recommendations made in 394<sup>th</sup> SEAC meeting dated 31/08/19.*

Since PP has submitted commitment for maintenance and repair of PMGSY road with estimated cost and revised CER information vide letter dated nil received in SEIAA Office dated 30.09.2020 with a request to relist the case in response to query in 575<sup>th</sup> SEIAA meeting dated 10.10.2019 hence it has been decided to relist the case. PP/Consultant made a presentation on all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 485<sup>th</sup> SEAC dated 25/2/2021 presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall demarcate a barrier zone of 7.5 m as no mining zone in the periphery of mining lease area and develop a green belt. Three row plantations shall be carried out in the greenbelt area in current year with proper watering arrangement.
- III. PP shall not start mining activity before execution of lease agreement.
- IV. The depth of the pit shall be as per the Approved Mining Plan.
- V. PP shall ensure three rows plantation will be carried out towards the settlement site.
- VI. Total 5000 saplings of suitable tree species i.e. Neem, Pipal, Sissoo, Bargad, Amaltas, Khirni, Mango, Guava, Bamboo, Imli etc. shall be planted by PP in first three years under plantation programme at Khasra No. 11, 33, 34 and 55 of Ghosipur village and barrier zone in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- VII. PP shall ensure to construct pakka approach road and maintained it. Plantation will be carried out on both side of the approach road.
- VIII. Payments of wages to the workers shall be done in consonance with the provisions in the labour laws.
- IX. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- X. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XI. PP must ensure implementation of the following activities under CER :-

  
(B. Vijay Datta)  
Member Secretary

  
(R.K. Sharma)  
Member

  
(Rakesh K. Shrivastava)  
Chairman

- ❖ Drainage system maintenance in Chak Shivrajpur village
- ❖ Construction of WBM road from village to Gauhani village
- ❖ Bore well in Maheba village
- ❖ Maintenance and repair of PMGSY road
- ❖ Maintenance of Gram Panchayat building in Ghosipur village

**PP shall give preference to develop/provide infrastructural facilities in schools or aganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.**

- XII. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, GoI, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA..

**Hence, Prior Environmental Clearance is granted for Stone Quarry (Opencast Semi Mechanized Method) in an area of 5.0 ha for production capacity of 299965 cum per annum at Khasra No. 38 at Village - Ghosipur, Tehsil - Gaurihar, Dist. Chhatarpur (MP) for the lease period to M/s Denine Granites, Village - Ghosipur, Tehsil - Gaurihar, Dist. Chhatarpur, MP – 471516**

- 20. Case No 8206/2021** Prior Environment Clearance for Stone Quarry (opencast semi mechanized method) in an area of 4.0 ha. for production capacity of 50000 cum per annum at Khasra No. 488/21 at Village - Jahoor, Tehsil - Rajpur, Dist. Badwani (MP) by Shri Vijay Yadav S/o Shri Prakashchandra Yadav, Village - Julwaniya, Tehsil - Rajpur, Dist. Badwadi, MP – 451449

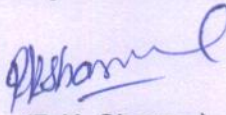

This case was recommended in 484<sup>th</sup> SEAC meeting dated 24.02.21 and it was recorded that.....

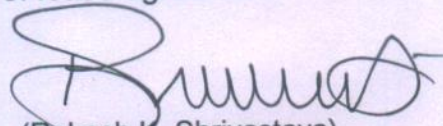

*..... PP has submitted the response of above quarries same date vide letter dated 24.02.2021, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':*

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 484<sup>th</sup> SEAC meeting dated 24.02.21, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.

## Minutes of the 664<sup>th</sup> Meeting of SEIAA dated 05.03.2021

*found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':*

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 485<sup>th</sup> SEAC meeting dated 25.02.21, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. PP shall not start mining activity before execution of lease agreement.
- III. The depth of the pit shall be as per the Approved Mining Plan.
- IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary.
- V. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table, approval of the Central Ground Water Board shall be obtained.
- VI. PP shall ensure to construct garland drain with settling tank all around the lease area and regular cleaning & maintenance shall also be carried out by PP.
- VII. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.
- VIII. Total 1500 saplings of suitable tree species i.e. Peepal, Karanj, Neem, Saptparni, Gulmohar, Bargad, Khirni, Mango, Kalasiris, Amla, Imli etc. shall be planted by PP in first three years under plantation programme in barrier zone, no mining area and khasra no. 12 in consultation with Gram Panchayat/ District Administration. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.
- IX. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- X. PP must ensure implementation of the following activities under CER as committed:
  - ❖ Construction of boundary wall in govt. middle school at village Mahodiya.
  - ❖ To provide 20 sets of Tables and Steel Chairs in Govt Middle School at village Mahodiya.

