Sub:- Prior Environmental Clearance for Group housing cum commercial complex at Khasra No.483/1, 484, 485, 486, 488, 490 village Khajuri Kala and Khasra No.156, 133 Village Hataikheda Raisen Raod Bhopal (M.P.) T. Plot Area- 86,682.94 sq.m .Case no. 40/2008

This is in reference to your application dated 04/10/07 seeking prior environmental clearance for the above project under the EIA Notification, 2006. The proposal has been appraised as per prescribed procedure in the light of the provisions under the EIA Notification, 2006 on the basis of the mandatory documents enclosed with the application viz., Form 1, 1A and misc. papers furnished to the State Expert Appraisal Committee.

It is interalia, noted that the project involves construction of Group housing cum commercial complex at Khasra No.483/1, 484, 485, 486, 488, 490 village Khajuri Kala and Khasra No.156, 133 Village Hataikheda Raisen Raod Bhopal (M.P.) T. Plot Area- 86,682.94 sq.m

The Expert Committee after due consideration of the relevant documents submitted by the project proponent, forwarded the case for grant of environmental clearance, as per the provisions of Environmental Impact Assessment Notification, 2006 and its subsequent amendments.

The State Level Environment Impact Assessment Authority considered the case in its 41st meeting held on 29/07/2010 and took the following decision.

“SEIAA while scrutinizing the documents observed that the copy of the building permission has not been submitted. Regarding water supply, the letter issued by Bhopal Municipal Corporation merely states that required water supply will not be made available to the Project Proponent currently, but as and when the Narmada water supply scheme and pipe line laying project under JNNRUM is executed, the water shall be made available.

SEIAA decided that it is not feasible to grant Prior Environmental Clearance to the above project at present date. Hence it stands rejected. However the Proponent is free to re-apply after clearing the above lacunae”.

Hence SEIAA decided to reject the case on the above ground.
