Sub:- Prior Environmental Clearance for 10 mw Biomass based power plant at village Majhguan, Teh- Garhakota, Sagar- M.P. Case no. 35/2008

This has reference to your application dated 31/03/2008 seeking prior environmental clearance for the above project under the EIA Notification, 2006. The proposal has been appraised as per prescribed procedure under the provisions under the EIA Notification, 2006 on the basis of the mandatory documents enclosed with the application form by the State Expert Appraisal Committee.

It is interalia, noted that the project involves putting up a 10 mw Biomass based power plant at village Majhguan, Teh- Garhakota, Sagar- M.P.

The Expert Committee after due consideration of the relevant documents submitted by the project proponent and additional clarifications furnished in response to its observations has recommended the case for prior environmental clearance, as per the provisions of Environmental Impact Assessment Notification, 2006 and its subsequent amendments. SEIAA considered the case in its 30th meeting held on 9th March, 2010 and took the following decision:-

“It was decided in the 28th SEIAA that the project proponent should be asked to furnish a declaration regarding the type and quantum of auxiliary fuel proposed to be used in the above project.

Project proponent submitted a reply stating that it is proposed to use C/D grade coal as auxiliary fuel limited to 15% of the total fuel and such projects are exempted from prior environmental clearance as per EIA notification amendment issued on S.O 3067 (E) dt 1/12/2009. Hence the Authority decided to allow the project proponent to withdraw his proposal”.

Therefore you are allowed to withdraw your proposal.