PP shall ensure contribution of funds on behalf of village under Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

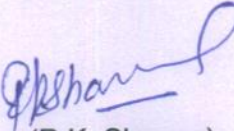

- XI. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

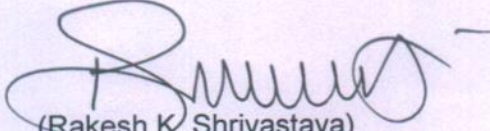

Hence, Prior Environmental Clearance is granted for Stone Quarry (opencast semi mechanized method) in an area of 1.0 ha. for production capacity of 9114 cum per annum at Khasra No. 265/6 at Village - Mahoddiyaa, Tehsil - Sehore, Dist. Sehore (MP) for the lease period to Shri Rajendra Singh Chouhan S/o Shri Gopal Singh Chouhan, Mahaveer Marg, Chhavani, Tehsil & Dist. Sehore, MP - 466001.

**25. Case No 8241/2021** Prior Environment Clearance for **Limestone Mines (opencast fully mechanized method)** in an area 89.234 ha. for production capacity of Limestone – 0.50 Million TPA, Soil 09.042 Million TPA, OB – 0.36 Million TPA at Khasra Nos. as per lease order at Village – Jamuna, Tehsil – Rampur-Baghelan, Distt. Satna (M.P.) by M/s Dalmia Cement Bharat Ltd., 11th & 12th Floors, Hansalaya Buidling, 15 Barakhamba Road, New Delhi – 11001

- (1) This is a project pertaining to mining of Limestone Mine in MLA of 89.234 ha. The activity is mentioned at S.No. 1 (a) of the Schedule of EIA Notification 2006 as amended from time to time. The project is reported to be at a distance of more than 10 km from National Park /Biosphere Reserve etc. thus it is not attracted by the general conditions by virtue of its location and mining lease area. There is no forest boundary in less than 250 m distance from the ML area. The case was forwarded by SEIAA to SEAC for appraisal of EIA for environmental clearance for the project. It was submitted that this is a proposed mine having valid lease period for 50 years with production capacity of Limestone – 0.50 Million TPA, Soil 09.042 Million TPA, OB – 0.36 Million TPA.
- (2) The lease was granted for period of 50 years and the lease area comes under govt. land and agriculture land over an area of 89.234 Ha. This is a case of existing mining lease. The Mining Plan with progressive mine closure plan has been approved by IBM Vide Letter No. - MP/Satna/Limestone/MPLN/G-04/14-15/0724 dated 26.09.2014.
- (3) SEAC in its 482<sup>nd</sup> meeting dtd 17.02.2021 has recommended the case with 35 special conditions for issuance of EC.

  
(B. Vijay Datta)  
Member Secretary

  
(R.K. Sharma)  
Member

  
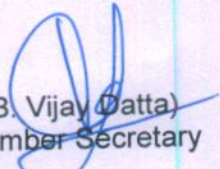

(Rakesh K. Shrivastava)  
Chairman

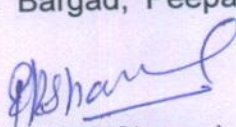

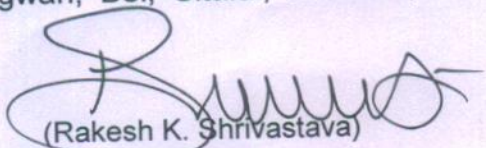

- (4) It was noted that as per DFO L.No. 1946 Satna, dtd. 15.12.2021, there are no any National Park, Sanctuary, Biosphere Reserve and ESZ is located within 10 Km. radius from the mining site. Hence, the General Conditions are not attracted.
- (5) PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail.
- (1) It was noted that the water requirement is 75 KLD (60 KLD Dust Suppression + 5 KLD Green Belt + 10 KLD Drinking/Domestic purpose) which shall be met from ground water or local authority and after development of Mine pit DCBL, will augment the mine pit rain water.
- (6) The proposed plantation programme was examined and it was found that 137900 saplings of tree species covering an area of 59.334 ha shall be planted during the lease period.
- (7) It was also noted that the Public Hearing was carried out on 28.10.2020 at Govt. High School Village - Jamuna, Tehsil - Rampur Baghelan, Dist. - Satna (MP) under the Chairmanship of Upper Collector District Satna.

**After detailed discussions and perusal of recommendations of 482<sup>nd</sup> SEAC meeting dtd 17.02.2021, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:**

- I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.
- II. Before commencing mining operation PP shall ensure to obtain written consent of private land owners as per the provision of the govt. rules & regulations.
- III. Lease agreement shall be carried out before execution of mining operation.
- IV. Plantation programme as mentioned in EIA/EMP and presented during presentation in SEIAA & SEAC shall be followed in content and spirit.
- V. PP shall demarcate a barrier zone of 7.5 m as no mining zone in the periphery of mining lease area and develop a green belt. Three rows plantation shall be carried out in the greenbelt area in current year with proper watering arrangement.
- VI. PP shall ensure that existing 150 no. of trees shall not be uprooted without obtaining necessary permission from Forest Department as per the norms of compensatory plantation.
- VII. PP shall ensure to protect the local plants & wild life species pertaining to conservation of biodiversity of the area and maintain it in consultation with officials of the Forest Departments.
- VIII. PP will plant 3 years old 137900 saplings of suitable tree species i.e. Neem, Chikoo, Mango, Bargad, Peepal, Sagwan, Bel, Sitafal, Karunda,

Nebu, Amla, Janun, Ber etc. will be planted along the backfilled area, periphery of lease area, haul roads and identified revenue land of the district in consultation with DM/ Gram Panchayat. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.

- IX. The mining operation shall be restricted to above ground water table and in no case it should intersect the ground water table. In case of working below the ground water table, approval of the Central Ground Water Board shall be obtained.
- X. The overburden and waste will be stacked within ML area and simultaneously backfilled in the mined out area where plantation will be raised on it.
- XI. PP shall ensure that waste material shall not be stacked long time in ML area.
- XII. No overburden will be dumped outside the mine lease area.
- XIII. Regular water quality monitoring shall be carried out by PP before discharging it into the nearby agriculture fields from authorized laboratory in consultation with Regional Officer, MPPCB. Regular air and noise quality monitoring shall also be carried out from authorized laboratory in consultation with Regional Officer, MPPCB at regular interval.
- XIV. PP shall ensure the generation of employment opportunities nearby Village on priority basis.
- XV. Payments of wages to the workers shall be done in consonance with the provisions in the labour laws.
- XVI. Proper infrastructure with shelter, drinking water, toilet and first-aid facilities shall be provided for the laborers. A provision should be made to construct a pakka rest shelter along with toilet and drinking water facility.
- XVII. PP should also carry out regular sprinkling in the mining lease area to arrest dust emission from mining activities affecting the nearby agriculture fields.
- XVIII. Mining shall be limited to the area as shown in surface plan and as per the approved mining scheme.
- XIX. PP shall ensure the proper water supply arrangements for plantation especially in summer season.
- XX. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.
- XXI. PP must ensure for implementation of compliance of the commitment made in Public Hearing and in addition to this following activities with separate budget provision under CER as committed.

- 26. Case No. 3719/2015** Prior Environment Clearance for approval of Sand Quarry in an area of 22.50 ha. (5,62,500 cum/year) at Khasra no.-1, Village-Maroda, Tehsil-Itarsi, District-Hoshangabad (MP) by M/S R.K. Transport & Construction Ltd., 65-A Transport Nagar Korba Distt. Korba (CG).

The case was discussed in 484th SEAC meeting dated 24.02.21 and it was recorded that

*"-----As per the policy decision of 654<sup>th</sup> SEIAA meeting dtd. 28/01/2021. It has been observed that multiple cases which were granted EC transfers as per the prevailing mining plan have now requested for consideration of revised mining plan approved by competent authority*

*SEIAA recommends these cases to SEAC for examination as per prevailing rules and guidelines. The case was scheduled for the presentation but neither the Project Proponent (PP) nor his representative was present to explain the query which might be raised or to make any commitment which may be desired by the committee during the deliberation.*

*However, during scrutiny of case file it was observed by the committee that in this case PP has not applied in form-4 "Application for amendment in Environmental Clearance", as per provisions made by MoEF&CC through OM F. No. 22-1/2019-IA. III dated 11/06/2019 and sent by SEIAA, MP for necessary compliance by Endt. Letter no. 1217/SEIAA/2019 dated 20/06/2019. Thus after deliberations committee decided that the case file may be sent back to SEIAA for onward necessary action as per above referred OMs.*

**As per above observation of SEAC, it has been decided to ask PP to apply online on PARIVESH in form-4 "Application for amendment in Environmental Clearance" as per provisions made by MoEF&CC through OM F. No. 22-1/2019-IA. III dated 11/06/2019**

- 27. Case No. 3549/2015** Prior Environment Clearance for approval of Sand Quarry in an area of 11.655 ha. (1,16,500 cum/year) at Khasra No.-365, Vill.-Mehraghat, Teh.-Hoshangabad, District-Hoshangabad (MP) by R.K. Transpor & Construction Ltd., 65-A Transport Nagar Korba Distt. Korba (CG).

The case was discussed in 484th SEAC meeting dated 24.02.21 and it was recorded that

*As per the policy decision of 654<sup>th</sup> SEIAA meeting dtd. 28/01/2021"..... It has been observed that multiple cases which were granted EC transfers as per the prevailing mining plan have now requested for consideration of revised mining plan approved by competent authority. **35. Case No 7434/2020** M/s R.K.Gupta Contractors and Engineers Pvt. Ltd, Authorized Person, Shri Rajendra Kumar Gupta, B-72, Shahpura, Dist. Bhopal, MP - 451228 Prior Environment Clearance for Khodu Bharu Sand Quarry in an area of 4.0 ha. (30000 cum per annum) (Khasra No. 3/2), Village - Malgaon, Tehsil - Kasrawad, Dist. Khargone (MP)

This case was recommended in 484th SEAC meeting dated 24.02.21 and it was recorded that.....

".....The case was presented by the PP and their consultant wherein it was submitted by PP that this case was discussed in the 452nd SEAC meeting dated 27/08/20 wherein SEAC has recommended for grant of EC for production of Sand as per mine plan with quantity not exceeding 30,000 cum/year. PP further submitted that approved mine plan is for semi mechanized open case method of mining (refer chapter 05) and same was presented during committee on dated 27/08/20 with details of machinery to be used for excavation and transportation which can be verified from the copy of presentation attached with the case file. Committee verified the facts from the case file and observed that submitted mine plan is for "semi mechanized open case method of mining" and PP has mentioned above facts before the committee during presentation. Committee further asked from PP whether any revised mine plan is submitted by them because SEIAA has mentioned that "It has been observed that multiple cases which were granted EC transfers as per the prevailing mining plan have now requested for consideration of revised mining plan approved by competent authority". PP submitted that they have not submitted any revised mine plan. Committee after deliberations decided that since PP has not submitted any revised mine plan, the committee standby it's following earlier recommendations made in 452nd SEAC meeting dated 27/08/20:

"The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'C':

1. Production of Sand as per mine plan with quantity not exceeding 30,000 cum/year.
2. A budgetary provision for Environmental management Plan of Rs. 15.67 Lakh as capital and Rs 4.02 Lakh as recurring cost and under CER Rs. 01.0 Lakh is proposed".

After detail discussion as per the above observation, it was noted that the Prior EC issued vide L.No. 3744/SEIAA/20 dtd. 16.10.2020 and it is decided that no any change in specific condition no. 6 as mentioned in the above Prior EC issued by SEIAA. Copy to PP.

**36. Case No 7435/2020** M/s R.K.Gupta Contractors and Engineers Pvt. Ltd, Authorized Person, Shri Rajendra Kumar Gupta, B-72, Shahpura, Dist. Bhopal, MP - 451228 Prior Environment Clearance for Khodu Bharu Sand Quarry in an area of 3.0 ha. (45000 cum per annum) (Khasra No. 4/1), Village - Makadkheda, Tehsil - Kasrawad, Dist. Khargone (MP)

This case was recommended in 484th SEAC meeting dated 24.02.21 and it was recorded that.....

".....The case was presented by the PP and their consultant wherein it was submitted by PP that this case was discussed in the 452nd SEAC meeting dated 27/08/20 wherein SEAC has recommended for grant of EC for production of Sand as per mine plan with quantity not exceeding 45,000 cum/year.
